# Local Government Finance Authority of South Australia

Financial report for the year ended 30 June 2020

#### INDEPENDENT AUDITOR'S REPORT

Level 9
State Administration Centre
200 Victoria Square
Adelaide SA 5000

Tel +618 8226 9640 Fax +618 8226 9688 ABN 53 327 061 410 audgensa@audit.sa.gov.au www.audit.sa.gov.au

# To the Chairman Local Government Finance Authority of South Australia

# Opinion

I have audited the financial report of the Local Government Finance Authority of South Australia for the financial year ended 30 June 2020.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Local Government Finance Authority as at 30 June 2020, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

#### The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2020
- a Statement of Financial Position as at 30 June 2020
- a Statement of Changes in Equity for the year ended 30 June 2020
- a Statement of Cash Flows for the year ended 30 June 2020
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Chairman, Chief Executive Officer and the Financial Controller.

# **Basis for opinion**

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Local Government Finance Authority of South Australia. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 Code of Ethics for Professional Accountants (including Independence Standards) have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

# Responsibilities of the Chief Executive Officer and Board for the financial report

The Chief Executive Officer is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

The Board are responsible for overseeing the entity's financial reporting process.

#### Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 33(2) of the *Local Government Finance Authority Act 1983*, I have audited the financial report of the Local Government Finance Authority of South Australia for the financial year ended 30 June 2020.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether
  due to fraud or error, design and perform audit procedures responsive to those risks, and
  obtain audit evidence that is sufficient and appropriate to provide a basis for my
  opinion. The risk of not detecting a material misstatement resulting from fraud is higher
  than for one resulting from error, as fraud may involve collusion, forgery, intentional
  omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Local Government Finance Authority of South Australia internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive Officer
- ability to continue as a going concern evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive Officer and the Board about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson **Auditor-General** 

4 September 2020

# Certification of the financial statements

# We certify that the:

- financial statements of the Local Government Finance Authority of South Australia:
  - are in accordance with the accounts and records of the authority; and
  - comply with relevant Treasurer's instructions; and
  - comply with relevant accounting standards; and
  - present a true and fair view of the financial position of the authority at the end of the financial year and the result of its operations and cash flows for the financial year.
- Internal controls employed by the Local Government Finance Authority of South Australia over its financial reporting and its preparation of the financial statements have been effective throughout the financial year.

# NOTES TO THE FINANCIAL STATEMENTS For the year ended 30 June 2020

# 1. About the Local Government Finance Authority

The Local Government Finance Authority of South Australia (the Authority) is a for-profit Public Authority and was established pursuant to the *Local Government Finance Authority Act, 1983*. The Authority strives to be the leading financial institution for local government in South Australia and aims to be the source of all loans and investments for councils by providing superior value offerings.

The Authority is not part of the Crown, nor is it an agency or instrumentality of the Crown as legislated by S4(4) of the Local Government Finance Authority Act, 1983.

The Authority does not control any other entity and has no interests in unconsolidated structured entities. The financial statements and accompanying notes include all the controlled activities of the Authority.

## 1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the Public Finance and Audit Act 1987;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards.

The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Expenses and assets are recognised inclusive of the amount of GST as the Authority is a financial supply only business.

#### Accounting judgements, estimates and assumptions

In the process of applying the Authority's accounting policies, management has made judgements in the classification of financial instruments which has had a significant effect on the amounts recognised in the financial statements.

Some of the Authority's financial instruments are measured at fair value for financial reporting purposes. In estimating the fair value of financial instruments, the Authority uses market-observable data to the extent it is available.

Expected credit losses (ECL) are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. AASB 9 Financial Instruments does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased management takes into account qualitative and quantitative reasonable and supportable forward looking information.

#### Comparative information

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and accounting policy statements have required a change.

Where presentation or classification of items in the financial statements has been amended, comparative amounts have been reclassified unless reclassification is impracticable.

The restated comparative amounts do not replace the original financial statements for the preceding period.

#### Rounding

All amounts in the financial statements have been rounded to the nearest thousand dollars (\$'000).

# 1.2. Objectives and programs

The objective of the Authority is to provide the best possible financial outcomes for our members, generate sufficient profit to satisfy our stakeholder expectations and build adequate reserves to assist with future profits.

The functions of the Authority are as follows:

- to develop and implement borrowing and investment programmes for the benefit of councils and prescribed local government bodies; and
- to engage in such other financial activities as are determined by the Minister, after consultation with the Local Government Association, to be in the interests of local government.

#### 1.3. Impact of COVID-19 pandemic on the Authority

The Reserve Bank response to the COVID-19 pandemic has had the effect of marginally lowering the 90 day BBSW rates used in the floating rate side of our interest rate swaps. As the reduction effected the repricing of the interest rate swaps late in the financial year the impact on profitability for the 2019-20 financial year has been minimal.

