## To the Chairperson Legal Services Commission

### Opinion

I have audited the financial report of Legal Services Commission for the financial year ended 30 June 2021.

In my opinion, the accompanying financial report has been prepared in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987, Division 60* of the *Australian Charities and Not-for-profits Commissions Act 2012*, and Australian Accounting Standards including:

- a) giving a fair and true view of the financial position of the Legal Services omission as at 30 June 2020, its financial performance and its cash flows for the year ended, and
- b) complying with Division 60 of the Australian Charities and Not-for-profits Commission Regulations 2013.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2021
- a Statement of Financial Position as at 30 June 2021
- a Statement of Changes in Equity for the year ended 30 June 2021
- a Statement of Cash Flows for the year ended 30 June 2021
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the from the Chairperson, Director and Manager, Finance.

### Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of Legal Services Commission. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Responsibilities of the Director and members of the Commission for the financial report**

The Director is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Director is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

The members of the Commission are responsible for overseeing the entity's financial reporting process.

### **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 25 of the *Legal Services Commission Act 1977*, I have audited the financial report of the Legal Services Commission for the financial year ended 30 June 2021.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

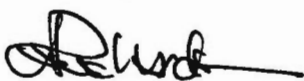

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Legal Services Commission internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Director
- conclude on the appropriateness of the Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Director and members of the Commission about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson

Dear Mr Karas

### **Auditor's independence declaration**

As you are aware the *Australian Charities and Not-for-profits Commission Act 2012* (section 60-40) requires a registered entity to obtain a written declaration each year from its auditor stating that either:

- or in the case that there have been contraventions, specific details of those contraventions need to be provided.

The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. The applicable codes of professional conduct are APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* and *Code of Ethics for the South Australian Public Sector*.

A declaration of independence for the audit of Legal Services Commission for the year ended 30 June 2021 is attached.

Yours sincerely

# 1. About the Legal Services Commission of South Australia

The Legal Services Commission of South Australia (the Commission) is a body corporate. It is capable of acquiring or incurring any rights or liabilities that may properly attach to a body corporate. It has the powers, functions and duties prescribed or imposed upon it by or under the *Legal Services Commission Act 1977* (the Act).

The Commission was established under the Act to provide or arrange for the provision of legal assistance in accordance with the Act. Under section 6(3) of the Act, the Commission is not an instrumentality of the Crown and is independent of the Government.

The financial statements and accompanying notes include all activities of the Commission.

The Commission does not control any other entity and has no interests in unconsolidated structured entities. The financial statements and accompanying notes include all the controlled activities of the Commission.

The Commission is endorsed by the Australian Taxation Office (ATO) as an income tax exempt charity and as a Public Benevolent Institution.

## 1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987* and the *Australian Charities and Not-for-Profit Commission Act 2012*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards with reduced disclosure requirements.

For the purposes of preparing the financial statements, the Commission is a not-for-profit entity. The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the ATO, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

## 1.2. Objectives

For accounting purposes, the obligations under the funding arrangements do not sit with the Commission. The total remuneration received by these employees for the year was \$2.54m (2020: \$2.62m).

The table includes all employees whose normal remuneration was equal to or greater than the base executive remuneration level during the year. Remuneration of employees reflects all costs of employment including salaries and wages, payments in lieu of leave, superannuation contributions, salary sacrifice benefits and fringe benefits and any fringe benefits tax paid or payable in respect of those benefits as well as any termination benefits for employees who have left the Commission.

#### *Targeted voluntary separation packages*

The number of employees who received a TVSP during the reporting period was nil (2020: one).

<b>Total non-current employee benefits</b>	<b>3 701</b>	<b>3 828</b>
<b>Total employee benefits</b>	<b>5 257</b>	<b>5 279</b>

Employee benefits accrue as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

#### ***Salaries and wages, annual leave, skills and experience retention leave (SERL) and sick leave***

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at the reporting date.

The annual leave liability and the SERL liability in full is expected to be payable within 12 months and is measured at the undiscounted amount expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

#### ***Long service leave***

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Details about the measurement of long service leave liability is provided at note 10.1.

#### *Accommodation*

The Commission's accommodation is provided by the Department for Infrastructure and Transport under Memoranda of Administrative Arrangement (MoAA) issued in accordance with Government-wide accommodation policies. These arrangements do not meet the definition of lease set out in AASB16. Information about accommodation incentives relating this arrangement is shown at note 7.3.

