To the Commissioner of Police South Australia Police

Opinion

I have audited the financial report of the South Australia Police for the financial year ended 30 June 2021.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the South Australia Police as at 30 June 2021, its financial performance and its cash flows for year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2021
- a Statement of Financial Position as at 30 June 2021
- a Statement of Changes in Equity for the year ended 30 June 2021
- a Statement of Cash Flows for the year ended 30 June 2021
- Disaggregated Disclosures Expenses and Income for the year ended 30 June 2021
- notes, comprising significant accounting policies and other explanatory information
- a Statement of Administered Comprehensive Income for the year ended 30 June 2021
- a Statement of Administered Financial Position as at 30 June 2021
- a Statement of Administered Cash Flows for the year ended 30 June 2021
- a Schedule of Expenses and Income attributable to administered activities for the year ended 30 June 2021
- a Schedule of Assets and Liabilities attributable to administered activities for the year ended 30 June 2021
- notes, comprising significant accounting policies and other explanatory information for administered items
- a Certificate from the Commissioner of Police and the Director, Business Service.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the South Australia Police. The *Public Finance and Audit Act* 1987 establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants* (including Independence Standards) have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Commissioner for the financial report

The Commissioner of Police is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Commissioner of Police is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Commissioner of Police is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the South Australia Police for the financial year ended 30 June 2021.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the South Australia Police's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Commissioner of Police
- conclude on the appropriateness of the Commissioner of Police's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Commissioner of Police about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

1 About South Australia Police

South Australia Police (SAPOL) is a not-for-profit government department of the State of South Australia. SAPOL is established pursuant to the *Public Sector Act 2009* as an administrative unit acting on behalf of the Crown.

SAPOL does not control any other entity and has no interests in unconsolidated structured entities. The financial statements and accompanying notes include all the controlled activities of SAPOL.

Administered financial statements relating to administered resources are presented separately as part of this report. Except as otherwise disclosed administered items are accounted for on the same basis and using the same accounting policies as for SAPOL's transactions.

1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the Public Finance and Audit Act 1987;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards.

The financial statements are prepared based on a 12 month reporting period and are presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

Significant accounting policies are set out throughout these notes.

1.2. Objectives and programs

The objective of SAPOL is to prevent crime, uphold the law, preserve the peace, assist the public in emergency situations, coordinate and manage responses to emergencies, regulate road use and prevent vehicle collisions. SAPOL operates under the following programs:

- Public Safety Provides visible and available police services, working in partnership with the community and
 other agencies. SAPOL helps make South Australia a safer place to live, visit and do business through police
 response and assistance, management and emergency response, and coordination across the state.
- Crime and Criminal Justice Services SAPOL's crime prevention and reduction and support of the criminal justice system contribute to the achievement of South Australia's strategic priorities. To prevent crime and reduce offending, SAPOL works in partnership with the community and other agencies for an accessible and effective criminal justice system.
- Road Safety Policing for safer roads and road use across the state. SAPOL road safety services include the
 regulation of road use, education and vehicle collision prevention. Police work in partnership with the community
 and other agencies to achieve better road safety outcomes for all South Australians and those visiting the state.

The tables on the following pages presents expenses and income attributable to each program, assets and liabilities cannot be reliably attributed to programs. Resources allocated to programs in 2020-21 take into account organisational reform.

1.3. Impact of COVID-19 pandemic on SAPOL

The COVID-19 pandemic has impacted on the operations of SAPOL and the impacts are included under the relevant disclosure notes. The key impacts in 2020-21 were:

- SAPOL's response to the pandemic has required the redirection of significant resources from across the
 organisation. Response activities continue and include:
 - o Staffing the Police Operations Centre;
 - o Providing executive support to SA Health and liaison officers to the State Control Centre Health;
 - Establishing and maintaining checkpoints across the State and at Adelaide airport to regulate cross border travel;
 - o Providing a policing and security overlay at hotels used by SA Health for supervised quarantine;
 - o Undertaking compliance checking of persons required to self-quarantine;
 - Undertaking compliance checking regarding restrictions to non-essential business, public activities and gatherings;
 - Maintaining an on-line platform to manage cross border travel applications and staff a Central Assessment Unit to administer approvals;

1.3. Impact of COVID-19 pandemic on SAPOL (continued)

- The changes to SAPOL's operational activities has required additional personal protective equipment and additional cleaning (eg facilities and operational equipment, including daily preventative procedures (examples include firearms, body worn video equipment, workstations and vehicles))
- SAPOL has incurred significant unbudgeted COVID-19 expenditure in employee benefits and supplies and services expenditure, including travel and accommodation, vehicles, equipment, temporary facilities, cleaning, IT and communications (including implementation of further work from home capability across SAPOL)
- SAPOL incurred further unbudgeted COVID-19 expenditure with the recruitment of additional Protective Security Officers dedicated for COVID-19 duties and partnered with State Emergency Services to assist with both checkpoints and airport operations.

1.4. Budget performance

The budget performance table compares SAPOL's outcomes against budget information presented to Parliament (2020-21 Budget Paper 4). The budget amounts have not been adjusted to reflect revised budgets or administrative restructures. The budget process is not subject to audit.

| Total investing expenditure | 2 | 30 223 | 19 068 | 11 155 |

Explanations are provided for variances where variance exceeds the greater of 10% of the original budgeted amount and 5% of the original budgeted total expenses.

- a) Major projects the 2020-21 original budget includes the Police Records Management System Stages 2 4 project (\$5.133 million), SAPOL Communications Centre (\$4.992 million) and APY Accommodation projects (\$4.888 million), and was adjusted during the year to take account of approved adjustments for carryover and re-profiling of budgets to later financial years to reflect anticipated expenditure.
- b) Annual programs SAPOL actual spend of \$11.774 million was slightly above the approved revised budget of \$11.580 million due to lower than budgeted spend on supplies and services which was redirected to purchase additional equipment.