#### 1.4. Significant transactions with government related entities

	2020	2019
	\$'000	\$'000
Expense transactions with the South Australian government		
Interest paid on borrowings	3,807	4,704
State government guarantee fee	1,558	1,447
Income tax equivalents expense	2,101	2,188
Liabilities outstanding to the South Australian government		
Borrowings	357,492	275,290
Interest payable on borrowings	495	708

# 2. Board, committees and executives

# 2.1. Key management personnel

Key management personnel who have responsibility for the strategic direction and management of the Authority include members of the board and the Chief Executive Officer.

Total compensation for key management personnel was as follows:

	2020 \$'000	2019 \$'000
Salaries and other short-term employee benefits	404	463
Post-employment benefits	38	44
Other long-term employment benefits	199	-
Total compensation	641	507

# Transactions with key management personnel and other related parties

Related parties of the Authority include all key management personnel and their close family members and any entity that is controlled or jointly controlled by those persons. Close family members are defined in AASB 124 Related Party Disclosures to include children, spouse or partner, children of the spouse or partner and dependants of the key management personnel or the spouse or partner.

There are no transactions to disclose for key management personnel and related parties.

The Authority transacts with councils, prescribed bodies and state government agencies of which board members may be key management personnel. Terms are consistent with the Authority's normal commercial arrangements.

#### 2.2. Board and audit and risk committee members

Appointments to the board are made pursuant to Section 7 of the *Local Government Finance Authority Act*, 1983.

Members during the 2020 financial year were:

#### LGFA governing board

Mr John Comrie (Chair)

Dr Andrew Johnson (Deputy Chair)

Ms Annette Martin

Mr Matt Pinnegar

Mr Michael Sedgman

Ms Heather Watts\*

LGA representative

LGA representative

Council representative

Council representative

Appointee of the Treasurer

#### LGFA audit and risk committee

Dr Andrew Johnson (Chair)
Ms Annette Martin
Mr Michael Sedgman

#### 2.3. Board and executive remuneration

#### Board member remuneration

The number of members whose remuneration received or receivable falls within the following	2020	2019
bands:	No	No
No remuneration	1	1
\$1 - \$19 999	4	5
\$20 000 - \$39 999	1	1
Total	6	7

The total remuneration received or receivable by governing board members was \$64,100 (\$64,600) which includes salary and superannuation. No additional fees were paid to audit and risk committee members.

#### Executive remuneration

	2020	2019
	No	No
The number of employees whose remuneration received or receivable falls within the following bands:		
\$151 000 to \$154 000 *	N/A	1
\$154 001 to \$174 000	1	-
\$174 001 to \$194 000	-	1
\$194 001 to \$214 000	1	1
\$234 001 to \$254 000	1	-
\$434 001 to \$454 000	1	1
Total	4	4

<sup>\*</sup> This band has been included for the purposes of reporting comparative figures based on the executive base level remuneration rate for 2019-20.

The table includes all employees who received remuneration equal to or greater than the base executive remuneration level during the year. Remuneration of employees reflects all costs of employment including salaries and wages, payments in lieu of leave, superannuation contributions, living away from home allowance, salary sacrifice benefits and fringe benefits and any fringe benefits tax paid or payable in respect of those benefits. Total remuneration received by employees in this table for the year are \$1,043,500 (\$982,800).

<sup>\*</sup>In accordance with the *Premier and Cabinet Circular No. 016*, SA Government employees did not receive any remuneration for board/committee duties during the financial year. The amount payable in respect of the Chief Executive Officer of the Local Government Association of South Australia is paid to the Local Government Association of South Australia.

Insurance	27	24
Market information service	42	43
Occupancy expenses	37	33
Salaries & on-costs	1,162	1,232
Software license fees	124	117
Sponsorships	122	112
Staff recruitment fees	60	6
Other administration expenses	202	234
Total administration expenses	2,136	2,212

#### **Audit fees**

The amounts received, or due and receivable in respect of this financial year by the auditors in connection with:

	2020 \$'000	2019	
		\$'000	
Auditing work performed by the Auditor-General's Department*	73	55	
Financial Management Compliance Program by an independent audit			
firm	21	20	
Total audit fees	94	75	

<sup>\*</sup> Audit fees paid/payable to the Auditor-General's Department relating to work performed under the *Public Finance and Audit Act 1987*. No other services were provided by the Auditor-General's Department.

#### Consultants

The number of consultancies and the dollar amount paid/payable to consultants that fell within the following bands:

2020 \$'000	No	2019 \$'000
12	3	12
-	2	70
12	5	82
	12	12 5

# Depreciation and amortisation

	2020	2019	
	\$'000	\$'000	
Building floorspace	26	26	
Computer software	75	53	
Furniture and fittings	2	2	
Motor vehicles	27	19	
Office equipment	24	18	
Total depreciation and amortisation	154	118	

All fixed assets, having a limited useful life, are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential.