#### *Consultants*

The number of consultancies and the dollar amount paid/payable (included in supplies and services expense) to consultants fell within the following bands:

	No.	2021 \$'000	No.	2020 \$'000
Below \$10 000	1	6	2	8
\$10 000 or above	5	252	-	-

### 4.2. Depreciation and amortisation

	2021 \$'000	2020 \$'000
Plant and equipment	305	219
Accommodation and leasehold improvements	225	225
Right-of-use accommodation	74	134
Right-of-use vehicles	7	8
Intangible assets	322	60
<b>Total depreciation and amortisation</b>	<b>933</b>	<b>646</b>

All non-current assets with a limited useful life are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential.

### Useful life

Depreciation and amortisation are calculated on a straight-line basis. Property, plant and equipment and intangible assets depreciation and amortisation are calculated over the estimated useful life as follows:

<b>Class of asset</b>	<b>Useful life (years)</b>
Accommodation and leasehold improvements	5-15
Right-of-use vehicles	Lease term
Right-of-use accommodation	Lease term
Plant and equipment	
Computers	3-5
Office equipment	5-13
Furniture and fittings	5-13
Intangibles	3-8

The library collections are anticipated to have very long and indeterminate useful lives. No amount for depreciation has been recognised as their service potential has not, in any material sense, been consumed during the reporting period.

### Review of accounting estimates

Assets' residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, on an annual basis. Changes in the expected life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

### 4.3. Borrowing costs

### 5.2. Property, plant and equipment owned by the Commission

Property, plant and equipment owned by the Commission with a value equal to or in excess of \$5 000 is capitalised, otherwise it is expensed. Property, plant and equipment owned by the Commission is recorded at fair value. Details about the Commission's approach to fair value are set out in note 10.2.

#### *Impairment*

Property, plant and equipment owned by the Commission have not been assessed for impairment as they are non-cash generating assets that are specialised in nature and held for continual use of their service capacity.

### 5.3. Property, plant and equipment leased by the Commission

Right-of-use assets for property, plant and equipment leased by the Commission as lessee are measured at cost.

Short-term leases of 12 months or less and low-value leases, where the underlying asset value is less than \$15 000, are not recognised as right-of-use assets. The associated lease payments are recognised as an expense and are disclosed in note 4.1.

The Commission has a limited number of leases:

- Two motor vehicle leases with the South Australian Government Financing Authority (SAFA). Motor vehicle leases are non-cancellable, with rental payments monthly in arrears. Motor vehicle lease terms can range from 3 years (60,000km) up to 5 years (100,000km). No variable lease payments are provided for in the lease agreements and no option exist to renew the leases at the end of their term.

The lease liabilities related to the right-of-use assets are disclosed in note 7.2. The Commission's maturity analysis of its lease liabilities is disclosed in note 10.3. Expenses related to leases, including depreciation and interest expenses, are disclosed in note 4. Cash out flows related to leases are disclosed in note 8.2.

#### Impairment

Property, plant and equipment leased by the Commission has been assessed for impairment. There was no indication of impairment. No impairment loss or reversal of impairment loss was recognised.

### 5.4. Intangible assets

Computer software	3 535	3 133
Accumulated amortisation	(1 985)	(1 663)
<b>Total computer software</b>	<b>1 550</b>	<b>1 470</b>

Intangible assets are initially measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and any accumulated impairment losses.

The acquisition of or internal development of software is capitalised only when the expenditure meets the definition and recognition criteria and when the amount of expenditure is greater than or equal to \$5 000.

## Configuration or Customisation Costs in a Cloud Computing Arrangement

In April 2021, the IFRS Interpretations Committee (IFRIC) published an agenda decision for configuration and customisation costs incurred related to implementing Software as a Service (SaaS) arrangements.

The Commission is currently assessing the impact of the agenda decision on its current accounting policy, which may result in previously capitalised costs needing to be recognised as an expense. The process to quantify the impact of the decision is ongoing. The process is ongoing due to the complexity in interpreting the decision and ensuring the interpretation is consistent for all of the Commission's intangible assets.

At the date of this report, the impact of the IFRIC agenda decision on the Commission cannot be estimated with reasonable certainty. The impact of adopting the accounting policy clarification will be quantified ahead of 30 June 2022 financial report.

Statutory receivables do not arise from contracts with customers. They are recognised and measured similarly to contractual receivables (except impairment) but are not classified as financial instruments for disclosure purposes.