1.5. Significant transactions with government related entities

All significant transactions with the SA Government related entities are identifiable in this financial report.

2. Income

The most significant amounts of income received relate to SAPOL's appropriation, contributions from the Community Road Safety Fund and contributions from the Community Emergency Services Fund. This income is all received from other SA Government departments, which assists SAPOL in providing their services to the community.

2.1. Appropriation

| | 2021 | 2020 |
|---|---------|---------|
| | \$'000 | \$'000 |
| Appropriation from Consolidated Account pursuant to the Appropriation Act | 943 140 | 839 139 |
| Total appropriation | 943 140 | 839 139 |

Appropriations are recognised in accordance with AASB 1058 as income on receipt.

Appropriation pursuant to the *Appropriation Act* provides funding of \$943.140 million for operational and capital projects purposes. Appropriation comprises amounts issued as per Schedule 1 of the *Act*, varied pursuant to section 5 of the *Act* for additional funding relating to SAPOL's COVID activities.

2.2. Fees and charges

| | 2021 | 2020 |
|--|--------|--------|
| | \$'000 | \$'000 |
| Police security services | 12 692 | 11 794 |
| Firearms licence and registration fees | 7 016 | 5 762 |
| Police information requests | 2 806 | 2 515 |
| Hoon legislation fees | 1 606 | 1 426 |
| Escorts - wide load/other | 1 644 | 1 129 |
| Other fees | 706 | 818 |
| Total fees and charges | 26 470 | 23 444 |

Revenue from fees and charges is recognised from contracts with customers except for Hoon legislation fees.

Fees and charges revenue is recognised at a point in time when SAPOL satisfies performance obligations by transferring the promised goods or services to its customers.

Hoon legislation fees are recognised on receipt. These fees are charged under the *Criminal Law (Clamping, Impounding and Forfeiture of Vehicles) Act 2007* in relation to motor vehicles in connection with certain offences and alleged offences; and for other purposes.

SAPOL recognises revenue from contracts with customers from the following major sources:

Police Security Services

The revenue for police security services is recognised when SAPOL has satisfied its performance obligations by providing services in line with Memorandums of Administrative Arrangements with other SA Government agencies. These services are billed monthly in arrears using the input method using the labour hours expended, resources consumed, and costs incurred.

Firearms licences and registration fees

Firearms licences and registration fees are recorded at a point in time as the low value practical expedient has been applied as licences and registration purchase prices are less than \$15 000.

Police information requests

Revenue from police information requests is recognised at a point in time on provision of the service to the customer. These fees are raised under the Police Act 1998 and are service fees for copies of reports being provided to the customer such as history checks, police information requests and antecedent / apprehension reports.

2.3. Commonwealth - sourced grants and funding

| Total Commonwealth-sourced grants and funding | 2 689 | 3 562 |
|---|--------|--------|
| Commonwealth-sourced grants and funding | 2 689 | 3 562 |
| | \$'000 | \$'000 |
| | 2021 | 2020 |

Commonwealth-sourced grants and funding are usually subject to terms and conditions set out in the contract correspondence or legislation. Revenue from Commonwealth-sourced funding is recognised when the entity obtains control over the granted assets, generally when the cash is received, unless otherwise specified.

In 2020-21 \$237 000 was recognised for the progress made towards constructing SAPOL infrastructure initiative in APY lands, refer to Note 7.4 for remaining unearned revenue in relation to this funding.

During 2020-21 SAPOL recovered costs associated with resources provided at the request of the Commonwealth Government in relation to:

- Australian Criminal Intelligence Commission (ACIC) Jurisdictional criminal history referrals
- Australian Firearms Information Network
- Operation Midrealm
- ANZCTC Drill Exercise and Training Consumable Program
- Home and Community Care.

Conditions attached to these grants require any unspent funds to be returned to the Commonwealth.

2.4. Resources received free of charge

| | 2021 \$'000 | 2020 \$'000 |
|--|----------------|----------------|
| Services received free of charge - Shared Services SA | 3 747 | 3 644 |
| Services received free of charge - Department of the Premier and Cabinet | 379 | - |
| Contributed (donated) asset revenue | 389 | 1 015 |
| Donations | | 5 |
| Total resources received free of charge | 4 515 | 4 664 |

Contributions of services are recognised only when a fair value can be determined reliably and the services would be purchased if they had not been donated.

SAPOL received Financial Accounting, Taxation, Payroll, Accounts Payables, Accounts Receivable and systems support from Shared Services SA free of charge following Cabinet's approval to cease intra-government charging.

Centralised IT and Telecommunication services were provided to SAPOL free of charge by ICT and Digital Government part of the Department of the Premier and Cabinet in 2020-21 due to ceasing the intra-governmental billing for these services.

2.5. Net gain from the disposal of property, plant and equipment

| | 2021 | 2020 |
|--|--------|--------|
| | \$'000 | \$'000 |
| Land and buildings held for sale | | |

| Net gain / (loss) on modification of right-of-use assets | 788 | 25 |
| Total net gain/ (loss) from disposal of non current assets | 1 147 | 176 |
| | | |

Gains/losses on modification of right-of-use (ROU) assets include derecognition of the ROU assets (note 5.3) and associated lease liabilities (note 7.2) where the lease terms and conditions were modified during the current year.

2.6. SA Government grants, subsidies and transfers

| | 2021 | 2020 |
|---|--------|---------|
| | \$'000 | \$'000 |
| Contributions from the Community Road Safety Fund ⁽¹⁾ | 44 437 | 43 353 |

| Other intra-government transfers | 440 | 313 |
| Total SA Govt grants subsidies and transfers | 81 058 | 107 791 |

SA Government grants, subsidies and transfers are primarily recognised as income on receipt.