# Useful life

Depreciation/amortisation is calculated on a straight-line basis over the estimated useful life of the following classes of assets as follows:

Class of asset	Useful life (years)		
Building floorspace	70		
Computer software	2.5 - 3		
Furniture and fittings	5		
Motor vehicles	10		
Office equipment	3		

# 4.5. Other expenses

	2020	2019	
	\$'000	\$'000	
Increase in expected credit loss allowance	63	60	
Total other expenses	63	60	

# 4.6. Income tax equivalent expense

	2020	2019	
	\$'000	\$'000	
Income tax equivalent expense	2,101	2,188	
Total income tax equivalent expense	2,101	2,188	

The Authority is required to make payments equivalent to company income tax under the taxation equivalent payment system. The equivalent company income tax liability is calculated/applied on an accounting profits basis.

Payments are made to the Department of Treasury and Finance and held in the Local Government Taxation Equivalents Fund. In accordance with Section 31A of the *Local Government Finance Authority Act, 1983* the funds are to be applied for local government development purposes as recommended by the Local Government Association.

# 5. Assets

# 5.1. Accrued interest receivable \*

J. I. Accided litterest receivable		
	2020	2019
	\$'000	\$'000
Interest receivable on:		
Loans to councils and local government bodies	3,669	4,448
Investment securities	290	388
Total accrued interest receivable	3,959	4,836
* The accrued interest receivable on derivatives which are required to be recorded at fair value and the hedge accounting revaluation have been transferred to the respective line items.		
5.2. Investment securities		
	2020	2019

Bank term deposits	45,500	20,000
Expected credit loss allowance	(1)	-
Total investment securities	45,499	20,000
5.3. Other assets		
old. Other doods	2020	2019
	\$'000	\$'000
Sundry debtors and prepayments	232	92
Total sundry debtors and prepayments	232	92

#### 5.4. Net loans and advances

	2020	2019 \$'000	
	\$'000		
Advances	377,835	337,741	
Term loans	451,465	461,724	
Loans and advances	829,300	799,465	
Hedge accounting revaluation	51,807	45,680	
Expected credit loss allowance	(460)	(398)	
Net loans and advances	880,647	844,747	

The following security is held over loan agreements entered into by the Authority:

#### (i) Debentures over council general revenue

Loan agreements with councils are secured by debentures which provide a charge over council general revenue.

### (ii) Schedule 2 of the Local Government Act 1999

Loans to prescribed local government bodies which are council subsidiaries rely upon the constitutional obligations of councils in the guarantee of the liabilities incurred or assumed by subsidiaries as per Schedule 2 of the *Local Government Act 1999*.

#### (iii) First registered mortgage and specific security deed

Loan agreements with the Local Government Association of South Australia (LGA) are secured by first registered mortgage over their building at 148 Frome Street, Adelaide, SA, 5000. In addition to this a specific security deed was entered into between the Authority and LGA in relation to the State-Local Government Infrastructure Partnership (SLGIP). The specific security deed grants the Authority a first ranking security interest over certain cash flows arising from the SLGIP agreement.

# 5.5. Property, plant and equipment

	2020	2019
	\$'000	\$'000
Building floorspace		
Building floorspace at fair value	1,813	1,813
Accumulated depreciation at the end of the period	(71)	(45)
Total building floorspace	1,742	1,768
Furniture and fittings		
Furniture and fittings at cost (deemed fair value)	341	340
Accumulated depreciation at the end of the period	(339)	(337)
Total furniture and fittings	2	3
Motor vehicles		
Motor vehicles at cost (deemed fair value)	229	288
Accumulated depreciation at the end of the period	(30)	(40)
Total motor vehicles	199	248

#### Office equipment

Office equipment at cost (deemed fair value)	105	95
Accumulated depreciation at the end of the period	(66)	(42)
Total office equipment	39	53
Total property, plant and equipment	1,982	2,072

# **Building floorspace**

The Authority obtains a valuation appraisal from a professionally qualified valuer of its owned and occupied building floorspace every five years in accordance with APS 116.D.

The latest market valuation appraisal was provided by WBP Property Group as at 5 October 2017. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the building floorspace and the net amount is restated to the revalued amount.

# Impairment

Property, plant and equipment have not been assessed for impairment as they are non-cash generating assets, that are specialised in nature and held for continual use of their service capacity.

