Department for Health and Wellbeing

Financial report for the year ended 30 June 2018

INDEPENDENT AUDITOR'S REPORT

Level 9 State Administration Centre 200 Victoria Square Adelaide SA 5000 DX 56208 Victoria Square

Tel +618 8226 9640 Fax +618 8226 9688 ABN 53 327 061 410 audgensa@audit.sa.gov.au www.audit.sa.gov.au

To the Chief Executive Department for Health and Wellbeing

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the Department for Health and Wellbeing and the consolidated entity comprising the Department for Health and Wellbeing and its controlled entities for the financial year ended 30 June 2018.

Opinion

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Department for Health and Wellbeing and its controlled entities as at 30 June 2018, its financial performance and its cash flows for year then ended in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2018
- a Statement of Financial Position as at 30 June 2018
- a Statement of Changes in Equity for the year ended 30 June 2018
- a Statement of Cash Flows for the year ended 30 June 2018
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Chief Executive and the Acting Chief Finance Officer.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Department for Health and Wellbeing and its controlled entities. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 Code of Ethics for Professional Accountants have been met.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive for the financial report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the financial report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson

Auditor-General

21 September 2018

Certification of the financial statements

We certify that the:

- financial statements of the Department for Health and Wellbeing:
 - are in accordance with the accounts and records of the authority; and
 - comply with relevant Treasurer's instructions; and
 - comply with relevant accounting standards; and
 - present a true and fair view of the financial position of the authority at the end of the financial year
 and the result of its operations and cash flows for the financial year.
- Internal controls employed by the Department for Health and Wellbeing over its financial reporting and its preparation of the financial statements have been effective throughout the financial year.

Christopher McGowan

Date ./.7./9//3

Chief Executive

Danny De Cesare

Acting Chief Finance Officer

The Consolidated Entity known as SA Health, consists of the following controlled entities:

- The Department for Health and Wellbeing (Parent);
- Central Adelaide Local Health Network Incorporated (includes the subsidiary Medvet Science Pty Ltd (Medvet));
- Country Health SA Local Health Network Incorporated (includes the Health Advisory Councils (HACs));
- Northern Adelaide Local Health Network Incorporated;
- Southern Adelaide Local Health Network Incorporated;
- Women's and Children's Health Network Incorporated; and
- SA Ambulance Service Inc (includes SA Ambulance Development Fund).

Refer to note 32 for information on the Consolidated Entity's joint arrangements (ventures and operations) and structured entity.

The Consolidated Entity operates within the Public Sector Act 2009 and the Health Care Act 2008.

The consolidated financial statements have been prepared in accordance with AASB 10 Consolidated Financial Statements. Consistent accounting policies have been applied and all inter-entity balances and transactions arising within the Consolidated Entity have been eliminated in full.

The Department for Health and Wellbeing (the Department) - Parent Entity

The Department is a government department of the State of South Australia, established pursuant to the *Public Sector Act 2009*. The Department is an administrative unit acting on behalf of the Crown.

Administered items

The Department has administered activities and resources. Transactions and balances relating to administered resources are not recognised as Departmental controlled income, expenses, assets and liabilities. As administered items are insignificant in relation to the Department's overall financial performance and position, they are disclosed in the Schedule of Administered Financial Statements following the general purpose financial statements. Except as otherwise disclosed administered items are accounted for on the same basis and using the same accounting policies as for the Department and Consolidated Entity transactions.

1.2 Statement of compliance

These financial statements have been prepared in compliance with section 23 of the Public Finance and Audit Act 1987.

The financial statements are general purpose financial statements. The accounts have been prepared in accordance with relevant Australian Accounting Standards and comply with Treasurer's Instructions and accounting policy statements promulgated under the provisions of the *Public Finance and Audit Act 1987*.

The Consolidated Entity has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Consolidated Entity is a not-for-profit entity.

1.3 Basis of preparation

The financial statements have been prepared based on a 12 month period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000). Any transactions in foreign currency are translated into Australian dollars at the exchange rates at the date the transaction occurs.

The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured on a different basis.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle even when they are not expected to be realised within 12 months after the reporting date have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

The Consolidated Entity did not voluntarily change any of its accounting policies during 2017-18.

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements have required a change, or as otherwise noted. The restated comparative amounts do not replace the original financial statements for the preceding period.

Significant accounting policies are set out throughout the notes.

1.4 Taxation

The Consolidated Entity is not subject to income tax. The Consolidated Entity is liable for fringe benefits tax (FBT) and goods and services tax (GST). The Department is additionally liable for payroll tax and emergency services levy.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

For the year ended 30 June 2018

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis, and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

1.5 Continuity of operations

As at 30 June 2018, the Consolidated Entity had a working capital deficiency of \$7.845 million (\$51.038 million deficiency). The SA Government is committed and has consistently demonstrated a commitment to the ongoing funding of the Consolidated Entity to enable it to perform its functions.

1.6 Equity

The Consolidated Entity uses the asset revaluation surplus to record increments and decrements in the fair value of land, buildings and plant and equipment to the extent that they offset one another. Relevant amounts are transferred to retained earnings when an asset is derecognised.

Other reserves includes Branch Reserves, Country Capital Reserves, Defined Benefit Fund Remeasurement and investment revaluation reserve to record unrealised gains or losses on available for sale investments.

2. Objectives and activities

2.1 Objectives of the Department for Health and Wellbeing

SA Health is the brand name for the health portfolio of services and agencies (i.e. Consolidated Entity) responsible to the Minister for Health and Wellbeing.

SA Health is committed to protecting and improving the health of all South Australians by providing leadership in health reform, public health services, health and medical research, policy development and planning, with an increased focus on wellbeing, illness prevention, early intervention and quality care.

The Department (i.e. Parent Entity) assists the Minister for Health and Wellbeing to set the policy framework and strategic direction for SA Health.

The Department supports the delivery of public health services, formulates health policy, facilitates public and consumer consultation on health issues, and monitors the performance of South Australia's health system by providing timely advice, research and administrative support.

There are three divisions within the Department:

- Finance and Corporate Services;
- System Performance and Service Delivery; and
- Transforming Health.

2.2 Activities of the Consolidated Entity

In achieving its objectives, the Consolidated Entity provides a range of goods and services classified into the following activities:

Policy, Clinical Services, System Transformation and Administration

Responsible for health policy and promotion, clinical services and administration associated with the provision of health services across South Australia.

This Activity largely reflects the activities of the Department itself (refer to Parent column on the face of the Statements and also the notes accompanying the Statements).

Health Services

The provision of hospital-based tertiary care and other acute services as well as rehabilitation, mental health and other community health services within the metropolitan and country areas, the provision of grants to non-government organisations for the provision of health services, and responsibility for Aboriginal controlled primary health services in Ceduna, Port Augusta and surrounding areas.

This Activity largely reflects the activities of the Local Health Networks (LHNs) and SA Ambulance Service (SAAS), refer to the Consolidated Entity column less the Parent column on the face of the Statements and the notes accompanying the Statements.

Accordingly, additional disaggregated disclosure schedules by major class of income, expense, asset and liability have not been included in the financial statements, as information can be reliably determined from the face of the Statements and the notes accompanying the Statements. It is noted that there are minor and immaterial variances between the two Activities due to interentity eliminations upon consolidation, with the exceptions of supplies and services and grants (expenditure), fees and charges (income), inter-entity loans receivable (asset) and workers compensation payable (liability) - refer to notes 4, 5, 8, 16 and 24 respectively for further information.

For the year ended 30 June 2018

3. Employee benefits expenses

| | Consoli | Parent | | |
|--|-----------|-----------|---------|---------|
| | 2018 | 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Salaries and wages | 3,095,211 | 2,943,378 | 134,924 | 136,035 |
| Targeted Voluntary Separation Packages (refer below) | 12,380 | 2,527 | 1,588 | 672 |
| Long Service Leave | 105,061 | 51,871 | 3,144 | 3,555 |
| Annual leave | 299,702 | 282,532 | 12,632 | 12,679 |
| Skills and Experience Retention Leave | 14,007 | 13,921 | 721 | 794 |
| Employment on-costs - superannuation* | 323,383 | 305,196 | 15,759 | 15,787 |
| Employment on-costs - other | 6,067 | 6,202 | 5,727 | 5,923 |
| Workers compensation** | 47,672 | 23,016 | 4,718 | 3,665 |
| Board and committee fees | 736 | 703 | 248 | 219 |
| Other employee related expenses | 11,385 | 13,891 | 9,343 | 10,526 |
| Total employee benefits expenses | 3,915,604 | 3,643,237 | 188,804 | 189,855 |

^{*} The superannuation employment on-cost charge represents the Consolidated Entity's contribution to superannuation plans in respect of current services of employees. The Department of Treasury and Finance (DTF) centrally recognises the superannuation liability in the whole-of-government financial statements except for SAAS staff who are members of the SAAS defined benefit scheme.