- ⁽¹⁾ Community Road Safety Fund (CRSF) SAPOL received \$44.437 million (2020: \$43.353 million) from the Department for Infrastructure and Transport (DIT) to fund road safety initiatives included within SAPOL's Road Safety Program – refer note 1.2.
- ⁽²⁾ Community Emergency Services Fund (CESF) SAPOL received \$24.059 (2020: \$23.473 million) from South Australia Fire and Emergency Services (SAFECOM) for the provision of emergency services included in SAPOL's Public Safety Program – refer note 1.2.
- ⁽³⁾ Department of Treasury and Finance Contingency SAPOL received \$28.804 million in 2019-20 related to EB backpay. Not applicable in 2020-21.
- ⁽⁴⁾ Road Safety Development funding SAPOL receives funding from the Compulsory Third Party Insurance Regulator for the provision of Road Safety Services including the development of data analytic capabilities, implementing road safety strategic communication/engagement programs and Heavy vehicle enforcement activities. Revenue is recognised on delivery of road safety activities which are billed quarterly and in arrears. At 30 June, \$3.122m is within Receivables – refer note 6.2.
- ⁽⁵⁾ Prosecution and other court fees are recognised on receipt from Attorney-General's Department who collect fees on SAPOL's behalf and pass on the fees received to SAPOL monthly.

2.7. Other income

| | 2021 | 2020 |
|-------------------------------|--------|--------|
| | \$'000 | \$'000 |
| Employee benefits recoveries | 2 535 | 4 806 |
| Goods and services recoveries | 978 | 2 183 |
| Sundry receipts | 1 171 | 386 |
| Rent revenue | 260 | 246 |
| Other sundry revenues | 649 | 1 011 |
| Total other income | 5 593 | 8 632 |

Recoveries include employee benefits recoveries (i.e. where employees are seconded to other agencies or Commonwealth programs and SAPOL continues to provide the ongoing salary for the employees) and goods and services (that is, where SAPOL incurs expenditure on goods and services and later recovers the expenditure).

3. Committees and employees

SAPOL Executive Leadership Team (ELT) support the Commissioner of Police and the Deputy Commissioner of Police to achieve the aims of the SAPOL corporate business plan. This includes providing leadership and direction within their respective service areas and contributing to the overall performance of SAPOL.

3.1. Key management personnel

Key management personnel of SAPOL include the Minister for Police, Emergency Services and Correctional Services, the Commissioner of Police and various other members of the SAPOL Executive Leadership Team.

The compensation detailed below excludes the salary and other benefits of the Minister for Police, Emergency Services and Correctional Services receives. The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via Department of Treasury and Finance) under section 6 the *Parliamentary Remuneration Act 1990*.

| | 2021 | 2020 |
|---|--------|--------|
| Compensation | \$'000 | \$'000 |
| Salaries and other short-term employee benefits | 4 074 | 3 465 |
| Post-employment benefits | 840 | 680 |
| Total compensation | 4 914 | 4 145 |

* Although the Commissioner of Police's salary is funded from 'Recurrent Expenditure – Special Acts' which is an administered item his remuneration has been included in the figures above.

Transactions with key management personnel and other related parties

SAPOL did not enter into any transactions with key management personnel or their close family during the reporting period that were not consistent with normal procurement arrangements.

3.2. Tribunal members

The Police Review Tribunal hears appeals arising from a selection of decisions for positions between the rank of Senior Constable and Senior Sergeant.

Tribunal remuneration

The table includes all employees whose normal remuneration was equal to or greater than the base executive remuneration level during the year. Remuneration of employees reflects all costs of employment including salaries and wages, payments in lieu of leave, superannuation contributions, salary sacrifice benefits, fringe benefits and any fringe benefits tax paid or payable in respect of those benefits. The total remuneration received by these employees for the year is \$195.7 million (2020: \$170.3 million).

3.3. Employee benefits expenses (continued)

Targeted voluntary separation packages

The number of employees who received a TVSP during the reporting period was 2 (2020: 8).

| Total non-current employee benefits | 206 888 | 212 388 |
| Total employee benefits | 283 935 | 309 752 |

Employee benefits accrue as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

Salary and wages, annual leave, skills and experience retention leave (SERL) and sick leave

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at reporting date.

The annual leave liability and the SERL liability in full is expected to be payable within 12 months and is measured at the undiscounted amount expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

3.4. Employee benefits liability (continued)

Long service leave

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Details about the measurement of long service leave liability is provided as note 10.1.

Leave bank

Leave Bank Fund is a departmentally sponsored sickness and accident 'safety net' type scheme for police officers. It operates in circumstances where injury or illness has exhausted a member's own sick leave and supplements it from a bank of donated annual leave days. Members become eligible for benefits once they have contributed one day of their first allocated annual leave. Ongoing, members donate one day of their annual leave when called upon. Leave bank is recorded at nominal amount using the average daily rate of remuneration at reporting date.

Police service leave

Police Service Leave is prescribed in Clause 34 of the South Australia Police enterprise Agreement 2011 and came into effect 1 July 2014 to recognise and retain the knowledge and experience of long serving officers. The liability for police service leave is measured at nominal amounts using current salary rates and the short-term salary inflation rate of 2%. Police service leave is accrued at the rate of 4 weeks leave every five years and is to be used within those 5 years.

| Total supplies and services | 185 701 | 158 641 |

Accommodation

SAPOL has a number of accommodation arrangements provided by the Department for Infrastructure and Transport (DIT) under a Memoranda of Administrative Arrangement (MoAA) issued in accordance with Government-wide accommodation policies. Information about accommodation incentives relating to this arrangement is shown in note 7.4.

Insurance

SAPOL is a participant in the SA Government's Insurance Program. SAPOL pays an insurance premium through South Australian Government Financing Authority (SAFA). SAPOL is responsible for the payment of claim amounts up to an agreed amount (the deductible). SAFA provides the balance of the funding for claims in excess of the deductible.

Covid-19

Various categories of supplies and services have increased in 2020-21 due to \$29.8 million of Covid-19 related expenditure.