#### Reconciliation 2019-20

	Building floorspace \$'000	Furniture and fittings \$'000	Motor vehicles \$'000	Office equipment \$'000	Total \$'000
Carrying amount at					
1 July 2019	1,768	3	248	53	2,072
Acquisitions	-	1	107	10	118
Disposals	-	_	(129)	-	(129)
Depreciation	(26)	(2)	(27)	(24)	(79)
Carrying amount at 30 June 2020	1,742	2	199	39	1,982

#### Reconciliation 2018-19

	Building floorspace \$'000	Furniture and fittings \$'000	Motor vehicles \$'000	Office equipment \$'000	Total \$'000
Carrying amount at					
1 July 2018	1,794	5	182	12	1,993
Acquisitions	-	-	135	59	194
Disposals	-	-	(50)		(50)
Depreciation	(26)	(2)	(19)	(18)	(65)
Carrying amount at 30 June 2019	1,768	3	248	53	2,072

# 5.6. Intangible assets

	2020	2019	
	\$'000	\$'000	
Computer software			
Internally developed computer software	116	111	
Accumulated amortisation	(56)	(66)	
Purchased computer software	426	357	
Accumulated amortisation	(352)	(312)	
Total computer software	134	90	

Intangible assets are initially measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and any accumulated impairment losses.

The acquisition of or internal development of software is capitalised only when the expenditure meets the recognition criteria for capital expenditure.

The internally developed computer software relates to the development of applications including the customer transaction reporting system and web portal.

#### Reconciliation 2019-20

	Internally developed computer software	Other computer software	Total
	\$'000	\$'000	\$'000

Amortisation	(18)	(35)	(53)
Carrying amount at 30 June 2019	45	45	90

# 6. Liabilities

# 6.1. Deposits from councils and local government bodies

	2020	2019 \$'000
	\$'000	
At call	209,491	235,367
Fixed term	239,709	247,355
Total deposits from councils and local government bodies	449,200	482,722

#### **Concentrations of deposits**

The Authority is an industry specific financial institution which operates under the *Local Government Finance Authority Act, 1983*. The Authority is restricted by legislation to accepting deposits from councils and local government bodies operating in South Australia.

# 6.2. Accrued interest payable

	2020	2019 \$'000
	\$'000	
Interest payable on:		
Deposits from councils and local government bodies	851	1,684
Borrowings*	495	708
Total accrued interest payable	1,346	2,392
* The accrued interest payable on interest rate swaps which are		
required to be recorded at fair value has been transferred to		
the Derivatives line item.		

2020	
\$'000	\$'000
3,141	-
301,740	222,865
47,745	39,904
8,007	12,521
360,633	275,290
	8,007

# 6.4. Derivatives

	2020	2019
	\$'000	\$'000
Swap principal receivable	(4,782)	(5,946)
Interest receivable on interest rate swaps	(57)	(756)
Interest payable on interest rate swaps	2,862	3,217
Fair value adjustment	47,901	41,612
Sub-total interest rate swaps	45,924	38,127
Futures contracts	13	-
Total derivatives	45,937	38,127

#### 6.5. Provisions

	2020 \$'000	2019 \$'000
Employee benefits	338	444
Fringe benefits tax	23	24
Bonus payment to councils and local government bodies	2,500	2,500
Provision for income tax equivalents	1,007	1,247
Total provisions	3,868	4,215

#### **Employee benefits**

A provision is made in respect of the Authority's liability for annual leave and long service leave as at balance date. Long service leave is accrued for all employees from the date of commencement of service. The amount included in the accounts is the undiscounted amount expected to be paid.

No provision is made in the accounts for sick leave entitlements.

#### **Bonus payment**

A provision is made for the annual bonus to clients which is based on their average account balances for loans and deposits during the financial year. This payment is made pursuant to Section 22(2)(b) of the *Local Government Finance Authority Act, 1983*.

#### Income tax equivalents

A provision is made for income tax equivalents payable as at 30 June 2020.

# Movement in provisions during the year

	2020 \$'000	2019 \$'000
Bonus payment to councils and local government bodies		
Opening balance 1 July	2,500	2,300
Increase in provision	2,500	2,500
Amounts paid	(2,500)	(2,300)
Closing balance 30 June	2,500	2,500
Provision for income tax equivalents		
Opening balance 1 July	1,247	1,110
Increase in provision	2,101	2,188
Amounts paid	(2,341)	(2,051)
Closing balance 30 June	1,007	1,247

#### 6.6. Other liabilities

	2020 \$'000	2019 \$'000
Employee on-costs	37	48
Sundry creditors	267	287
Total other liabilities	304	335

Employee on-costs includes employer superannuation contributions which are settled when the respective employee benefits that they relate to is discharged.

Sundry creditors are raised for all amounts owing but unpaid. Sundry creditors are normally settled within 30 days from the date the invoice is first received. All sundry creditors are non-interest bearing. The carrying amount of sundry creditors represents fair value due to their short-term nature.

#### **Superannuation commitments**

The Authority contributes to superannuation funds as chosen by individual employees. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at the reporting date relates to any contributions due but not yet paid.

### 7. Other disclosures

### 7.1. Equity

#### General reserve

The general reserve has been accumulated from profits earned in previous years. The purpose of the reserve is to provide the Authority with a strong financial position and to safeguard against any future adverse conditions that may be encountered. Further profits are earned through the reinvestment of the reserve funds.