Expenses recognised in profit and loss for the Consolidated Entity in respect of the SAAS defined benefit scheme was \$9.595 million (\$11.963 million), comprising current service cost of \$9.070 million (\$10.955 million) and interest cost of \$0.525 million (\$1.008 million).

** 2018 workers compensation expenditure includes statutory workers compensation obligations under the *Return to Work Act 2014* of \$32.758 million (Parent: \$4.667 million, including \$5.053 million self-insurer fee charged by ReturnToWorkSA) and the new workers compensation non-statutory liability introduced in 2017-18 via various enterprise bargaining agreements and awards \$14.914 million (Parent: \$0.051 million). Refer to note 27 for further information.

3.1 Targeted voluntary separation packages (TVSP)

| | Consolidated | | Parent | |
|---|----------------|----------------|----------------|-------------------|
| Amount paid to separated employees: | 2018 \$'000 | 2017 \$'000 | 2018 \$'000 | 2017 \$'000 |
| Targeted Voluntary Separation Packages | 12,380 | 2,527 | 1,588 | 672 |
| Leave paid to those employees | 3,659 | 1,269 | 679 | 370 |
| | 16,039 | 3,796 | 2,267 | 1,042 |
| Recovery from the Department of Treasury and Finance (DTF) | 9,868 | 5 | 237 | ė a t. |
| Net cost to the entity | 6,171 | 3,796 | 2,030 | 1,042 |
| The number of employees who received a TVSP during the reporting period | 199 | 32 | 20 | 9 |

3.2 Key Management Personnel

Key management personnel (KMP) of the Consolidated Entity includes the Minister*, the Chief Executive* and the two Deputy Chief Executives* of the Department and the six Chief Executive Officers of the Local Health Networks and SA Ambulance Service who have responsibility for the strategic direction and management of the Consolidated Entity.

The compensation detailed below excludes salaries and other benefits received by the Minister for Health and Wellbeing. The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of South Australia, respectively, and are payable from the Consolidated Account (via DTF) under section 6 of the *Parliamentary Remuneration Act 1990*.

* are also key management personnel of the Department.

| Compensation | 2018 \$'000 | 2017 \$'000 |
|---|----------------|----------------|
| Salaries and other short tenn employee benefits | 3,024 | 3,994 |
| Post-employment benefits | 599 | 708 |
| Other long-term employment benefits | 85 | - |
| Termination benefits | 177 | 579 |
| Total | 3,885 | 5,281 |

For those employees acting long term in KMP roles, only compensation for the period that they were acting is included.

| Total supplies and services | 1,914,955 | 1,736,082 | 513,844 | 479,347 |

Due to inter-entity eliminations upon consolidation, supplies and services of \$11.326 million (\$12.167 million) between the Activities of the Department and the LHNs and SAAS were eliminated. Refer to note 2.2 for further information.

Operating Leases

Operating lease payments are recognised as an expense on a straight-line basis over the lease term as it is representative of the pattern of benefits derived from the leased assets. The aggregate benefit of lease incentives received by the Consolidated Entity in respect of operating leases have been recorded as a reduction of rental expense over the lease term, on a straight-line basis.

Consultancies

The number of consultancies and the dollar amount paid/payable (included in supplies and services expense) to consultants that fell within the following bands:

| | | Consoli | dated | | Parent | | | |

| Total funding to incorporated Health Services | 4,699,940 | 4,024,171 | 295,690 | 350,605 |

Due to inter-entity eliminations upon consolidation, grants and subsidies of \$4,995.819 million (\$4,374.776 million) between the Activities of the Department and the LHNs and SAAS were eliminated. Refer to note 2.2 for further information.

The grants given are usually subject to terms and conditions set out in the contract, correspondence, or by legislation. Contributions payable will be recognised as a liability and an expense when the Consolidated Entity has a present obligation to pay the contribution and the expense recognition criteria are met.

6. Borrowing costs

| | Consolid | Consolidated | | t | |
|-------------------------------------|----------|--------------|-----------|----------------|------|
| | 2018 | 18 2017 | 2018 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 | |
| Finance lease costs | 262,427 | 14,047 | | i . | |
| Interest paid/payable on borrowings | 745 | 1,046 | 745 | 1,046 | |
| Other finance charges | 14 | 13 | 15 | 13 | |
| Total borrowing costs | 263,186 | 15,106 | 760 | 1,059 | |

The total borrowing costs from financial liabilities not at fair value through profit and loss was \$263.186 million (\$15.106 million).

Included in finance lease costs is \$260.791 million (\$12.192 million) which relates to the Public Private Partnership (PPP) agreement for the Royal Adelaide Hospital, which is net of a reduction in contingent rental amounts of \$5.168 million (2017: nil)

7. Other expenses

| | | Consoli | dated | Pare | nt |
|--|------|---------|---------|-----------------|--------|
| | | 2018 | 2017 | 2018 | 2017 |
| | Note | \$'000 | \$'000 | \$'000 | \$'000 |

| Other* | | 9,885 | 10,906 | 3,554 | 6,275 |
| Total other expenses | | 106,319 | 104,044 | 26,539 | 36,436 |

* Includes audit fees paid or payable to the Auditor-General's Department relating to work performed under the *Public Finance and Audit Act 1987* of \$2.555 million (\$2.553 million). No other services were provided by the Auditor-General's Department. Other expenses paid or payable to Galpins Accountants, Auditors and Business Consultants were \$0.288 million (\$0.228 million) for other audit services.

Donated assets expense

Donated assets expense includes transfer of property, plant and equipment and intangible assets and is recorded as expenditure at their fair value. The Consolidated Entity provided various anti-viral and highly specialised drugs to health providers to distribute free of charge to the South Australian community.

8. Revenues from fees and charges

| _ | Consolidated | | Pare | ıt |
|---|--------------|---------|---------|---------|
| | 2018 | 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Ambulance cover | 26,953 | 24,679 | € | 3. |

| Commonwealth Transition Care Program | 23,819 | 23,184 | 23,819 | 23,184 |
| Other Commonwealth grants and contributions | 70,094 | 64,464 | 16,792 | 16,486 |
| SA Government Community Development Fund | 7,000 | 7,000 | 7,000 | 7,000 |
| SA Government capital contributions | * | 145 | = | 145 |
| Other SA Government grants and contributions | 20,679 | 21,646 | 696 | 537 |
| Private sector capital contributions | 626 | 174 | - | - |
| Private sector grants and contributions | 37,199 | 33,730 | 1,276 | 936 |
| Total grants and contributions | 1,768,798 | 1,709,031 | 1,427,958 | 1,350,022 |

Contributions are recognised as an asset and income when the Consolidated Entity obtains control of the contributions or obtains the right to receive the contributions and the income recognition criteria are met.

The grants received are usually subject to terms and conditions set out in the contract, correspondence, or by legislation.

Of the \$1,768.798 million (\$1,709.031 million) received during the reporting period \$1,580.189 million (\$1,494.547 million) was provided for specific purposes, including State and Commonwealth Health initiatives-Health reforms, research and other associated activities.

| 10. Interest revenues | Consolid | ated | Paren | t |

| Other | //型 | 32 | <u> </u> | = |
| Total resources received free of charge | 49,865 | 26,484 | 22,486 | 23,616 |

Resources received free of charge includes property, plant and equipment and immunisation drugs recorded at their fair value.

The Consolidated Entity receives Payroll, Accounts Payable and Accounts Receivable services from Shared Services SA free of charge, following Cabinet's approval to cease intra-government charging. Contributions of services are recognised only when a fair value can be determined reliably and the services would be purchased if they had not been donated.

12. Net gain/(loss) from disposal of non-current and other assets

| | Consolidated | | Parent | |
|---|--------------|----------|--|----------|
| | 2018 | 2017 | 2018 | 2017 |

| Non-current assets held for sale: | | | | |
| Proceeds from disposal | 1,748 | 35,178 | 1,748 | 35,146 |
| Less net book value of assets disposed | (1,318) | (37,283) | (1,318) | (37,251) |
| Less other costs of disposal | (19) | (103) | (18) | (103) |
| Net gain/(loss) from disposal of non-current assets held for sale | 411 | (2,208) | 412 | (2,208) |
| Total assets: | | | | |
| Total proceeds from disposal | 2,953 | 35,940 | 1,748 | 35,146 |
| Less total value of assets disposed | (4,930) | (57,994) | (1,374) | (37,255) |
| Less other costs of disposal | (284) | (343) | (18) | (103) |
| Total net gain/(loss) from disposal of assets | (2,261) | (22,397) | 356 | (2,212) |
| | | | | |

Gains or losses on disposal are recognised at the date control of the asset is passed from the Consolidated Entity and are determined after deducting the net book value of the asset from the proceeds at that time. When revalued assets are disposed, the revaluation surplus is transferred to retained earnings.

