To the Commissioner Lotteries Commission of South Australia

Opinion

I have audited the financial report of the Lotteries Commission of South Australia for the financial year ended 30 June 2021.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Lotteries Commission of South Australia at 30 June 2021, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2021
- a Statement of Financial Position as at 30 June 2021
- a Statement of Changes in Equity for the year ended 30 June 2021
- a Statement of Cash Flows for the year ended 30 June 2021
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Commissioner and Director, Financial Services, Department of Treasury and Finance.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Lotteries Commission of South Australia. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Commissioner for the financial report

The Commissioner is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Commissioner is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Commissioner is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 18A(2) of the *State Lotteries Act 1966*, I have audited the financial report of the Lotteries Commission of South Australia for the financial year ended 30 June 2021.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for my
 opinion. The risk of not detecting a material misstatement resulting from fraud is higher
 than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Lotteries Commission of South
 Australia's internal control

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Commissioner
- conclude on the appropriateness of the Commissioner's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including
 the disclosures, and whether the financial report represents the underlying transactions
 and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Commissioner about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

NOTES TO THE FINANCIAL STATEMENTS

1. Establishment and function of the Lotteries Commission of South Australia

The Lotteries Commission of South Australia (the Commission), is established under the *State Lotteries Act 1966*, with the primary function of promoting and conducting lotteries in South Australia.

Tatts Lotteries SA Pty Ltd (Tatts), as a subsidiary company of Tabcorp Holdings Limited, operates the Commission's brands and products, as the appointed Master Agent for a term expiring in December 2052. It is required to provide the Commission with all information relevant to its performance as Master Agent and for the proper operation of the agency arrangement.

The terms and conditions of the appointment and on-going operations of the Master Agent are governed by a number of Transaction Documents.

The Commission, in its capacity as principal, monitors Tatts' compliance with the Transaction Documents and retains the power to instruct Tatts to comply with its obligations under those documents.

From 1 April 2020 all office administration functions of the Commission were transferred to Department of Treasury and Finance (DTF).

2. Basis of preparation

The financial statements have been prepared based on a 12 month reporting period and are presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

The accounting policies set out in the notes have been applied in preparing the financial statements for the year ended 30 June 2021 and the comparative information presented.

All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000) unless otherwise specified.

Assets and Liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non current.

For the 2020-21 financial statements the Commissioner is required to comply with the new Treasurer's Instruction (Accounting Policy Statements) changes effective 30 June 2021.

(a) Statement of compliance

The Commission has prepared these financial statements in compliance with section 23 of the *Public Finance and Audit Act 1987*.

The financial statements are general purpose financial statements. The financial statements have been prepared in accordance with relevant Australian Accounting Standards with reduced disclosure requirements and comply with Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the provisions of the *Public Finance and Audit Act 1987*.

The Commission has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Commission is a not-for-profit entity.

(b) Reporting entity

The reporting entity comprises all activities of the Commission. This includes all transactions processed through the Lotteries Fund which is established under section 16(1) of the *State Lotteries Act 1966*. Tatts holds and operates the Lotteries Fund for and on behalf of the Commission.

(c) Comparative information

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements have required a change.

Where presentation or classification of items in the financial statements have been amended, comparative figures have been adjusted to conform to changes in presentation or classification in these financial statements unless impracticable.

The restated comparative amounts do not replace the original financial statements for the preceding period.

(d) Taxation

The Commission is not subject to income tax. The Commission is liable for payroll tax, fringe benefits tax and goods and services tax (GST).

Goods and Services Tax (GST)

The Commission, in accordance with section 16(3)(b) of the *State Lotteries Act 1966*, is required to pay GST of one eleventh of net gambling revenue (NGR), being gross sales less total prizes paid, direct to the Australian Taxation Office (ATO). The Master Agent calculates and forwards the GST on a monthly basis for DTF to remit directly to the ATO on behalf of the Commission. The GST on NGR is treated as a cost of sales.

Other income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the ATO, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis.

(e) Special Appeal Lotteries

Section 13AB of the State Lotteries Act 1966 enables the Commission to conduct Special Appeal Lotteries. Tatts is to do all things necessary to assist the Commission to conduct Special Appeal Lotteries and will receive compensation in accordance with the Master Agency Agreement and the Treasurer's Agency Fees Guarantee and Payment Deed.

No Special Appeal Lotteries were conducted during the financial year.

(f) Events after the reporting period

There have been no events subsequent to 30 June 2021 that have had a material impact on the information disclosed in these financial statements.

(g) Continuity of operations

The SA Government is committed and has consistently demonstrated a commitment to the ongoing funding of the Commission to enable it to perform its functions.

3. New and revised Accounting Standards and policies

The Commission did not voluntarily change any of its accounting policies during 2020-2021.

Other than a prize in a Special Appeal Lottery (note 2(e)), any prize in a lottery that has not been collected or taken delivery of within 12 months of the date of the draw or relevant day is forfeited to the Commission and transferred into the Unclaimed Prizes Reserve. Subsection 16C(4) of the State Lotteries Act 1966 requires the Commission to pay:

- 50 per cent of the amount derived from unclaimed prizes in sports lotteries or special lotteries to the Recreation and Sport Fund; and
- 50 per cent of the amount derived from unclaimed prizes in other lotteries to the Hospitals Fund.

There were no amounts derived from unclaimed prizes in sports lotteries or special lotteries during the financial year.

The balance in the Reserve is applied by the Commission from time to time for the purposes of providing additional or increased prizes in a subsequent lottery or lotteries, providing prizes in promotional lotteries or making ex gratia payments.

The State Lotteries Act 1966 provides for an ex gratia payment to a person who satisfies the Commission that they are a winner of a prize in a lottery conducted by the Commission, despite the fact that a prize has been forfeited to the Commission, the winning ticket has been lost or destroyed or the period of notice of a claim for the prize has expired.

Ex gratia payments are charged to the Unclaimed Prizes Reserve. The next payment to either the Hospitals Fund or Recreation and Sport Fund is then reduced by an amount equivalent to 50 per cent of the ex gratia payment, depending on the game played.

The Unclaimed Prizes Reserve is administered by Tatts on behalf of the Commission and must only be disbursed in accordance with approvals given by the Commission.

17. Contingent assets and liabilities

The Commission is not aware of any contingent assets or contingent liabilities.

The Commission has made no guarantees.

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position but are disclosed by way of a note and if quantifiable are measured at nominal value.

18. Financial risk management

The Commission's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

Risk Management assessments are carried out by the Commission. Commission risk management policies have been established in accordance with the Risk Management Policy Statement issued by the Premier and Treasurer.

The Commission has non-interest bearing assets (cash at bank, cash on hand and receivables) and liabilities (payables and other liabilities). The maturity of financial assets and liabilities are disclosed separately in the relevant notes: current items mature in less than 12 months; non-current items mature in more than 12 months.

The Commission's exposure to cash flow interest risk is minimal.

The Commission's exposure to credit risk is minimal. The major portion of monies owing relates to the operation of SA Lotteries' brands and products by Tatts as the Master Agent. It is not anticipated that parties will fail to discharge their obligations. The Commission has policies and procedures in place to ensure that transactions occur with parties with appropriate credit history.

Liquidity risk arises where an organisation is unable to meet its financial obligations as and when they fall due. The Commission has consistent and stable cash flows from the SA Government, which means its exposure to liquidity risk is minimal. The Commission's exposure to liquidity risk is insignificant based on current expectations regarding risk.