#### Revaluation reserve

The asset revaluation surplus is used to record increments and decrements in the fair value of building floorspace to the extent that they offset one another. Relevant amounts are transferred to retained earnings when an asset is derecognised.

#### 7.2. Cash flow

# Cash flows presented on a net basis

Cash flows arising from the following activities are presented on a net basis in the statement of cash flows:

- (i) Client deposits and withdrawals;
- (ii) Sales and purchases of money market securities;
- (iii) Drawdown and repayment of loans and investments; and
- (iv) Fees paid and received

#### Cash flow reconciliation

	2020	2019
	\$'000	\$'000
Reconciliation of cash at bank at the end of the reporting period		
Bank overdraft disclosed in Note 6.3	(3,141)	-
Cash at bank disclosed in the statement of financial position	•	6
Balance as per the statement of cash flows	(3,141)	6

Reconciliation of net cash provided by/(used in) operating activities to profit after income tax

Profit after income tax equivalents	4,903	5,105
Decrease/(increase) in interest receivable	1,929	(264)
Decrease/(increase) in sundry debtors	(5)	(37)
Increase/(decrease) in interest payable	(1,388)	(374)
Increase/(decrease) in other liabilities	(43)	38
Increase/(decrease) in provisions	(346)	165
Expected credit loss allowance	63	60
Depreciation and amortisation	153	118
Revaluation loss/(gain)	(192)	(113)
Loss/(gain) on disposal of fixed assets	2	11
Net cash provided by operating activities	5,076	4,709

# 8. Changes in accounting policy

#### 8.1. AASB 15 - Revenue from contracts with customers

The Authority is not required to adopt AASB 15 – Revenue from Contracts with Customers from 1 July 2019 as section 5(c) of the standard excludes financial instruments and other contractual rights or obligations within the scope of AASB 9 Financial Instruments.

#### 8.2. AASB 16 - Leases

The Authority has no lease contracts and therefore is not required to adopt AASB 16 - Leases from 1 July 2019.

#### 9. Outlook

# 9.1. Unrecognised contractual commitments

Commitments include operating, capital and outsourcing arrangements arising from contractual or statutory sources and are disclosed at their nominal value.

#### Loan commitments

	2020	2019	
	\$'000	\$'000	
Unused cash advance facilities	586,707	465,928	
Term loans approved not advanced	730	5,000	
Total loan commitments	587,437	470,928	

# 9.2. Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the statement of financial position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value.

The Authority incurs contingent assets and liabilities as part of its normal operations in providing borrowing and investment services to local government in South Australia as are contemplated by its enabling legislation.

#### **Contingent assets**

#### (a) Guarantee of the Treasurer of SA on liabilities

Under Section 24 of the *Local Government Finance Authority Act, 1983*, all financial obligations incurred or assumed by the Authority are guaranteed by the Treasurer on behalf of the state of South Australia. As at 30 June 2020 the total liabilities guaranteed was \$861.288 million.

#### (b) Security for loan agreements

#### (i) Debentures over council general revenue

Loan agreements with councils are secured by debentures which provide a charge over council general revenue. As at 30 June 2020 the total loans secured by debenture was \$775.001 million.

#### (ii) Schedule 2 of the Local Government Act 1999

Loans to prescribed local government bodies which are council regional subsidiaries rely upon the constitutional obligations of councils in the guarantee of the liabilities incurred or assumed by subsidiaries as per Schedule 2 of the Local Government Act 1999.

As at 30 June 2020 the total loans secured by Schedule 2 of the Local Government Act 1999 was \$34.408 million.

#### (iii) First registered mortgage and specific security deed

Loan agreements with the Local Government Association of South Australia (LGA) are secured by first registered mortgage over their building at 148 Frome Street, Adelaide, SA, 5000. In addition to this a specific security deed was entered into between the Authority and LGA in relation to the State-Local Government Infrastructure Partnership (SLGIP). The specific security deed grants the Authority a first ranking security interest over certain cash flows arising from the SLGIP agreement.

As at 30 June 2020 the total loans secured by first registered mortgage and specific security deed was \$19.890 million.

#### **Contingent liabilities**

#### (a) Financial guarantee

The Authority has issued a financial guarantee on behalf of the Workers Compensation Scheme of the Local Government Association of South Australia in favour of the Return to Work Corporation of South Australia. The guarantee is fully secured against depositor funds held, the value of which will not be less than the value of any liability that might be incurred.

As at 30 June 2020 the amount guaranteed was \$26.276 million.

#### (b) Performance bond/guarantees

#### (i) Northern Adelaide Waste Management Authority

The Authority has issued a performance bond/guarantee on behalf of the prescribed local government body, Northern Adelaide Waste Management Authority, a regional subsidiary of the City of Playford, Corporation of the Town of Gawler and City of Salisbury in favour of the Environment Protection Authority.