For the year ended 30 June 2018

13. Other revenues/income

| Commonwealth recurrent grants received via Treasury | 19,371 | 17,882 | 19,371 | 17,882 |
| Total revenues from SA Government | 3,986,313 | 3,400,798 | 3,986,313 | 3,400,798 |

The Department is the administrative unit of the Consolidated Entity and as such receives all appropriation from DTF. The Department provides recurrent and capital funding under a service level agreement to the LHNs and SAAS for the provision of services.

Appropriations from program funding are recognised as revenue when the Department obtains control over the assets. Control over the appropriations is normally obtained upon receipt and are accounted for in accordance with Treasurer's Instruction 3 *Appropriation*. Where money has been appropriated in the form of a loan, the Department has recorded a loan liability. Where money has been appropriated in the form of an equity contribution, the Treasurer has acquired a financial interest in the net assets of the Department and the contribution is recorded as contributed equity.

15. Cash and cash equivalents

| | Consolidated | | Parent | |
|--|--------------|-----------|---------|---------|
| | 2018 | 2018 2017 | 7 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Cash at bank or on hand: non-government financial institutions | 71,034 | 226,992 | 43,169 | 199,768 |
| Deposits with Treasurer | 516,106 | 242,501 | 249,433 | 86,475 |
| Imprest account/cash on hand | 158 | 234 | 20 | - |
| Total cash | 587,298 | 469,727 | 292,602 | 286,243 |

Cash is measured at nominal amounts. The Government has a policy to align agency cash balances with the appropriation and expenditure authority.

Deposits with the Treasurer

The Consolidated Entity has three deposit accounts with the Treasurer: a general operating account, an Accrual Appropriation Excess Funds account and a special purpose funds account. Although the Consolidated Entity controls the money in the Accrual Appropriation Account, its use must be approved by the Treasurer. The Consolidated Entity earns interest on the special purpose funds account.

|-------------------|---------|---------|---------|---------|

16.1 Movement in the allowance for doubtful debts

The allowance for doubtful debts (allowance for impairment loss) is recognised when there is objective evidence that a receivable is impaired. An allowance for impairment loss has been recognised in other expenses for specific debtors and debtors assessed on a collective basis for which such evidence exists.

| | Consolidated | | Parent | | | | |
|---|--------------|----------|--------|--------|------|------|------|
| | 2018 | 2018 | 2018 | 2018 | 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 | | | |
| Carrying amount at the beginning of the period | 36,358 | 34,212 | 243 | 421 | | | |
| Amounts written off | (19,119) | (19,257) | (15) | (41) | | | |
| Amounts recovered during the year | 150 | (18) | 5 | 070 | | | |
| Increase/(Decrease) in allowance recognised in profit or loss | 14,070 | 21,421 | 31 | (137) | | | |
| Carrying amount at the end of the period | 31,309 | 36,358 | 259 | 243 | | | |

The Consolidated Entity has recognised a bad and doubtful debt expense of \$1 5.680 million (\$25.560 million).

16.2 Reconciliation of loans receivable by the Parent and related movements

| | Health Services | | Back-to-Back | |
|----------------------|-----------------|---------|--------------|---------|
| | 2018 | 2017 | 2018 | 2017 |
| € | \$'000 | \$'000 | \$'000 | \$'000 |
| Balance at 1 July | 12,425 | 16,248 | 10,461 | 13,494 |
| Principal repayments | (4,379) | (3,823) | (3,546) | (3,033) |
| Balance at 30 June | 8,046 | 12,425 | 6,915 | 10,461 |

As at 30 June 2018 the Department has financed two Health Services with loans of \$1.131 million (\$1.964 million) for aged care housing and \$6.915 million (\$10.461 million) for the Flinders Medical Centre (FMC) carpark from departmental funds with a back-to-back loan arrangement with DTF for the FMC carpark loan.

Due to inter-entity eliminations upon consolidation, loans receivables of \$8.046 million (\$12.425 million) between the Activities of the Department and the LHNs and SAAS were eliminated. Refer to note 2.2 for further information.

For the year ended 30 June 2018

16.3 Interest rate and credit risk

Receivables arise in the normal course of selling goods and services to other agencies and to the public. The Consolidated Entity's trading terms for receivables are generally 30 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement. Receivables, prepayments and accrued revenues are non-interest bearing.

Collectability of receivables is reviewed on an ongoing basis. An allowance for doubtful debts is raised when there is objective evidence that the Consolidated Entity will not be able to collect the debt. Other than as recognised in the allowance for doubtful debts, it is not anticipated that counterparties will fail to discharge their obligations. The carrying amount of receivables approximates net fair value due to being receivable on demand. There is no concentration of credit risk.

Refer to note 36 for further information on risk management.

17. Other financial assets

| | Consolidated | | Parent | |
|------------------------------------|--------------|---------|--------|--------|
| | 2018 | 2017 | 2018 | 2017 |
| Current | \$'000 | \$'000 | \$'000 | \$'000 |
| Term deposits | 95,773 | 92,939 | - | - |
| Other investments | 6,560 | 9,565 | | |
| Total current financial assets | 102,333 | 102,504 | - | - |
| Non-current | | | | |
| Term deposits | 1,618 | 1,618 | = | - |
| Other investments | 4,470 | 4,381 | = = | ÷ |
| Total non-current financial assets | 6,088 | 5,999 | ¥ | 4 |
| Total financial assets | 108,421 | 108,503 | - | - 1 |

The Consolidated Entity measures financial assets and debts at historical cost, except for listed equities which are measured at market value.

Other investments

Also included in non-current other investments is the Consolidated Entity's share of beneficial entitlement of Flinders Reproductive Medicine Pty Ltd as trustee for Flinders Charitable Trust, trading as Flinders Fertility, which is the only joint arrangement in which the Consolidated Entity participates.

According to the terms of the joint venture, profit earned during the financial year is to be distributed to the beneficiaries, resulting in immaterial net assets being held by the trust. However, it has previously been agreed that rather than paying out these distributions, they be retained in Flinders Fertility as a liability to the beneficiaries to facilitate growth within the business. Therefore the Consolidated Entity recognises their ownership interest of the distribution as a financial asset. Refer to note 32 for further information on interests in other entities.

Refer to note 36 for further information on risk management.

18. Inventories

| | Consolidated | | Parent | |
|---|--------------|--------|----------|------------------|
| | 2018 | 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Drug supplies | 21,696 | 23,436 | 7,226 | 9,069 |
| Medical, surgical and laboratory supplies | 2,501 | 2,641 | <u>=</u> | (2) |
| Food and hotel supplies | 567 | 553 | - | : - : |
| Engineering supplies | 29 | 36 | æ | *. |
| SA Health Distribution Centre and bulk warehouses | 8,827 | 11,930 | 8,827 | 11,930 |
| Inventory imprest stock | 13,421 | 12,112 | ·= | 150 |
| Other | 954 | 891 | 2 | (2) |
| Total current inventories - held for distribution | 47,995 | 51,599 | 16,053 | 20,999 |

Inventories are held for distribution at no or nominal consideration and are measured at the lower of average weighted cost and replacement cost.

The amount of any inventory write-down to net realisable value/replacement cost or inventory losses are recognised as an expense in the period the write-down or loss occurred. Any write-down reversals are also recognised as an expense reduction.

For the year ended 30 June 2018

19. Non-current assets classified as held for sale

| | Consolid | ated | Parent | t |
|--|----------|--------|--------|--------|
| | 2018 | 2017 | 2018 | 2017 |
| | \$'000 | \$'000 | \$'000 | \$'000 |
| Land | 218 | 4,441 | 218 | 1,868 |
| Buildings and improvements | 288 | 14,078 | 288 | 726 |
| Total non-current assets classified as held for sale | 506 | 18,519 | 506 | 2,594 |

Non-current assets are classified as held for sale and stated at the lower of their carrying amount and fair value less costs to sell if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset's sale is expected to be completed one year from the date of classification.

During 2017-18 a decrement of \$0.770 million was recognised in other comprehensive income to reflect the agreed sale price for land and buildings held for sale.