The net amount of GST recoverable from the ATO is included as part of receivables.

Receivables, prepayments and accrued revenues are non-interest bearing. Receivables are held with the objective of collecting the contractual cash flows and they are measured at amortised cost.

## 7. Liabilities

Employee benefits liabilities are disclosed in note 3.4.

### 7.1. Payables

<b>Total payables</b>	<b>641</b>	<b>628</b>

Payables and accruals are raised for all amounts owing but unpaid. Trade payables are normally settled within 30 days from the date the invoice is first received. All payables are non-interest bearing. The carrying amount of payables represents fair value due to their short-term nature.

Statutory payables do not arise from contracts.

The net amount of GST recoverable from the ATO is included as part of receivables. However, if a net GST payable arises then this amount would be disclosed in this Payables note.

#### ***Employment on-costs***

Employment on-costs include Return to WorkSA levies and superannuation contributions and are settled when the respective employee benefits that they relate to is discharged.

The Commission contributes to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the South Australian Superannuation Board.

As a result of an actuarial assessment performed by the Department of Treasury and Finance, the proportion of long service leave taken as leave remains unchanged at a rate of 42% and the average factor for the calculation of employer superannuation cost on-costs has changed from the 2020 rate of 9.8% to 10.1%. These rates are used in the employment on-cost calculation. The net financial effect of the changes in the current financial year is immaterial.

## 7.2. Financial liabilities

		2021 \$'000	2020 \$'000
<b>Current</b>			
Lease liabilities	5.3	4	133
<b>Total current financial liabilities</b>		<b>4</b>	<b>133</b>

<b>Total financial liabilities</b>		<b>4</b>	<b>727</b>

The Commission measures financial liabilities at amortised cost. In prior years, The Commission held leases for Regional Legal aid offices. These leases are no longer held by the Commission. All accommodation lease arrangements are held by the Department of Infrastructure and Transport. Expenditure related to these leases is recognised in Note 4.1.

## 7.3. Other liabilities

		2021 \$'000	2020 \$'000
<b>Current</b>			
Accommodation incentive		233	233
<b>Total current other liabilities</b>		<b>233</b>	<b>233</b>

<b>Total non-current other liabilities</b>		<b>1 401</b>	<b>1 634</b>
<b>Total other liabilities</b>		<b>1 634</b>	<b>1 867</b>

Accommodation incentive liabilities relate to arrangements with the Department for Infrastructure and Transport (DIT) for office accommodation. These arrangements do not comprise leases and the accommodation incentives do not comprise financial liabilities. DIT has provided a range of fit-out free of charge. The benefit of this incentive is spread over the accommodation term so that each year reported accommodation expenses reflect the economic substance of the office accommodation arrangements and related benefits provided.

## 8. Other disclosures

### 8.1. Equity

The asset revaluation surplus is used to record increments and decrements in the fair value of property, plant and equipment to the extent that they offset one another. Relevant amounts are transferred to retained earnings when an asset is derecognised.

### 8.2. Cash flow

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

The total cash outflows for leases was \$130 000 (2020: \$128 000).

## 9. Outlook

### 9.1. Unrecognised commitments

Commitments include operating, capital and outsourcing arrangements arising from contractual sources and are disclosed at their nominal value.

Once the private practitioner has provided the service, they sign and submit the commitment certificate, so they can be paid. 'Legal Expense Commitments' relate to commitment certificates that have been issued by the Commission but not yet returned.

The Commission's expenditure commitments are for agreements for:

- Memoranda of Administrative Arrangements with the Department for Infrastructure and Transport for accommodation.
- the Electronic Document and Record Management System (EDRMS).

### 9.2. Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value.

The Commission is not aware of any contingent assets or contingent liabilities.

### 9.3. Events after the reporting period

At balance date and as at the date of financial statement certification, there were no known events after the reporting period.

## 10. Measurement and risk

### 10.1. Long service leave liability - measurement

AASB 119 *Employee Benefits* contains the calculation methodology for long service leave liability.

The actuarial assessment performed by the Department of Treasury and Finance has provided a basis for the measurement of long service leave and is based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service. These assumptions are based on employee data over SA Government entities.

AASB 119 *Employee Benefits* requires the use of the yield on long-term Commonwealth Government bonds as the discount rate in the measurement of the long service leave liability. The yield on long-term Commonwealth Government bonds has increased from 2020 (0.75%) to 2021 (1.25%).