As at 30 June 2020 the amount guaranteed was \$1.350 million.

Note: Pursuant to Schedule 2 of the *Local Government Act 1999*, liabilities incurred or assumed by a regional subsidiary are guaranteed by the constituent councils.

# 9.3. Impact of standards and statements not yet effective

The Authority has assessed the impact of new and changed Australian Accounting Standards Board Standards and Interpretations not yet effective and has determined that there will be no financial impact arising from them.

# 9.4. COVID-19 pandemic outlook for the Authority

The Reserve Bank response to the COVID-19 pandemic has had the effect of marginally lowering the 90 day BBSW rates used in the floating rate side of our interest rate swaps. As this reduction has been fully repriced in our interest rate swap portfolio there will be a reduction in income and therefore profitability until the 90 day BBSW rate returns to a normal position.

In June 2020 the Board of the Authority approved a three year financial assistance package for councils to assist them during the COVID-19 pandemic. The package includes discounts to cash advance debenture loans and higher interest on deposits for councils. This will in turn have the financial effect of reducing the profit of the Authority over the next three years.

#### 10. Measurement and risk

#### 10.1. Fair value

AASB 13 Fair Value Measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

The book value of financial assets and financial liabilities shown in the table below includes principal, accrued interest and, where applicable, a fair value adjustment. The distribution of accrued interest to asset and liability categories which are recorded at amortised cost in the accounts will cause the amounts shown as book values to differ from those shown on the statement of financial position.

#### Fair value of financial assets and financial liabilities

The following methods and assumptions are used to determine the fair values of financial assets and liabilities:

#### Cash at bank

The book value is a reasonable estimate of the fair value due to the short-term nature.

#### Investment securities

The fair value of fixed term deposits held with banks is estimated based on a discounted cash flow analysis utilising a zero coupon curve which is representative of the market rates used for unwinding such instruments.

#### Other assets

The book value is a reasonable estimate of the fair value due to the short-term nature.

#### Net loans and advances

The fair value is estimated based on a discounted cash flow analysis utilising a zero coupon curve which is representative of the market rates used for unwinding such instruments.

#### Deposits from councils and prescribed local government bodies

The fair value is estimated using discounted cash flow analysis based on current market rates for deposits having substantially the same terms and conditions.

#### **Borrowings**

The fair value is estimated using discounted cash flow analysis based on current market rates for borrowings having substantially the same terms and conditions.

#### **Derivatives**

The fair value of interest rate swaps is estimated based on a discounted cash flow analysis utilising a credit adjusted zero coupon curve in accordance with AASB13 Fair Value Measurement.

#### Other liabilities

The book value is a reasonable estimate of the fair value due to the short-term nature.

	•	202	20	20	19
		Book value \$'000	Fair value \$'000	Book value \$'000	Fair value \$'000
Financial assets	Category				
Cash at bank	Amortised cost	-	-	6	6
Investment securities	Amortised cost	45,789	45,917	20,387	20,413
Other assets	Amortised cost	232	232	92	92
Net loans and advances	Amortised cost	884,316	916,750	849,195	876,853
Financial liabilities	Category				
Deposits from councils and	Amortised cost				
prescribed bodies		450,051	450,784	484,405	484,888
Borrowings	Amortised cost	357,986	360,849	275,998	278,045
Derivatives	FVTPL	45,937	45,937	38,127	38,127
Other liabilities	Amortised cost	304	304	335	335

#### Fair value hierarchy

The recognised fair values of financial assets and liabilities are classified according to the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

Level 1 – fair values that reflect unadjusted quoted prices in an active market for identical assets/liabilities.

Level 2 – fair values that are based on inputs that are directly or indirectly observable for the asset/liability (other than unadjusted quoted price).

Level 3 – fair values that are derived from data not observable in a market.

All financial assets and liabilities are classified as level 2.

#### 10.2. Financial instruments

#### Classification of financial instruments

Management determines the classification of financial instruments at initial recognition and at each reporting date in accordance with AASB 9 Financial Instruments.

AASB 9 requires measurement of financial assets at either amortised cost or fair value through profit and loss (FVTPL) depending on the Authority's business model for managing the financial assets and the contractual cash flow characteristics.

A financial asset is measured at amortised cost only if both of the following conditions are met:

The financial asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows.

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Authority has determined the following classifications for financial instruments:

#### Classification of financial assets

**Financial assets at amortised cost** – Cash at bank, investment securities, loans and advances and other assets are measured at amortised cost.

#### Classification of financial liabilities

**Financial liabilities at amortised cost** – Deposits from councils and local government bodies, borrowings, provisions and other liabilities are measured at amortised cost.

**Fair value through profit and loss** - Derivative financial instruments are measured at fair value with changes in the fair value taken to the statement of comprehensive income.