20. Property, plant and equipment, investment property and intangible assets

20.1 Acquisition and recognition

Non-current assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition. Non-current assets are subsequently measured at fair value after allowing for accumulated depreciation. Where assets are acquired at no value, or minimal value, they are recorded at their fair value in the Statement of Financial Position. Where assets are acquired at no or nominal value as part of a restructure of administrative arrangements, the assets are recorded at the value held by the transferor public authority prior to the restructure.

The Consolidated Entity capitalises all non-current tangible property, plant and equipment and intangible assets that it controls value equal to or in excess of \$10,000. Assets recorded as works in progress represent projects physically incomplete as at the reporting date. Componentisation of complex assets is generally performed when the complex asset's fair value at the time of acquisition is equal to or in excess of \$5 million for infrastructure assets and \$1 million for other assets.

20.2 Depreciation and amortisation

All non-current assets, that have a limited useful life, are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential.

The useful lives, depreciation and amortisation methods of all major assets held by the Consolidated Entity are reassessed on an annual basis. Changes in expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate, which is a change in accounting estimate.

Land and non-current assets held for sale are not depreciated.

Lease incentives in the form of leasehold improvements are capitalised as an asset and depreciated over the remaining term of the lease or estimated useful life of the improvement, whichever is shorter.

Depreciation/amortisation is calculated on a straight line basis over the estimated or revised useful life of the classes of assets as follows:

| Class of asset | Useful life (years) |
|--|---------------------|
| Buildings and improvements including under finance lease | 10 - 200 |
| Leasehold improvements | Life of lease |
| Plant and equipment: | |
| Medical, surgical, dental and biomedical equipment and furniture | 2 – 25 |
| Computing equipment | 3 – 5 |
| • Vehicles | 2 – 25 |
| Other plant and equipment | 3 – 50 |
| Under finance lease | Life of lease |
| Intangibles | 5 – 30 |

20.3 Revaluation

All non-current tangible assets are valued at fair value (written down cost).

The Consolidated Entity revalues all land, buildings and site improvements triennially via a Certified Practicing Valuer. A triennial revaluation of other non-current assets by a Certified Practicing Valuer is only performed when the asset's fair value at the time of acquisition is greater than \$1 million and the estimated useful life exceeds three years.

If at any time management considers that the carrying amount of an asset greater than \$1 million materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

For the year ended 30 June 2018

Non-current tangible assets that are acquired between revaluations are held at cost until the next valuation, where they are revalued to fair-value.

Revaluation increases and revaluation decreases relating to individual assets within a class of property, plant and equipment, are offset against one another within that class, but are not offset in respect of assets in different classes.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

Upon disposal or derecognition, any asset revaluation surplus relating to that asset is transferred to retained earnings.

20.4 Impairment

The Consolidated Entity holds its property, plant and equipment and intangible assets for their service potential (value in use). All non-current tangible assets are valued at fair value. Specialised assets would rarely be sold and typically any costs of disposal would be negligible, accordingly the recoverable amount will be closer to or greater than fair value. Where there is an indication of impairment, the recoverable amount is estimated. The recoverable amount is determined as the higher of the asset's fair value less costs of disposal and depreciated replacement cost. The amount by which the asset's carrying amount exceeds the recoverable amount is recorded as an impairment loss. For revalued assets, an impairment loss is offset against the revaluation surplus for that class of assets, to the extent that the impairment loss does not exceed the amount in the respective asset revaluation surplus.

There were no indications of impairment of intangibles or investment properties as at 30 June 2018.

Impairment Events

Following the release of the Expression of Interest for Reactivating the Repat Health Precinct in 2018, certain buildings were identified that could potentially be demolished depending on the proposal adopted. As a consequence it was deemed appropriate that these buildings be impaired to nil value.

In September 2017, Cabinet approved a submission from the Minister for Housing and Urban Development for the transfer of a number of properties within the old Royal Adelaide Hospital (old RAH) site to the Urban Renewal Authority at nil consideration. These properties had been specifically excluded from the footprint of properties previously impaired at the old RAH site, and have been impaired to nil value as the carrying amount of the assets exceeds the amount recoverable on disposal to the Urban Renewal Authority.

20.5 Intangible assets

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. The amortisation period and the amortisation method for intangible assets are reviewed on an annual basis.

The Consolidated Entity has intangibles with indefinite useful lives. Amortisation is not recognised against these intangible assets.

The acquisition of, or internal development of, software is capitalised only when the expenditure meets the definition criteria (identifiability, control and the existence of future economic benefits) and recognition criteria (probability of future economic benefits and cost can be reliably measured), and when the amount of expenditure is greater than or equal to \$10,000.

Capitalised software is amortised over the useful life of the asset.

20.6 Valuation of land and buildings

An independent valuation of land and buildings, including site improvements, was performed in March and April 2018 by Certified Practicing Valuers from Jones Lang Lasalle (SA) Pty Ltd and AssetVal (JLT) Pty Ltd as at 1 June 2018.

The valuers arrived at the fair value of unrestricted land using the market approach. The valuation was based on recent market transactions for similar land and buildings (non-specialised) in the area and includes adjustment for factors specific to the land and buildings being valued such as size, location and current use.

The valuers used depreciated replacement cost for specialised land and buildings, due to there not being an active market for such land and buildings. The depreciated replacement cost considered the need for ongoing provision of government services; specialised nature of the assets, including the restricted use of the assets; and the size, condition, location and current use of the assets. The valuation was based on a combination of internal records, specialised knowledge and acquisitions/transfer costs.

For the year ended 30 June 2018

20.7 Valuation of plant and equipment

All items of plant and equipment that had a fair value at the time of acquisitions less than \$1 million have not been revalued in accordance with Accounting Policy Framework III Asset Accounting Framework. The carrying values of these items are deemed to approximate fair value. These assets are classified in Level 3 as there have been no subsequent adjustments to their value, except for management assumptions about the asset condition and remaining useful life.

The Consolidated Entity's plant and equipment assets with a fair value greater than \$1 million were revalued using the fair value methodology, as at 1 June 2018, based on independent valuations performed by a Certified Practicing Valuer from Jones Lang Lasalle (SA) Pty Ltd.

20.8 Valuation of investment property

Subsequent to initial recognition at cost, investment properties are revalued to fair value with changes in the fair value recognised as income or expense in the period that they arise. The properties are not depreciated and are not tested for impairment.

An independent valuation was performed on the investment property at Unit 1, 27 Kermode St North Adelaide by a Certified Practicing Valuer from AssetVal (JLT) Pty Ltd, as at 30 June 2018. Fair value has been determined by the income approach, where the net income is capitalised at an appropriate yield with recent experience in the local market and equivalent properties.

The valuation of investment property located at Dalgleish St, Thebarton was performed by a Certified Practicing Valuer from Knight Frank Valuations, as at June 2017. The valuer arrived at a fair value based on recent market transactions for similar properties in the area taking in to account zoning and restricted use.

Where there is a recent market transaction for similar properties, the valuations are based on the amounts for which the properties could be exchanged between willing parties in an arm's length transaction, based on current prices in the active market for similar properties. These investment properties have been categorised as Level 2.

Amounts recognised in profit or loss

The Consolidated Entity recognised rental income from investment property during the period of \$2.320 million (\$2.345 million).

Residential aged care bed licences that are purchased are initially recorded at cost. Bed licences that are received for no consideration from the Commonwealth Government are recognised at their fair value at the date of implementation, having regard to recent sale activity within South Australian country areas and the relaxation of ceiling limits on bed licenses, the Consolidated Entity has recorded these licences at nil value.

For the year ended 30 June 2018

23. Fair value measurement

AASB 13 Fair Value Measurement defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

The Consolidated Entity classifies fair value measurement using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements, based on the data and assumptions used in the most recent revaluation:

- Level 1 traded in active markets, and is based on unadjusted quoted prices in active markets for identical assets or liabilities
 that the entity can access at measurement date.
- Level 2 not traded in an active market, and are derived from inputs (inputs other than quoted prices included within Level 1) that are observable for the asset, either directly or indirectly.
- Level 3 not traded in an active market, and are derived from unobservable inputs.

In determining fair value, the Consolidated Entity has taken into account the characteristic of the asset (e.g. condition and location of the asset and any restrictions on the sale or use of the asset); and the asset's highest and best use (that is physically possible, legally permissible and financially feasible).

The Consolidated Entity's current use is the highest and best use of the asset unless other factors suggest an alternative use. As the Consolidated Entity did not identify any factors to suggest an alternative use, fair value measurement was based on current use.