This increase in the bond yield, which is used as the rate to discount future long service leave cash flows, results in a decrease in the reported long service leave liability.

The net financial effect of the changes to actuarial assumptions in the current financial year is a decrease in the long service leave liability of \$445 000 and employee benefits expense of \$445 000. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of demographical and financial assumptions - including the long-term discount rate.

The actuarial assessment performed by the Department of Treasury and Finance left the salary inflation rate at 2.5% for long service leave liability. As a result, there is no net financial effect resulting from changes in the salary inflation rate.

The Commission's estimate of expected future payments for the current portion of long service leave is based on an average over a three year period on long service leave taken.

### 10.2. Fair value

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

#### *Initial recognition*

Non-current tangible assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition.

#### *Revaluation*

Property, plant and equipment, other than right-of-use assets, are subsequently measured at fair value after allowing for accumulated depreciation.

Non-current tangible assets are valued at fair value and revaluation of non-current assets or a group of assets is only performed when the fair value at the time of acquisition is greater than \$1.5 million and estimated useful life is greater than three years.

Revaluation is undertaken on a regular cycle. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

Revaluation of the library collection was performed by Valcorp Australia Pty Ltd as at 30 June 2014. The independent valuer arrived at fair value based on the written down replacement cost of the collections.

Revaluation of leasehold improvements and fixtures and fittings was performed by Liquid Pacific Holdings Pty Ltd during 2019-20 financial year. The independent valuer arrived at fair value based on the actual cost of the assets.

### ***Plant and equipment***

All items of plant and equipment that had a fair value at the time of acquisition less than \$1.5 million or had an estimated useful life of less than three years have ~~has~~ not been revalued. The carrying value of these items are deemed to approximate fair value.

## **10.3. Financial instruments**

### ***Financial risk management***

Risk management is managed by the Commission's corporate services section. Commission risk management policies are in accordance with the *SA Government Risk Management Guide* and the principles established in the Australian Standard *Risk Management Principles and Guidelines*.

The Commission's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

### ***Impairment of financial assets***

Loss allowances for statutory charge and client debtors are measured at an amount equal to lifetime expected credit loss using the simplified approach in AASB 9. The Commission uses an allowance matrix to measure the expected credit loss of receivables from non-government debtors which comprise a large number of small balances.

To measure the expected credit losses, client debtors are grouped based on the days past due. When estimating expected credit loss, the Commission considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Commission's historical experience and informed credit assessment, including forward-looking information.

The expected credit loss of government debtors is considered to be nil based on the external credit ratings and nature of the counterparties.

Loss rates are calculated based on the probability of a statutory charge and client debtors progressing through stages to write off based on the common risk characteristics of the transaction and debtor.

Loss rates are based on actual history of credit loss. These rates have been adjusted to reflect differences between previous economic conditions, current conditions and the Commission's view of the forecast economic conditions over the expected life of the statutory charge and client debtors.

Impairment losses are presented as net impairment losses within net result, subsequent recoveries of amounts previously written off are credited against the same line item.

The allowance was recognised when there was objective evidence that a client debtor was impaired. The allowance for impairment is recognised in other expenses for specific client debtors and debtors assessed on a collective basis for which such evidence existed.

Statutory charge debtors are written off or waived when there is a shortfall of sale proceeds from real estate sold on behalf of the clients. In addition, a decision may be made by the Commission to waive the debt based on the client's negative equity or through a court order.

The Commission has placed its investments in a portfolio managed by Funds SA. Listed shares and equities included within these investments are traded in an organised financial market by the fund managers. The Commission values these investments at current market value.

The Commission considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties and therefore the expected credit loss is nil.

### ***Categorisation of financial instruments***

Details of the significant accounting policies and methods adopted including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised with respect to each class of financial asset, financial liability and equity instrument are disclosed in the respective financial asset/financial liability note.

The receivable and payable amounts disclosed here exclude amounts relating to statutory receivables and payables. This includes Commonwealth, State and Local Government taxes and equivalents, fees and charges, and Auditor-General's Department audit fees. This is in addition to employee related payables, such as Fringe Benefits Tax, Pay As You Go Withholding and ReturnToWorkSA levies. In government, certain rights to receive or pay cash may not be contractual but have their source in legislation and therefore, in these situations, the disclosure requirements of AASB 7 will not apply. The standard defines contract as enforceable by law. All amounts recorded are carried at cost.