#### 10.3. Risk management policies and procedures

The Treasurer issued a revised consent dated 10 May 2020, for the Authority to enter into a range of financial instruments as part of its normal operations of providing borrowing and investment services to local government in South Australia and for managing the associated risks.

All financial instrument transactions and internal control activities are conducted within a board approved risk policy document. A treasury management system is in place which provides comprehensive accounting and reporting of financial instrument transactions which in turn allows for compliance with the risk policy to be monitored closely.

The risk management process is subject to regular and close senior management scrutiny, including regular board and other management reporting. An asset and liability committee (ALCO) has been appointed to direct and monitor risk management operations in accordance with the risk policy and is accountable to the board.

#### a) Market risk

Market risk for the Authority is primarily through interest rate risk. There is no exposure to foreign currency risk.

#### Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Authority's exposure to interest rate risk arises where mismatches occur between the maturities of financial assets and financial liabilities. In order to mitigate this risk, the Authority has entered into interest rate swap contracts and interest rate futures contracts to hedge actual financial transactions.

#### (i) Fair value sensitivity analysis for fixed rate instruments

The Authority had a number of fair value hedges in place at the reporting date. As the hedging instrument and hedged items have matching fixed rate positions which directly offset each other there would be no material effect on profit or loss if interest rates change.

### (ii) Sensitivity analysis for variable rate instruments

It is estimated that a change of 50 basis points applied to the risk exposures in existence at the reporting date would have increased/(decreased) profit for the reporting period by the amounts shown in the following table. For the purpose of this analysis variable rate instruments include all variable rate interest bearing financial instruments which are due to be repriced within 90 days of the reporting date.

	Principal			Principal		
	balance	+0.5%	-0.5%	balance	+0.5%	-0.5%
	30/06/20			30/06/19		
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
Variable rate financial assets						
Investment securities	33,500	168	(168)	20,000	100	(100)
Loans and advances	377,835	1,889	(1,889)	340,741	1,704	(1,704)
Variable rate financial liabilities						
Council deposits	390,171	(1,951)	1,951	401,797	(2,009)	2,009
Short term money market facility	304,881	(1,524)	1,524	222,865	(1,114)	1,114
Promissory notes	8,007	(40)	40	12,521	(63)	63
Variable rate derivatives						
Interest rate swaps (notional principal)	401,996	2,010	(2,010)	417,287	2,086	(2,086)
Futures (notional principal/bond formula)	3,000	181	(181)	-	-	-
Profit/(loss) interest rate sensitivity		733	(733)		704	(704)

# b) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Authority's exposure to credit risk arises from the potential default by counterparties with whom financial assets are held.

Included in the Authority's risk policy document is a credit risk limits policy which stipulates counterparty credit limits as follows:

#### (i) Investments and derivatives

Individual counterparties are assessed based on Standard & Poor's credit ratings and a limit applied based on that rating. Specific approvals are given for counterparties that are outside of this criteria. Regular reporting of investment and derivative credit exposures are provided to the board and management.

#### (ii) Loans and advances

Credit limits are applied to individual councils based on debt servicing levels not exceeding board approved percentages. Debt servicing levels are analysed on receipt of each loan application and the board approved percentages are reviewed annually. Credit risk is considered minimal as the majority of loan agreements are secured by debentures providing a charge over the council's general revenue.

The Authority has not incurred any bad debts on loans since its inception in 1984. To satisfy the requirements of AASB 9: Financial Instruments the Authority has implemented a model for calculating an expected credit loss (ECL) allowance using a forward-looking approach. There are no loans in default or greater than 30 days past due. Additional consideration has been given to changing economic conditions and other issues that may affect the credit risk on financial assets. Consequently, the Authority concludes that all the counterparties have low risks of default and do not have any past-due amounts. As a result, the ECL allowance calculation under the methodology is limited to the following twelve months rather than assigning a lifetime allowance.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Authority in accordance with the contract and all the cash flows that the Authority expects to receive, discounted at the original interest rate.

The Authority recognises an impairment gain or loss in profit or loss for investment securities and loans with a corresponding adjustment to their carrying amount through a loss allowance account. The following table shows the movement in expected credit losses that has been recognised for the respective financial assets.

	12-mon	12-month ECL				
	Investment securities	Loans and advances				
	\$'000	\$'000				
Balance at 1 July 2018	1	337				
Movement for the year	(1)	61				
Balance at 30 June 2019		398				
Movement for the year	1	62				
Balance at 30 June 2020	1	460				

There has not been any significant change in the gross amounts of the above financial assets that has affected the estimation of the loss allowance.

The carrying amount of the Authority's financial assets at FVTPL as disclosed in Note 10.1 best represents its respective maximum exposure to credit risk. The Authority holds no collateral over any of these balances.

A concentration of credit risk occurs in relation to loans and advances as under the *Local Government Finance Authority Act, 1983*, loans and advances made are restricted to councils and local government bodies.