The carrying amount of non-financial assets with a fair value at the time of acquisition that was less than \$1 million or an estimated useful life that was less than three years is deemed to approximate fair value.

Refer to notes 20 and 23.2 for disclosure regarding fair value measurement techniques and inputs used to develop fair value measurements for non-financial assets.

23.1 Fair value hierarchy

The fair value of non-financial assets must be estimated for recognition and measurement or for disclosure purposes. The Consolidated Entity categorises non-financial assets measured at fair value into the hierarchy based on the level of inputs used in measurement as follows:

Fair value measurements at 30 June 2018

| | (| Consolidated | | Parent | | | |

Non-recurring fair value measurement is applicable to land and buildings held for sale. The Consolidated Entity has measured land and buildings held for sale at fair value less costs to sell in accordance with AASB 5 Non-current Assets Held for Sale and Discontinued Operations as the assets' fair value less costs to sell is lower than its carrying amount. Refer to note 19.

The Consolidated Entity's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the reporting period.

During 2018 and 2017, the Consolidated Entity had no valuations categorised into Level 1. Land assets of the Parent entity and SAAS have been classified as Level 2, in 2018 other land of the Consolidated Entity was transferred from Level 2 to Level 3 as there were unobservable inputs, and one building asset was transferred from Level 3 to Level 2 with a fair value of \$5.117 million.

23.2 Valuation techniques and inputs

Land fair values were derived by using the market approach, being recent sales transactions of other similar land holdings within the region, adjusted for differences in key attributes such as property size, zoning and any restrictions on use, and then adjusted with a discount factor. To the extent that land has had any restrictions on use and been adjusted with a discount factor these assets are classified as Level 3. All other land has been classified as Level 2.

Due to the predominantly specialised nature of health service assets, the majority of building and plant and equipment valuations have been undertaken using a cost approach (depreciated replacement cost), an accepted valuation methodology under AASB 13. The extent of unobservable inputs and professional judgement required in valuing these assets is significant, and as such they are deemed to have been valued using Level 3 valuation inputs.

Unobservable inputs used to arrive at final valuation figures included:

- · Estimated remaining useful life, which is an economic estimate and by definition, is subject to economic influences;
- Cost rate, which is the estimated cost to replace an asset with the same service potential as the asset undergoing valuation
 (allowing for over-capacity), and based on a combination of internal records including: refurbishment and upgrade costs,
 historical construction costs, functional utility users, industry construction guides, specialised knowledge and estimated
 acquisition/transfer costs;
- Characteristics of the asset, including condition, location, any restrictions on sale or use and the need for ongoing provision of Government services;
- Effective life, being the expected life of the asset assuming general maintenance is undertaken to enable functionality but no upgrades are incorporated which extend the technical life or functional capacity of the asset; and
- Depreciation methodology, noting that AASB 13 dictates that regardless of the depreciation methodology adopted, the exit price should remain unchanged.

Investment property has been valued using the income approach, based on capitalised net income at an appropriate yield, and is classified as Level 2.

| Total non-current payables | 25,212 | 28,570 | 19,038 | 13,321 |

^{*} Employment on-costs include payroll tax and superannuation contributions. The Consolidated Entity makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the South Australian Superannuation Board and externally managed superannuation schemes.

354,078

375,994

147,399

181,390

Due to inter-entity eliminations upon consolidation, Health Service workers compensation redemption and lump sum payables of \$25.008 million (\$28.172 million) between the Activities of the Department and the LHNs and SAAS were eliminated. Refer to note 2.2 for further information.

As a result of an actuarial assessment performed by DTF, the portion of long service leave taken as leave has increased for the Department from the 2017 rate of 40% to 41% and has decreased for the LHNs and SAAS from the 2017 rate of 48% to 35%. Mercer Consulting (Australia) Pty Ltd has determined that the average factors for the calculation of employer superannuation cost on-costs have changed from 2017 (9.40% to 13.62%) to 2018 (9.71 to 13.23%). These rates are used in the employment on-cost calculation. The net financial effect of the above changes in the current financial year is a decrease in the employment on-cost liability of \$6.789 million (Parent increase of \$0.075 million) and employee benefits expense of \$6.789 million (Parent increase of \$0.075 million). The estimated impact on 2019 and 2020 is \$7.061 million (Parent \$0.078 million) and \$7.343 million (Parent \$0.081 million) respectively.

Creditors represent the amounts owing for goods and services received prior to the end of the reporting period that are unpaid at the end of the reporting period. Creditors include all unpaid invoices received relating to normal operations of the Consolidated Entity.

Accrued expenses represent goods and services provided by other parties during the period that are unpaid at the end of the reporting period, and where an invoice has not been processed/received.

The Paid Parental Leave Scheme payable represents amounts which the Consolidated Entity has received from the Commonwealth Government to forward onto eligible employees via the Consolidated Entity's standard payroll processes. That is, the Consolidated Entity is acting as a conduit through which the payment to eligible employees is made on behalf of the Family Assistance Office.

Interest rate and credit risk

Total payables

Payables are measured at nominal amounts. Creditors and accruals are raised for all amounts owed. Sundry creditors are normally settled within 30 days from the date the invoice is first received. Employee on-costs are settled when the respective employee benefits that they relate to are discharged. All payables are non-interest bearing. The carrying amount of payables approximates net fair value due to the amounts being payable on demand.

Refer to note 36 for further information on risk management.

For the year ended 30 June 2018

| 25. Borrowings | | | | | | |
|------------------------------|------|-----------|-----------|--------|----------------|--|
| 8 | | Consolid | lated | Parent | | |
| | Note | 2018 | 2017 | 2018 | 2017 \$'000 | |
| Current | | \$'000 | \$'000 | \$'000 | | |
| Loans | | 3,908 | 3,546 | 3,908 | 3,546 | |
| Finance lease | 29.3 | 64,561 | 34,770 | - | + | |
| Total current borrowings | | 68,469 | 38,316 | 3,908 | 3,546 | |
| Non-current | | | | | | |
| Loans | | 3,007 | 6,915 | 3,007 | 6,915 | |
| Finance lease | 29.3 | 2,709,726 | 2,763,386 | | - | |
| Total non-current borrowings | | 2,712,733 | 2,770,301 | 3,007 | 6,915 | |
| Total borrowings | | 2,781,202 | 2,808,617 | 6,915 | 10,461 | |

The contractual maturities for loans (financial liabilities at cost) are within 5 years. The Consolidated Entity measures financial liabilities including borrowings/debt at historical cost.

The decrease in loans liability of \$3.546 million arises from financing cash outflows. The decrease in finance lease liability of \$23.869 million arises from financing cash outflows of \$34.770 million less the capitalisation of interest of \$10.901 million.

Refer to note 36 for further information on risk management.

Defaults and breaches

There were no defaults or breaches on any of the above liabilities throughout the year.

Employee benefits accrue as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

26.1 Salaries and wages, annual leave, skills and experience retention leave and sick leave

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at the reporting date.

The annual leave liability and the skills and experience retention leave liability is expected to be payable within 12 months and is measured at the undiscounted amount expected to be paid. In the unusual event where salary and wages, annual leave and skills and experience retention leave liability are payable later than 12 months, the liability will be measured at present value.

No provision has been made for sick leave, as all sick leave is non-vesting, and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

For the year ended 30 June 2018

26.2 Long service leave

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

AASB 119 Employee Benefits contains the calculation methodology for long service leave liability. The actuarial assessment performed by Mercer Consulting (Australia) Pty Ltd has provided a basis for the measurement of long service leave.

AASB 119 requires the use of a yield on long-term Commonwealth Government bonds which matches the expected duration of the liabilities as the discountrate in the measurement of the long service leave liability.

The appropriate yields on long-term Commonwealth Government bonds have increased from 2017 (2.27% to 2.77%) to 2018 (2.57% to 2.84%). This increase in the bond yield, which is used as the rate to discount future long service leave cash flows, results in a decrease in the reported long service leave liability.

The net financial effect of the changes in the bond yield in the current year is a decrease in the reported long service leave liability of \$15.383 million (Parent \$0.500 million) and employee benefits expense of \$15.925 million (Parent \$0.521 million). This decrease has largely been offset by changes to the assumptions associated with the duration of the liability resulting in an overall net increase in the reported long service leave liability relative to 2017. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of assumptions – a key assumption being the long-term discount rate.

An actuarial assessment performed by DTF left the salary inflation rate at 3.00% for annual leave and skills, experience and retention leave liability. The long term salary inflation rate for long service leave was left at 4.00% for the Department and LHNs and increased from 3.50% to 4.00% for SAAS. The net financial effect of the change in the salary inflation rate in the current financial year is an increase in the long service leave liability of \$3.221 million and employee benefits expense of \$3.371 million.