Other

Audit fees paid/payable to the Auditor-General's Department (AGD) relating to work performed under the *Public Finance and Audit Act 1987* were \$0.365 million (2020: \$0.345 million). No other services were provided by the Auditor-General's Department.

4.2. Depreciation and amortisation

| Total depreciation and amortisation for PPE | 28 019 | 28 203 |
| Total depreciation and amortisation | 44 281 | 44 155 |

All non-current assets, having a limited useful life, are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential.

Useful life

Depreciation/amortisation is calculated on a straight-line basis over the estimated useful life of the following classes of assets as follows:

| Class of asset | Useful life (years) |
|--|-------------------------|
| Buildings and improvements | 1 - 60 |
| Vehicles and transport vessels | 1 - 10 |
| Aircraft | 3 - 35 |
| Computing & communications equipment | 1 - 60 |
| Other property, plant and equipment | 2 - 38 |
| Accommodation and leasehold improvements | Remaining life of lease |
| Computer software | 1 - 10 |
| Right-of-use buildings | 1 -14 |
| Right-of-use vehicles | 3 - 5 |
| Right-of-use property, plant and equipment | 3 |

Review of accounting estimates

Assets' residual values, useful lives and depreciation/amortisation methods are reviewed and adjusted, if appropriate, on an annual basis. Changes in the expected life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

5. Non-financial assets

5.1. Property, plant and equipment by asset class

Property, plant and equipment comprises tangible owned and right-of-use (leased) assets. The assets presented below do not meet the definition of investment property.

5.2. Property, plant and equipment owned by SAPOL

Property, plant and equipment owned by SAPOL with a value equal to or in excess of \$10 000 is capitalised, otherwise it is expensed. Property, plant and equipment owned by SAPOL is initially recorded on a cost basis and subsequently measured at fair value. Where assets are acquired at no value or minimal value they are recorded at fair value in the Statement of Financial Position. Detail about SAPOL's approach to fair value is set out in note 10.2.

Property, plant and equipment owned by SAPOL includes \$60.431 million (2020: \$64.107 million) of fully depreciated plant and equipment still in use.

Impairment

Property, plant and equipment owned by SAPOL has not been assessed for impairment as they are non-cash generating assets, that are specialised in nature and held for continual use of their service capacity.

Revaluation of property, plant and equipment owned by SAPOL is undertaken on a regular cycle as detailed in note 10.2. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

5.3. Property, plant and equipment leased by SAPOL

Right-of-use assets leased by SAPOL as lessee are measured at cost and there were no indications of impairment of right-of-use assets.

Additions to leased property, plant and equipment during 2020-21 were \$36.167 million (2019-20 \$6.997 million).

Interest expense paid on lease liabilities during 2020-21 was \$1.132 million (2019-20 \$1.762 million)

Short-term leases of 12 months or less and low value leases where the underlying asset value is less than \$15 000 are not recognised as right-of-use assets. The associated lease payments are recognised as an expense and are disclosed in note 4.1.

SAPOL has the following leases:

- 1076 motor vehicle leases with the South Australian Government Financing Authority (SAFA). Motor vehicle leases are non-cancellable, with rental payments monthly in arrears. Motor vehicle lease terms can range from 1 year (60,000km) up to 5 years (100,000km). No contingent rental provisions exist within the lease agreements and no options exist to renew the leases at the end of their term.
- 1 building lease is held with DIT but is not governed by Premier and Cabinet Circular PC018, with rental payments in arrears. Building lease terms range from 1 year to 4 years. No contingent rental provisions exist within the lease agreements but there are options to renew the leases at the end of their term.
- 22 building leases held with external lessors with rental payments monthly in arrears. Building lease terms
 range from 1 year to 12 years. No contingent rental provisions exist within the lease agreements but there are
 options to renew the leases at the end of their term.
- A building lease held with Plenary Justice (SA) Pty Ltd under a Public-Private Partnership Agreement (PPP) for regional police stations for SAPOL which is non-cancellable, with rental payments quarterly in arrears. Initial lease was signed in June 2005 for 25 years with a 5 year extension option that is more likely than not to be exercised. No residual value guarantee.
- A plant and equipment lease held with NEC IT Services Australia Pty Ltd is non-cancellable, with rental payments monthly in arrears.
- A plant and equipment lease held with Aviair Pty Ltd is non-cancellable, with rental payments monthly in arrears. Initial lease was for 18 month term from March 2019. No residual value guarantee.

The lease liabilities related to the right-of-use assets are disclosed in note 7.2. SAPOL's maturity analysis of its lease liabilities is disclosed in note 10.3. Expenses related to leases, including depreciation and interest expenses, are disclosed in notes 4.2 and 4.1. Cash outflows related to leases are disclosed in note 8.2. SAPOL has not committed to any lease arrangements that have not commenced from 1 July.

5.4. Intangible assets

Intangible assets are initially measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and any accumulated impairment losses.

The acquisition of or internal development of software is capitalised only when the expenditure meets the definition and recognition criteria and when the amount of expenditure is greater than or equal to \$10 000.

The internally developed computer software includes software modules of SAPOL's Project Shield which are operational. SAPOL will continue to recognise software associated with Project Shield as it becomes operational.

All research and development costs that do not meet the capitalisation criteria outlined in AASB 138 Intangible Assets are expensed.

Non-current assets classified as held for sale represents land, buildings and vehicles which have been declared surplus to SAPOL's requirements.

SAPOL has measured the assets held for sale at the lower of its carrying amount and fair value less costs to sell. Detail about SAPOL's approach to fair value is set out in note 10.2.

Independent site valuations have been provided for the properties upon their classification as held for sale. The valuations are based on recent market transactions for similar unrestricted land and buildings in the area and includes adjustment for factors specific to the land and building such as size and location.

6. Financial assets

| Imprest account/cash on hand | 364 | 307 |
| Total cash and cash equivalents | 214 121 | 189 913 |

Cash is measured at nominal amounts. The Government has a policy to align agency cash balances with the appropriation and expenditure authority.