Non-derivative financial assets are shown below at face value or amortised cost and derivative financial assets are shown at their fair value plus the credit conversion factors in line with the APRA Guidelines. The Authority uses Standard and Poor's credit ratings to assess the credit quality of the counterparties it invests with. Loans to Councils and Local Government bodies are shown as No Rating (NR) in the following analysis as they are not required to be rated in this manner.

Total	40,500	5,000	4,000	800	829,300	879,600

#### c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Authority's exposure to liquidity risk arises where a mismatch of cash flows between short term financial liabilities and long term financial assets exists.

The Authority has a State Government guarantee covering all liabilities which enables it to borrow funds as required from the financial markets at favourable rates. In order to cover seasonal shortfalls in funding the Authority has access to short term borrowing arrangements with the South Australian Government Financing Authority (SAFA).

A liquidity policy is included in the Authority's risk policy document which provides for regular management reporting in order to closely monitor the liquidity position. The risk policy requires that sufficient funds are available at all times to meet any reasonable calls on its liabilities.

The following are the remaining contractual maturities of financial liabilities, including estimated interest payments:

2020	Carrying amount \$'000	Contracted cash flows \$'000	0 - 3 months \$'000	3 - 12 months \$'000	1 - 5 years \$'000	> 5 years \$'000
Non-derivative financial liabilities						
Deposits from councils and local government bodies	450,051	(450,051)	(391,022)	(59,029)	-	-
Borrowings	361,128	(361,128)	(314,488)	(14,046)	(24,599)	(7,995)
Derivative financial liabilities						
Interest rate swaps - outflow	157,121	(161,019)	(7,717)	(34,128)	(84,893)	(34,281)
Interest rate swaps - inflow	(111,184)	101,998	6,610	23,565	54,898	16,925
Futures contracts	13	(13)	(13)	-	-	-

2019	Carrying amount \$'000	Contracted cash flows \$'000	0 - 3 months \$'000	3 - 12 months \$'000	1 - 5 years \$'000	> 5 years \$'000
Non-derivative financial liabilities						
Deposits from councils and local government bodies	484,406	(484,406)	(403,481)	(80,925)	-	**
Borrowings	275,998	(275,998)	(237,166)	(1,088)	(27,240)	(10,504)
Derivative financial liabilities						
Interest rate swaps - outflow	197,303	(206,894)	(8,106)	(44,752)	(107,814)	(46,222)
Interest rate swaps - inflow	(159,176)	166,626	9,357	34,374	86,882	36,013

# 10.4. Fair value hedges

AASB 9 Financial Instruments provides an option to continue to apply the hedge accounting requirements of AASB 139 Financial Instruments: Recognition and Measurement. The Authority has chosen to continue with the AASB 139 hedge accounting requirements.

The Authority uses interest rate swaps to hedge the interest rate risk associated with long term fixed rate debenture loans to councils and prescribed bodies. Hedge accounting is used where it has been determined that the hedge is highly effective and has been documented in accordance with AASB 139 Financial Instruments: Recognition and Measurement.

Sources of hedge ineffectiveness in the fair value hedge relationships include:

- the effect of the counterparty and the Authority's own credit risk on the fair value of the interest rate swap contracts which is not reflected in the fair value of the hedged item attributable to the change in interest rates; and
- differences in variable rate reset frequencies between the interest rate swap contracts and the hedged items.

No other sources of ineffectiveness emerged from these hedging relationships.

The following tables detail information required to be disclosed by AASB 7 Financial Instruments: Disclosures regarding the fair value hedge relationships outstanding at the end of the reporting period.

# **Fair Value Hedges**

Hedging	Average contracted fixed		Notional	principal	Carrying amount of the hedging instrument:		_	n fair value recognising hedge
instruments	2020 \$'000	2019 \$'000	2020 \$'000	amount 2019 \$'000	assets / 2020 \$'000	(liabilities) 2019 \$'000	inef 2020 \$'000	fectiveness 2019 \$'000
Interest rate swaps	3.536%	4.046%	397,214	411,341	(45,924)	(38,127)	(6,289)	(15,627)

Hedged items	the he	amount of dged item: (liabilities)	Accumulated amount of fair value hedge adjustments on the hedged item included in the carrying amount of the hedged item: debit/ (credit)		Line item in the statement of financial position in which the hedged item is included	Change in fair value used for recognising hedge ineffectiveness	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000		2020 \$'000	2019 \$'000
Fixed rate loans	456,674	464,165	51,807	45,680	Net loans and advances	6,481	15,740

The following table details the hedge ineffectiveness arising from the fair value hedge relationships and the line item in profit or loss in which the hedge ineffectiveness is included.

Hedged items	Amount of hed recognised in 2020 \$'000	Line item in P/L in which hedge ineffectiveness is included	
	3 000	\$'000	Other
Fixed rate loans	192	113	income/expenses