26.3 Superannuation funds

A significant number of SAAS employees are members of the SA Ambulance Service Superannuation Scheme (the "Scheme"). These employees are eligible to receive a benefit from the Scheme. A benefit is payable on retirement, death, disablement or leaving SAAS, in accordance with the Scheme's trust deed and rules. The Scheme provides lump sum benefits based on a combination of defined benefits which depend on years of service and final salary and accumulation benefits which depend on the accumulation of member and employer contributions adjusted for appropriate earnings and expenses. The liability for this Scheme has been determined via an actuarial valuation by Mercer Investment Nominees Limited using the projected unit credit method.

The expected payment to settle the obligation has been determined using national government bond market yields with terms and conditions that match, as closely as possible, to estimated cash outflows. Refer to note 26.

Actuarial gains and losses are recognised in other comprehensive income in the Statement of Comprehensive Income, in the period in which they occur. The superannuation expense comprising interest cost and other costs of the defined benefit plan is measured in accordance with AASB 119 and is recognised as and when contributions fall due.

The South Australian Superannuation Board was appointed Trustee of the Scheme effective 1 July 2006. The Scheme was closed to new members as at 30 June 2008. For those staff who are not members of the Scheme, SAAS pays contributions in accordance with the relevant award or contract of employment to other nominated Superannuation funds in compliance with the superannuation guarantee legislation. Contributions are charged as expenditure as they are made. Members are not required to make contributions to these funds.

The defined benefit liability has been recognised in the Statement of Financial Position in accordance with AASB 119 and is held in SAAS.

In accordance with the revised AASB 119 the discount rate assumption is used to determine interest income and the expected return on assets assumption is no longer used. The actual return on scheme assets was a gain of \$17.668 million (\$21.075 million). Employer contributions of \$5.497 million are expected to be paid to the scheme for the year ending 30 June 2019. Expected employer contributions reflect the current 12.00% of salary contributions.

Sensitivity analysis

The defined benefit obligation as at 30 June 2018 under several scenarios is presented below.

Scenarios A and B relate to discount rate sensitivity. Scenarios C and D relate to salary increase rate sensitivity.

Scenario A: 0.5% p.a. lower discount rate assumption

Scenario B: 0.5% p.a. higher discount rate assumption

Scenario C: 0.5% p.a. lower salary increase rate assumption

Scenario D: 0.5% p.a. higher salary increase rate assumption

| Base Case | Scenario | Scenario | Scenario | Scenario |

Discount Rate

Salary increase rate

Defined benefit obligation (\$'000)

Description of the regulatory framework

The scheme operates in accordance with its Trust Deed. The scheme is considered to be an exempt public sector scheme.

Description of other entities' responsibilities for the governance of the Scheme

The scheme's trustee is responsible for the governance of the scheme. The trustee has a legal obligation to act solely in the best interests of scheme beneficiaries. The trustee has the following roles:

- administration of the scheme and payment to the beneficiaries from scheme assets when required in accordance with the scheme rules:
- management and investment of the scheme assets; and
- compliance with superannuation law and other applicable regulations.

The prudential regulator, the Australian Prudential Regulation Authority (APRA), licences and supervises regulated superannuation schemes.

Description of risks

There are a number of risks to which the scheme exposes the employer. The more significant risks relating to the defined benefits are:

Investment risk

The risk that investment returns will be lower than assumed and the employer will need to increase contributions to offset this shortfall.

Salary growth risk

The risk that wages or salaries (on which future benefit amounts will be based) will rise more rapidly than assumed, increasing defined benefit amounts and thereby requiring additional employer contributions.

Legislative risk

The risk that legislative changes could be made which increase the cost of providing the defined benefits.

The scheme assets are invested in the Funds SA Balanced Investment option. The assets are diversified within this investment option and therefore the Scheme has no significant concentration of investment risk.

Funding arrangements

The financing objective adopted at the 30 June 2017 actuarial investigation of the scheme, in a report dated 5 June 2018, is to maintain the value of the scheme's assets at least equal to:

- 100% of accumulation account balances, plus
- 105% of defined benefit vested benefit.

In that valuation, it was recommended that the employer contribute to the scheme as follows:

- Defined Benefit members:
 - 12.00% of salary for all defined benefit members until 30 June 2018, then
 - 9.50% of salary for all defined benefit members after 1 July 2018, plus
 - Any additional employer contributions agreed between the employer and a member.
- Accumulation members:
 - 9.50% of ordinary time earnings, plus
 - Any additional employer contributions agreed between the employer and a member.

Maturity profile of defined benefit obligation

The weighted average duration of the defined benefit obligation as at 30 June 2018 is eight years.

For the year ended 30 June 2018

27.1 Workers Compensation

Workers compensation statutory provision

The Department is a self-insured employer within the *Return to Work Act 2014*, and has delegated powers pursuant to section 134 of this Act. As a consequence, the Department is responsible for the management of and all costs of workers compensation claims. The Consolidated Entity is directly responsible for the cost of workers compensation claims and the implementation and funding of preventative programs.

From 1 July 2010, the Department devolved annual funding to all remaining safety net funded LHNs and health centres for workers compensation expenditure, excluding lump sum payments. Accordingly, the Department recognises a payable to the LHNs equivalent to the redemption and lump sum payments which the LHNs recognise as a provision in their financial statements. The workers compensation liability to the LHNs recognised by the Department as at 30 June is \$25.008 million (\$28.172 million). Refer to note 24. These transactions are eliminated on consolidation in accordance with the requirements of AASB 10.

The workers compensation provision is an actuarial assessment of the outstanding liability as at 30 June 2018 provided by a consulting actuary engaged through the Office of the Commissioner for Public Sector Employment. The provision is for the estimated cost of ongoing payments to employees as required under current legislation. There is a high level of uncertainty as to the valuation of the liability (including future claim costs). The liability covers claims incurred but not yet paid, incurred but not reported and the anticipated direct and indirect costs of settling these claims. The liability for outstanding claims is measured as the present value of the expected future payments reflecting the fact that all claims do not have to be paid in the immediate future.

Workers compensation non-statutory provision

Additional insurance/compensation arrangements for certain work related injuries have been introduced for most public sector employees through various enterprise bargaining agreements and industrial awards. This insurance/compensation is intended to provide continuing benefits to non-seriously injured workers who have suffered eligible work-related injuries and whose entitlements have ceased under the statutory workers compensation scheme. Eligible injuries are non-serious injuries sustained in circumstances which involved, or appeared to involve, the commission of a criminal offence, or which arose from a dangerous situation.

The workers compensation non-statutory provision is an actuarial assessment of the outstanding claims liability, for the first time, as at 30 June 2018 provided by a consulting actuary (PwC) engaged through the Office of the Commissioner for Public Sector Employment. There is a high level of uncertainty as to the valuation of the liability (including future claim costs), this is largely due to the enterprise bargaining agreements and industrial awards being in place for a short period of time and the emerging experience is unstable. The average claim size has been estimated based on applications to date and this may change as more applications are made. As at 30 June 2018 the Consolidated Entity recognised a workers compensation non-statutory provision of \$14.914 million (Parent: \$0.051 million), as this provision was introduced in 2017-18 there are no comparatives available.

Reconciliation of workers compensation

For the year ended 30 June 2018

27.2 Insurance

The Department is responsible for the management of the Consolidated Entity's insurance program. The Department is a participant in the State Government's insurance program. The Department pays a premium to SA Government Financing Authority (SAFA), SAICORP Division for professional indemnity insurance (including medical malpractice), public liability and property insurance, and is responsible for the management claim for amounts up to an agreed amount (the deductible). SAICORP provides the balance of funding for claims in excess of the deductible. For professional indemnity (including medical malpractice) claims after 1 July 1994 and general public liability and property claims after 1 July 1999 the deductible per claim is \$1 million. For claims incurred prior to these dates the deductible per claim is \$50,000.

Professional indemnity and general public liability claims arising from the LHNs' and SAAS's operations are managed as part of the State Government Insurance Program. The LHNs and SAAS pay an annual premium to the Department. These transactions are eliminated on consolidation in accordance with the requirements of AASB 10.

The determination of the medical malpractice professional indemnity insurance provision was carried out through an actuarial assessment in accordance with AASB 1023 *General Insurance Contracts*, conducted by Brett & Watson Pty Ltd. Current and noncurrent liabilities of the Department are determined by taking into account prudential margins, inflation, taxes, claims incurred but not reported and current claim values. The discount rate of 2.7% was left unchanged between years.

The provision for claims for general public liability insurance and property is a management assessment.