Deposits with the Treasurer

Special deposit accounts are established under section 8 of the *Public Finance and Audit Act 1987*. Special deposit accounts must be used in accordance with their approved purpose.

Some of SAPOL's appropriation is deposited into the Accrual Appropriation Excess Funds account. Although SAPOL controls the money in the Accrual Appropriation Excess Funds Account, its use must be approved by the Treasurer. SAPOL does not earn interest on its deposits with the Treasurer.

6.2. Receivables

| | 2021 | 2020 |
|---|--------|--------|
| Current | \$'000 | \$'000 |
| From government entities | 1 813 | 10 302 |

| Total non-current receivables | 4 134 | 3 891 |
| Total receivables | 20 254 | 20 393 |

Receivables arise in the normal course of selling goods and services to other government agencies and to the public. Receivables are normally settled within 30 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement. Receivables, prepayments and accrued revenues are non-interest bearing. Receivables are held with the objective of collecting the contractual cash flows and they are measured at amortised cost.

Other than as recognised in the allowance for impairment loss on receivables, it is not anticipated that counterparties will fail to discharge their obligations. The carrying amount of receivables approximates net fair value due to being receivables on demand. There is no concentration of credit risk. Refer to note 10.3 for further information on risk management.

The net amount of GST recoverable from the ATO is included as part of receivables.

| Amounts recovered during the year | (1) | (1) |
| Increase/(Decrease) in the allowance recognised in profit or loss | 6 | 6 |
| Carrying amount at end of the period | 23 | 18 |

Impairment losses relate to contracts with customers external to SA Government. No impairment loss was recognised in relation to statutory receivables.

Refer to note 10.3 for details regarding credit risk and the methodology for determining impairment.

7. Liabilities

7.1. Payables

| | 2021 \$'000 | 2020 \$'000 |
|------------------------------------|----------------|----------------|
| Current | | |
| Creditors | 26 839 | 22 272 |

| Total non-current payables | 23 767 | 24 094 |
| Total payables | 68 094 | 69 992 |

Payables are measured at nominal amounts. Payables and accruals are raised for all amounts owing but unpaid. Creditors are normally settled within 30 days from the date the invoice is first received. All payables are non-interest bearing. The carrying amount of payables represents fair value due to their short-term nature.

Employment on-costs

Employment on-costs include payroll tax and superannuation contributions and are settled when the respective employee benefits that they relate to are discharged.

SAPOL makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the South Australian Superannuation Board.

As a result of an actuarial assessment performed by the Department of Treasury and Finance, the average factor for the calculation of employer superannuation cost on-costs has increased to 10.1% compared from 2019-20 rate of 9.8%. The average proportion of long service leave taken as leave over the past 3 years changed from the 2020 rate (57.88%) to 59.18% for police and changed from the 2020 rate (53.83%) to 54.90% for non-police. These rates are used in the employment on-cost calculation. The net financial effect of the changes in the current financial year was deemed to be immaterial.

Paid parental leave scheme

Paid Parental Leave Scheme payable represents amounts which SAPOL has received from the Commonwealth Government to forward onto eligible employees via SAPOL's standard payroll processes. That is, SAPOL is acting as a conduit through which the payment to eligible employees is made on behalf of the Family Assistance Office.

7.2. Lease Liabilities

All material cash outflows are reflected in the lease liabilities disclosed below.

| | 2021 | 2020 |
|-------------------------------------|--------|--------|
| | \$'000 | \$'000 |
| Current | | |
| Lease building | 6 331 | 6 609 |
| Lease vehicle | 5 233 | 5 396 |
| Lease property plant and equipment | 1 355 | 867 |
| Total current lease liabilities | 12 919 | 12 872 |
| Non-current | | |
| Lease building | 61 553 | 60 501 |
| Lease vehicle | 4 464 | 4 607 |
| Lease property plant and equipment | 315 | - |
| Total non-current lease liabilities | 66 332 | 65 108 |
| Total lease liabilities | 79 251 | 77 980 |

SAPOL measures lease liabilities at discounted future lease payments using either the interest rate implicit in the lease or the Department of Treasury and Finance's incremental borrowing rate. There were no defaults or breaches throughout the year. The extension options are included in the lease liabilities as SAPOL is reasonably certain to extend the leases.

Workers compensation

SAPOL, as a self-insurer, is responsible for the payment of workers compensation claims.

A liability has been reported to reflect unsettled workers compensation claims. The workers compensation provision is based on an actuarial assessment of the outstanding liability as at 30 June 2021 provided by a consulting actuary engaged through the Office of the Commissioner for Public Sector Employment. The liability was calculated in accordance with AASB 137 Provisions, Contingent Liabilities and Contingent Assets as the present value of the expenditures expected to be required to settle obligations incurred as at 30 June. No risk margin is included in this estimate.

The increase in the workers compensation liability in 2021 was impacted by:

• significant increase of \$7.697m across the workers compensation scheme in the amount of payments for income support, other payments and lump sum benefits.

There is a significant degree of uncertainty associated with estimating future claim and expense payments. The liability is impacted by agency claim experience relative to other agencies, average claim sizes and other economic and actuarial assumptions.

Additional Compensation for Certain Work-Related Injuries or Illnesses (Additional Compensation)

SAPOL has recognised an Additional Compensation provision since 30 June 2018 in line with the Police Officers Award.

The additional compensation provision provides continuing benefits to workers who have suffered eligible work-related injuries and illnesses and whose entitlements have ceased under the statutory workers compensation scheme. Eligible injuries are injuries sustained in circumstances which involved, or appeared to involve, the commission of a criminal offence, or which arose from a dangerous situation. If an employee is deemed seriously injured under the *Return to Work Act 2014* (RTW Act), the Additional Compensation provisions under the Award do not apply.

The Additional Compensation provision is based on an actuarial assessment of the outstanding liability as at 30 June 2021 provided by a consulting actuary engaged by the Office of the Commissioner for Public Sector Employment. The liability was calculated in accordance with *AASB 137* as the present value of the expenditures expected to be required to settle obligations incurred as at 30 June. The liability comprises an estimate for known claims and an estimate of incurred but not reported (IBNR) applications. No risk margin is included in the estimate.

7.3. Provisions (continued)

The increase in additional compensation liability in 2021 was impacted by:

- a change in the average outstanding claim size based on the profile of the claimants and their recent payment history and also an increase in the number of successful applications. This resulted in a \$3.299 million increase (net of claim payments).
- a change in the assumed inflation indices, future inflation and discount rates since the previous valuation in 2020. This resulted in a \$3.111 million decrease.

Key assumptions in the estimate include:

- application frequency
- · the probability of applications becoming successful claims
- projections of annual claim payments
- rates of benefit continuance
- retirement age and mortality rates.

There is a significant degree of uncertainty associated with this estimate. In addition to the general uncertainties associated with estimating future claim and expense payments, the Additional Compensation provision is impacted by the limited claims history and the evolving nature of the interpretation of, and evidence required to meet, eligibility criteria.

Given these uncertainties, the actual cost of Additional Compensation claims may differ materially from the estimate. The assumptions used will continue to be refined to reflect emerging experience.

Replacement of aluminium cladding

Liabilities are reported to reflect remediation of aluminium cladding on a number of SAPOL owned buildings.

Civil actions against Police

Liabilities are reported to reflect unsettled actions against SAPOL.

Death in course of employment

A liability was reported to recognise those claims where an employee has died out of or in the course of employment.

7.4. Other liabilities

Accommodation incentives

Accommodation incentives relate to arrangements with the Department for Infrastructure and Transport (DIT) for office accommodation. These arrangements do not comprise leases and the accommodation incentives do not comprise financial liabilities. DIT has provided accommodation improvements free of charge. The benefit of this incentive(s) is spread over the accommodation term so that each year reported accommodation expenses reflect the economic substance of the office accommodation arrangements and related benefits provided.

See note 5.2 for information about the accommodation improvements provided by DIT.

Unearned revenue

SAPOL recognises unearned revenue for consideration received in excess of obligations performed by SAPOL. The main component at 30 June 2021 is for capital works grants received to fund SAPOL infrastructure initiatives in APY lands. The unearned portion represents the consideration proportionate to the progress of the planning and construction of the facility.

8. Other disclosures

8.1. Equity

The asset revaluation surplus is used to record increments and decrements in the fair value of property and plant and equipment to the extent that they offset one another. Relevant amounts are transferred to retained earnings when an asset is derecognised.

8.2. Cash flow

(

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

Total cash outflows for leases for SAPOL were \$15.398 million (2019-20: \$18.379 million).

9. Outlook

9.1. Unrecognised contractual commitments

Commitments include operating, capital and outsourcing commitments arising from contractual or statutory sources and are disclosed at their nominal value.

Capital commitments

| | 2021 | 2020 |
|---|--------|--------|
| | \$'000 | \$'000 |
| Within one year | 1 740 | 692 |
| Later than one year but not later than five years | 229 | - |
| Total capital commitments | 1 969 | 692 |

SAPOL's capital commitments are for major capital projects which includes motorcycle replacement and Shield stage 3.

Expenditure commitments

| | 2021 | 2020 |
|---|---------|---------|
| | \$'000 | \$'000 |
| Within one year | 39 058 | 28 797 |
| Later than one year but not later than five years | 85 194 | 78 314 |
| Later than five years | 231 417 | 285 725 |
| Total expenditure commitments | 355 669 | 392 836 |

Major expenditure commitments include MoAAs with the Department for Infrastructure and Transport for accommodation.

9.2. Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value.

Contingent assets

SAPOL is not aware of any contingent assets.

Contingent liabilities

Claims for property damage or personal injury

As at 30 June 2021, SAPOL has possible exposures resulting from litigation (or pending litigation) in respect of claims for property damage or personal injury/death.

Rewards for unsolved murders

As at 30 June 2021 the value of outstanding rewards for unsolved murders was \$38.4 million (2020: \$38.6 million). No provision has been made in the financial statements for this amount as considerable doubt exists as to the amount and timing of rewards that will actually be paid.

9.3. Impact of standards and statements not yet effective

SAPOL has assessed the impact of the new and amended Australian Accounting Standards and Interpretations not yet implemented and changes to the Accounting Policy Statements issued by the Treasurer. There are no Accounting Policy Statements that are not yet in effect.

Amending Standard AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies and Definition of Accounting Estimates will apply from 1 July 2023. Although applicable to SAPOL, this amending standard is not expected to have an impact on SAPOL's general purpose financial statements. SAPOL will update its policies, procedures and work instructions, where required, to reflect the additional clarification requirements.

Amending Standard AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as *Current or Non-current* will apply from 1 July 2023. SAPOL continues to assess liabilities eg LSL and whether or not SAPOL has a substantive right to defer settlement. Where applicable these liabilities will be classified as current.

9.4. COVID-19 pandemic outlook for SAPOL

The COVID-19 pandemic will continue to impact on the operations of SAPOL in 2021-22. The key expected impacts are difficult to quantify and are influenced by the timing of when the State returns to business as usual post COVID-19. However key expected impacts are increases to employee benefits and supplies and services expenditure associated with maintaining a safe work environment and responding to the pandemic.

9.5. Events after reporting period

SAPOL are not aware of any events after reporting period.

10. Measurement and risk

10.1. Long service leave liability - measurement

AASB 119 Employee Benefits contains the calculation methodology for long service leave liability.

The actuarial assessment performed by the Department of Treasury and Finance has provided a basis for the measurement of long service leave and is based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service. These assumptions are based on employee data over the police and emergency services sector across government.