Reconciliation of insurance

The following table shows the movement of insurance during the period for the Consolidated Entity and Parent:

| | Medical malpractice | Professional indemnity | Public liability | Property | Total |
|--|---------------------|------------------------|---------------------|----------|----------|
| 2017-18 | \$'000 | (Other) \$'000 | \$'000 | \$'000 | \$'000 |

| Total current other liabilities | 86,958 | 74,928 | 512 | 461 |
| Non-current | | | | |
| Unearned revenue | 690 | 774 | 150 | - |
| Lease incentive | 3,025 | 3,558 | 1,543 | 2,000 |
| Other | 835 | 714 | 370 | |
| Total non-current other liabilities | 4,550 | 5,046 | 1,543 | 2,000 |
| Total other liabilities | 91,508 | 79,974 | 2,055 | 2,461 |

For the year ended 30 June 2018

Residential Aged Care Bonds are accommodation bonds, refundable accommodation contributions and refundable accommodation deposits. These are non-interest bearing deposits made by aged care facility residents to the Consolidated Entity upon their admission to residential accommodation. The liability for accommodation is carried at the amount that would be payable on exit of the resident. This is the amount received on entry of the resident less applicable deductions for fees and retentions pursuant to the *Aged Care Act 1997*. Residential Aged Care Bonds are classified as current liabilities as the Consolidated Entity does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. The obligation to settle could occur at any time. Once a refunding event occurs the other liability becomes interest bearing. The interest rate applied is the prevailing interest rate at the time as prescribed by the Commonwealth Department of Health.

29. Unrecognised contractual commitments

Commitments include operating, capital and outsourcing arrangements arising from contractual or statutory sources, and are disclosed at their nominal value. Unrecognised contractual commitments are disclosed net of the amount of GST recoverable from, or payable to, the ATO. If GST is not recoverable or payable, the commitments are disclosed on a gross basis.

29.1 Operating lease revenue commitments

| | Consc | olidated | Pa | rent |
|--|--------|----------|--------|----------|
| Commitments in relation to operating leases contracted for at the | 2018 | 2017 | 2018 | 2017 |
| reporting date but not recognised as assets are receivable as follows: | \$'000 | \$'000 | \$'000 | \$'000 |
| Within one year | 857 | 938 | 100 | * |
| Later than one year but not longer than five years | 1,021 | 184 | (4) | <u> </u> |
| Total operating lease revenue commitments | 1,878 | 1,122 | 0= | - |

The operating lease revenue commitments relates to property owned by the Consolidated Entity and leased to external parties.

29.2 Operating lease expenditure commitments

| 7 0 7 | Consolidated | | Parent | |
|--|----------------|----------------|----------------|----------------|
| Commitments in relation to operating leases contracted for at the reporting date but not recognised as liabilities are payable as follows: | 2018 \$'000 | 2017 \$'000 | 2018 \$'000 | 2017 \$'000 |
| Within one year | 39,278 | 40,487 | 12,051 | 11,822 |
| Later than one year but not longer than five years | 82,414 | 98,583 | 26,430 | 36,542 |
| Later than five years | 51,960 | 61,739 | - 5 | |
| Total operating lease commitments | 173,652 | 200,809 | 38,481 | 48,364 |
| Representing: | | | | |
| Cancellable operating leases | 11,064 | 12,036 | ₩. | - |
| Non-cancellable operating leases | 162,588 | 188,773 | 38,481 | 48,364 |
| Total operating lease commitments | 173,652 | 200,809 | 38,481 | 48,364 |

The Consolidated Entity has a number of lease agreements. Lease terms vary in length. Each lease agreement has renewal options for a determined period, exercisable by both the lessor and lessee. The operating lease arrangements are for the use of properties and motor vehicles. Motor vehicles are leased from the South Australian Government Financing Authority (SAFA) through their agent LeasePlan Australia. The leases are non-cancellable and the vehicles are leased for a specified time period or a specified number of kilometers, whichever occurs first.

29.3 Finance lease liabilities commitments

29.3.1 Finance lease liabilities commitments - excluding Royal Adelaide Hospital (RAH)

Future minimum lease payments for the Consolidated Entity under finance lease and hire purchase contracts together with the present value of net minimum lease payments are as follows:

| | 2018 | | 2017 | |
|--|--|--|--|--|
| | Minimum lease payments \$'000 | Present value of lease payments \$'000 | Minimum lease payments \$'000 | Present value of lease payments \$'000 |
| Within one year | 8,935 | 4,571 | 8,759 | 4,527 |
| Later than one year but not longer than five years | 29,670 | 13,804 | 31,509 | 13,296 |
| Later than five years | 9,290 | 4,962 | 15,402 | 9,071 |
| Total minimum lease payments | 47,895 | 23,337 | 55,670 | 26,894 |
| Less future finance lease charges and contingent rentals | (24,558) | (<u>~</u> | (28,776) | 149 |
| Total finance lease commitments - excluding RAH | 23,337 | 23,337 | 26,894 | 26,894 |

Included in finance lease commitments above is \$2.122 million (\$2.445 million) which is the GST component.

The Consolidated Entity has entered into finance leases for buildings and improvements and plant and equipment with a carrying amount of \$74.999 million (\$105.039 million) and nil (\$0.009 million), respectively. The leases are non-cancellable with some leases having the right of renewal. Rent is payable in arrears.

Minimum lease payments are allocated between interest expense/borrowing costs and reduction of the lease liability to each period during the lease term, so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Where there is no reasonable assurance that the Consolidated Entity will obtain ownership of the capitalised asset at the end of the lease term, the asset is amortised over the shorter of the lease term and its useful life.

The lease of the Health Facility to Mt Gambier and Districts Health Service is for 25 years with an option for a 10 year renewal. After 35 years the land and buildings revert to the Department. The lease commenced on 30 June 1997. The base rental for the 25 year term increases according to CPI each quarter. For the 10 year renewal the rental is determined according to a different method related to a valuation of the property and its replacement cost.

29.3.2 Finance lease liabilities commitments - Royal Adelaide Hospital (RAH) buildings and plant and equipment

Future minimum lease payments for the Consolidated Entity under the PPP arrangement together with the present value of net minimum lease payments for the buildings and plant and equipment at the new RAH are as follows:

| | 2018 | | 2017 | |
|--|--|--|--|--|
| ± | Minimum lease payments \$'000 | Present value of lease payments \$'000 | Minimum lease payments \$'000 | Present value of lease payments \$'000 |
| Within one year | 313,286 | 292,851 | 288,032 | 268,782 |
| Later than one year but not longer than five years | 1,228,958 | 902,875 | 1,237,879 | 913,750 |
| Later than five years | 6,595,741 | 1,555,224 | 6,900,105 | 1,588,730 |
| Total minimum lease payments | 8,137,985 | 2,750,950 | 8,426,016 | 2,771,262 |
| Less future finance lease charges and contingent rentals | (5,387,035) | | (5,654,754) | 6#1 |
| Total finance lease commitments - RAH | 2,750,950 | 2,750,950 | 2,771,262 | 2,771,262 |

There is nil GST in the finance lease commitments for the RAH.

A 35 year contract was entered into in June 2011 with SA Health Partnership Consortium trading as Celsus to finance, design, build, operate and maintain the new RAH. Under the arrangement, Celsus will maintain and provide non-medical support services including facilities management by Spotless and information and communication technology (ICT) support and maintenance by DXC Technology for the duration of the contract. This arrangement is referred to as a Public Private Partnership (PPP). Commercial acceptance was achieved on 13 June 2017.

Under the PPP agreement, the Consolidated Entity pays the operator over the period of the arrangement, subject to specified performance criteria being met.

The PPP costs are disclosed as:

- a component accounted for as finance lease payment for the buildings and furniture, fitting and equipment provided under the agreement; and
- a component related to the ongoing operation and maintenance of the facilities accounted for as PPP operating costs, which are
 expensed in the Statement of Comprehensive Income.

At the conclusion of the contract in 2046, the Consolidated Entity will take ownership of the RAH. Celsus have an obligation to deliver the RAH in a condition fit for its intended purpose and fully maintained in accordance with the agreed asset management plan.

| | Consolidated | | Parent | |

| Later than one year but not longer than five years | 366,009 | 384,787 | 16,030 | 33,190 |
| Later than five years | 2,523,411 | 2,605,833 | | 69 |
| Total other expenditure commitments | 3,103,074 | 3,217,432 | 80,977 | 97,576 |
| Less contingent rentals | (1,190,781) | (1,200,858) | - | 391 |
| Net other expenditure commitments | 1,912,293 | 2,016,574 | 80,977 | 97,576 |

The Consolidated Entity's expenditure commitments are for agreements for goods and services ordered but not received.