AASB 119 *Employee Benefits* requires the use of the yield on long-term Commonwealth Government bonds as the discount rate in the measurement of the long service leave liability. The yield on long-term Commonwealth Government bonds has increased from 2020 (1%) to 1.5% in 2021.

This change in the bond yield, which is used as the rate to discount future long service leave cash flows, results in a decrease in the reported long service leave liability.

The net financial effect of the changes to actuarial assumptions in the current financial year is a decrease in both the long service leave liability and employee benefits expense of \$9.589 million. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of demographical and financial assumptions – including the long-term discount rate.

Current long service leave reflects the portion of leave expected to be settled within the next 12 months, based on the average proportion of long service leave taken or paid over the last 3 years.

10.2. Fair value

AASB 13 Fair Value Measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

The revaluation process is reviewed by SAPOL each year.

Non-current tangible assets are valued at fair value and revaluation of non-current assets or a group of assets is only performed when the fair value at the time of acquisition is greater than \$1 million and estimated useful life is greater than three years.

Revaluation is undertaken on a regular cycle as detailed below. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

10.2. Fair value (continued)

Fair value hierarchy

SAPOL classifies fair value measurement using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements, based on the data and assumptions used in the most recent revaluation:

- Level 1 traded in active markets and is based on unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at measurement date.
- Level 2 not traded in an active market and are derived from inputs (inputs other than quoted prices included within level 1) that are observable for the asset, either directly or indirectly.
- Level 3 not traded in an active market and are derived from unobservable inputs.

SAPOL's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the reporting period.

During 2021 and 2020, SAPOL had no valuations categorised into level 1; there were no transfers of assets between level 1 and 2 fair value hierarchy levels and there were no changes in valuation technique.

Land and buildings

An independent valuation of land and buildings was performed by a Certified Practising Valuer from Liquid Pacific, as at 30 June 2019.

Fair value of land has been determined using the market approach. The valuation was based on recent market transactions for similar land in the area and includes adjustment for factors specific to the land such as size and location. For land classified as restricted in use, adjustments were applied to reflect the restriction.

The fair value of buildings was determined using current replacement cost, due to there not being an active market. The current replacement cost considered the need for ongoing provision of government services, specialised nature and restricted use of the assets, their size, condition and location.

The valuation used estimates about construction materials that would be required to replace the buildings, information about current construction costs were derived from building costs guides, internal records such as procurement documents, and the estimated useful life due to age and condition of the building.

SAPOL undertook a desktop valuation of its assets as at 30 June 2020, any movements were deemed immaterial.

Plant and equipment, transport vessels and aircraft

All items of plant and equipment, transport vessels and aircraft with a fair value at the time of acquisition less than \$1 million and an estimated useful life less than three years has not been revalued in accordance with APS 116.D. The carrying value of these items are deemed to approximate fair value.

An independent valuation of plant and equipment, transport vessels and aircraft with a fair value of greater than \$1 million was performed by a Certified Practising Valuer from Liquid Pacific, as at 30 June 2019.

10.3. Financial instruments

Financial risk management

Financial risk management is managed by SAPOL's Financial Management Services Branch. SAPOL's risk management policies are in accordance with the SA Government Risk Management Guide and the principles established in the Australian Standard Risk Management Principles and Guidelines.

SAPOL's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of financial instruments held.

Liquidity risk

SAPOL is funded principally from appropriation by the SA Government. SAPOL works with Department of Treasury and Finance to determine the cash flows associated with its Government approved program of work and to ensure funding is provided through SA Government budgetary processes to meet the expected cash flows.

Refer to notes 1.2 and 2.1 for further information.

Credit risk

SAPOL has policies and procedures in place to ensure that transactions occur with customers with appropriate credit history.

No collateral is held as security and no credit enhancements relate to financial assets held by SAPOL.

Impairment of financial assets

Loss allowances for receivables are not measured and recognised using the simplified expected credit loss approach prescribed in AASB 9. Instead, SAPOL undertakes a comprehensive review of all non-SAG outstanding debtors on a case-by-case basis with a view to collectability of monies owed.

Receivables from non-government debtors comprise a large number of small balances. A listing is maintained of debtors where recoveries are unlikely and a loss allowance is created.

SAPOL receives the Debtors Management Report monthly from the Accounts Receivable (AR) Invoicing Team at Shared Services SA (SSSA). As per the arrangement between the two agencies, SSSA initially undertake recovery actions via monthly statements, phone calls and demand letters to customers that have overdue SAPOL invoices, where the debt is less than 180 days overdue.

Once SSSA have exhausted all avenues for recovery, receivables aged greater than 180 days are referred back to SAPOL for action. Once a debtor has been referred to the agency, the matter is appraised and either managed internally or progressed to a mercantile debt collection agency for recovery.

There were no material impairment losses recognised in the year.

Credit loss of Government debtors is considered to be nil based on the nature of counterparties and external credit ratings. Nonetheless inter-agency receivables are assessed individually and confirmed with the relevant public authority to ensure agreement between the public authorities on the quantum of the debt.

Cash and debt investments

SAPOL considers that its cash and cash equivalents have low credit risk based on the external credit rating of the counterparties and therefore the expected credit loss is nil.

All of SAPOL's debt investments at amortised cost are considered to have low credit risk and consideration of expected credit loss was limited to 12 months expected losses. The expected credit loss is nil.

10.3. Financial instruments (continued)

Market risk

SAPOL does not trade in foreign currency, nor enter into transactions for speculative purposes, nor for hedging. SAPOL does not undertake any hedging in relation to interest or foreign currency risk and manages its risk as per the government's risk management strategy articulated in TI 23 Management of Foreign Currency Exposures.

Exposure to interest rate risk may arise through its interest bearing liabilities, including borrowings. As at 30 June 2021, SAPOL had no borrowings.

Categorisation of financial instruments

Details of the significant accounting policies and methods adopted including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised with respect to each class of financial asset, financial liability and equity instrument are disclosed in the respective financial asset / financial liability note.

Classification of financial instruments

SAPOL measures all financial instruments at amortised cost.

* Maturities analysis is presented using undiscounted cash flow and therefore may not be total to equal the carrying amount / fair value of the financial instruments.

** Total amounts disclosed here exclude statutory amounts. Receivables do not include prepayment as these are not financial instruments. Prepayments are presented in note 6.2.

Statutory receivables and payables

The receivable and payable amounts disclosed here exclude amounts relating to statutory receivables and payables. This includes Commonwealth, State and Local Government taxes, fees and charges; Auditor-General's Department audit fees. This is in addition to employee related payables such as payroll tax, fringe benefits tax and pay as you go withholding. In government, certain rights to receive or pay cash may not be contractual but have their source in legislation and therefore, in these situations, the disclosure requirements of AASB 7 will not apply. The standard defines contract as enforceable by law. All amounts recorded are carried at cost (not materially different from amortised cost).

A1. Basis of preparation and accounting policies

The basis of preparation for the administered financial statements is the same as the basis outlined in note 1.1. SAPOL applies the same accounting policies to the administered financial statements as set out in the notes to SAPOL's financial statements.

Departures from SAPOL's 'basis of preparation'

Income from expiation fees, Victims of Crime Levy and firearms safety training levy are recognised on a cash basis. All other elements of SAPOL's Statement of Administered Comprehensive Income and Statement of Administered Financial Position have been prepared on an accrual basis.

A2. Objectives/Activities of SAPOL's administered items

SAPOL's administered items are structured to contribute to these main activities:

Unclaimed property

SAPOL holds unclaimed monies and proceeds from disposal of found properties. These monies are held for a period of six months and are then passed to government. SAPOL treats these items in accordance with *Police Regulations 2014*.

Exhibit monies

SAPOL holds cash being confiscated at the time of an offence (that is, items found at a crime scene or which were part of a theft). These items are held as an exhibit which may be presented to the court as evidence at the time the offence is heard. The court may decide that the items are returned or confiscated and passed to the government.

Expiation fees

SAPOL, as a central processing agency of explation notices, collects explation revenue arising from explation notices issued by police officers and other authorised officers. SAPOL treats the collected explation revenue pursuant to the requirements of the *Explation of Offences Act 1996*. Monies collected are paid into the consolidated account or to the Government agency accountable for the fees. This includes collection of explation revenue relating to a zero-tolerance approach to Protect SA's Fruit Fly Free Status under the *Plant Health Act 2009*.

Victims of Crime Levy

SAPOL, as a central processing agency of explation notices, collects Victims of Crime explation revenue arising from the explation of offences included on explation notices issued by police officers and other authorised officers. SAPOL treats the collected Victims of Crime Levy revenue pursuant to the requirements of the *Victims of Crime Act 2001*. Monies collected are paid into the Victims of Crime Fund operated by the Attorney-General's Department. These are shown as intra-government transfers in the Statement of Administered Comprehensive Income.

Special Acts

SAPOL receives separate appropriation for the payment of salaries in relation to the Commissioner of Police. Funding is provided under 'Recurrent Expenditure - Special Acts'. Employee related expenditure in administered items reflects cash payments only. The liabilities are recorded as SAPOL controlled items.

A2. Objectives/Activities of SAPOL's administered items (continued)

Public Private Partnership

In June 2005 the Minister of Infrastructure executed a 25-year agreement with Plenary Justice Pty Ltd (Plenary) for regional police stations for SAPOL and courts for the Courts Administration Authority (CAA).

The public private partnership (PPP) includes court facilities at Port Lincoln, Victor Harbor, Berri and Port Pirie.

Under the PPP agreement, SAPOL is responsible for paying lease payments to Plenary for sites occupied by both SAPOL and CAA. SAPOL invoices CAA for the sites that they occupy.

Only the income and expenditure associated with the sites occupied by CAA are recognised as administration items. The resulting revenue is not off-set against expenditure.

Firearms Safety Training Levy

SAPOL collects the Firearms Safety Training Levy as part of firearms licence fees. The Firearms Safety Training Levy is transferred to TAFE SA. The levy subsidises compulsory Firearms Safety Training, run by TAFE SA that all applicants for firearms licences must undertake before being issued with their firearms licence.

Other

SAPOL receives appropriation with respect to a grant payment for a Community Service Obligation payment to South Australian Water Corporation. The Community Service Obligation payment covers the cost of water and sewage rates forgone on emergency service-related properties.

SAPOL has no control over the use of the funds listed above.

A3. Impact of COVID-19 pandemic on the administered activities

The COVID-19 pandemic has impacted on the administered activities of SAPOL. The impacts have been difficult to quantify and have included lower than budgeted explation and Victim of Crime Levy revenue as a result of fewer vehicles on the roads.

A4. Budget performance

The budget performance table compares the department's outcomes against budget information presented to Parliament (2020-21 Budget Paper 4, Volume 3). Appropriation reflects appropriation issued to special deposit accounts (and deposit accounts) controlled by the department. The budget amounts have not been adjusted to reflect revised budgets or administrative restructures. The budget process is not subject to audit.

| | Original budget | Actual | |

| Net result | | (31) | (31) |

Explanations are provided for variances where the variance exceeds the greater of 10% of the original budgeted amount and 5% of original budgeted total expenses. SAPOL has no such variances.

SAPOL has no budget or actual investing expenditure under Administered Items.

A5. Income

A5.1 Appropriation

| | 2021 | 2020 |

A11. Outlook

A11.1 COVID-19 pandemic outlook

The COVID-19 pandemic will continue to impact the administered activities of SAPOL in 2021-22. The key expected impacts are difficult to quantify and are influenced by the timing of when the State returns to business as usual post COVID-19. However key expected impacts are likely to include lower explation and Victim of Crime Levy revenue as a result of fewer vehicles on the roads.