Included in other expenditure commitments above is \$2,912.588 million (\$2,984.055 million), including contingent rentals, which relates directly to the PPP operations and maintenance commitments.

The Consolidated Entity also has commitments to provide funding to various non-government organisations in accordance with negotiated service agreements. The value of these commitments as at 30 June 2018 has not been quantified.

30. Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed within this note and, if quantifiable are measured at nominal value. Contingencies are disclosed net of the amount of GST recoverable from, or payable to, the ATO. If GST is not recoverable or payable the contingencies are disclosed on a gross basis.

30.1 Contingent assets

The new RAH project is being delivered under a public-private partnership agreement with Celsus. The new RAH PPP agreement contains a number of indexation elements which relate to adjustments to certain service payments i.e. interest rate and refinancing service payment adjustments. Where the indexation element is closely related to a lease contract, such as the interest rate payment adjustment, it is not required to be separately accounted for as a derivative. The change in interest rate is accounted for as a contingent rental and expensed in the period incurred.

Like the interest rate service payment adjustment, the refinancing element is an embedded derivative. However the economic characteristics and risks of this embedded derivative are not closely related to the lease contract and are required to be accounted for separately in the financial statements. The refinancing element could be considered akin to a purchase option in that the Hospital benefits from a portion of gains without exposure to any of the losses. The valuation of this derivative would be derived via the present value of the estimated future cash flows over the life of the project based on observable interest yield curves, basis spread, credit spreads and option pricing models, as appropriate, adjusted for Celsus's credit risk, (i.e. forward curve of credit risk margin). The estimated value of the contingent asset is unable to be fully determined because of the following uncertain future events that will have an impact on Celsus's credit margin:

- · Celsus's credit risk profiling and the number of times Celsus will refinance during the term of the PPP arrangement;
- The type of finance Celsus sources e.g. short term debt from the banking market vs longer term debt potentially sourced via a private placement;
- Uncertainty around the margin negotiated and whether it will be higher or lower than those assumed margins in the financial modelling;
- Whether the State Government will make a capital contribution during the first or any refinancing points; and
- The lodgement and resolution of any claims under the PPP agreement.

For the year ended 30 June 2018

30.2 Contingent liabilities

On 1 August 2017, Hansen Yuncken Pty Ltd and CBP Contractors Pty Ltd (formerly known as Leighton Contractors Pty Ltd) filed legal proceedings in the Federal Court of Australia against Celsus Pty Ltd (formerly known as SA Health Partnership Nominees Pty Ltd), independent certifier Donald Cant Watts Corke Pty Ltd and the Crown in right of the State of South Australia for alleged breaches of contract in relation to the construction of the new RAH. In December 2017 the respondents to the builder's Federal Court proceedings successfully obtained a stay of the proceedings pending the outcome of an arbitration process. At the time of this report, the arbitration process was still in progress. It is not possible to estimate the dollar effect of this claim or whether it will be successful.

On 5 June 2018, Spotless issued Celsus with three Notices of Dispute relating to operational matters. On the same day, Celsus issued corresponding Notices of Dispute to the State. At the time of this Report, the parties are discussing these operational matters. It is not possible to estimate the dollar effect of these disputes.

30.3 Guarantees

The Consolidated Entity has made no guarantees.

31. Related party transactions

The Consolidated Entity is controlled by the SA Government.

Related parties of the Consolidated Entity include all key management personnel and their close family members; all Cabinet Ministers and their close family members; and all public authorities that are controlled and consolidated into the whole of government financial statements and other interests of the Government.

31.1 Significant transactions with government related entities

Significant transactions with the SA Government are identifiable throughout this financial report. The Consolidated Entity received funding from the SA Government (note 14), and incurred significant expenditure with the Department of Planning, Transport and Infrastructure (DPTI) for capital works of \$101.297 million (\$169.886 million), occupancy rent and rates of \$16.333 million (\$15.549 million) and property repairs and maintenance of \$26.609 million (\$22.234 million) (note 4). As at 30 June the outstanding balance payable to DPTI was \$15.313 million (\$42.578 million) (note 24) and the value of unrecognised contractual expenditure commitments with DPTI was \$47.087 million (\$53.740 million) (note 29).

Quantitative information about transactions and balances between the Department and other SA Government controlled entities is disclosed at note 33. Refer also to notes 4, 5, 8, 16 and 24 for information about transactions between the Department and the LHNs and SAAS.

In addition, the Consolidated Entity has lease arrangements (both as lessee and as lessor) with other SA Government controlled entities. The premises are provided/received at nil or nominal rental with outgoings such as utilities being paid by the lessee.

31.2 Transactions with Key Management Personnel and other related parties

Compensation of key management personnel is disclosed at note 3.

The Consolidated Entity did not enter into any transactions with key management personnel or their close family in 2017-18 that were not consistent with normal procurement arrangements.

32. Interests in other entities

The Consolidated Entity through its control of the LHNs has interests in a number of other entities as detailed below.

Controlled Entities

Central Adelaide Local Health Network Incorporated has a 100% interest (1,150,000 shares) in Medvet. Medvet is a national provider of on-site health and safety services delivered by qualified and experienced professional staff to businesses throughout Australia.

Country Health SA Local Health Network Incorporated has effective control over, and a 100% interest in, the net assets of the HACs. The HACs were established as a consequence of the *Health Care Act 2008* being enacted and certain assets, rights and liabilities of the former Hospitals and Incorporated Health Centres were vested in them with the remainder being vested in the Country Health SA Local Health Network Incorporated.

By proclamation dated 26 June 2008, the following assets, rights and liabilities were vested in the Incorporated HACs:

- all real property, including any estate, interest or right in, over or in respect of such property except for all assets, rights and liabilities associated with any land dedicated under any legislation dealing with Crown land; and
- all funds and personal property held on trust and bank accounts and investments that are solely constituted by the proceeds of fundraising except for all gift funds, and other funds or personal property constituting gifts or deductible contributions under the Income Tax Assessment Act 1997 (Commonwealth).

The above assets, rights and liabilities of the former Hospitals whose HAC elected not to become incorporated were vested in the Country Health SA Board Health Advisory Council Inc. The HACs have no powers to direct or make decisions with respect to the management and administration of Country Health SA Local Health Network.

For the year ended 30 June 2018

Joint arrangements

The Consolidated Entity participates in the following joint operations:

| | tes in the lone wing joint operation | | 1 | 7 |
|------------------------------------|--------------------------------------|--------------------------------------|----------|----------|
| Name of arrangement | Nature of the arrangement | Principal activity | Location | Interest |
| Centre for Cancer Biology Alliance | Agreement between the | Undertake health and medical | Adelaide | 50% |

The Consolidated Entity participates in the following joint venture:

| Name of arrangement | Nature of the arrangement | Principal activity | Location | Interest |
|----------------------------------|-------------------------------|---------------------------------|----------|----------|
| Flinders Reproductive Medicine | Agreement between Flinders | Provision of equitable and | Adelaide | 50% |
| Pty Ltd (as Trustee for Flinders | Reproductive Medicine Pty Ltd | accessible fertility treatment. | SA | |
| Charitable Trust, trading as | and Southern Adelaide Local | - | | |
| Flinders Fertility) | Health Network Incorporated | | | 11 ==== |

Flinders Fertility is a private fertility clinic based within Flinders Medical Centre in Bedford Park, South Australia. Flinders Fertility is structured as a private trust which is not a reporting entity and is not publicly listed. The Consolidated Entity and Flinders University each have a 50% beneficial entitlement to the net assets of the trust. Accordingly, the interest is classified as a joint venture with the investment measured using the equity accounting method.

The Consolidated Entity's share in the equity of the Flinders Fertility is calculated based on the draft financial statements provided for the reporting period and subsequently adjusted when the final audited financial statements are available.

Based on the draft financial statements as at 30 June 2017, Flinders Fertility projected a profit, however the audited statements recorded a loss due primarily to the write-off of items previously capitalized. The draft financial statements for the year ended 30 June 2018 project a further loss. The losses for both years have not been distributed to the beneficiaries.

The following table summarises the financial information of Flinders Fertility based on currently available information:

| | 2018 | 2017 |
|--|---------|---------|
| Percentage ownership interest | 50 % | 50 % |
| | \$'000 | \$'000 |
| Current assets | 2,474 | 4,361 |
| Current liabilities | (1,315) | (650) |
| Non-current assets | 1,849 | 2,052 |
| Non-current liabilities | (3,008) | (5,763) |
| Net assets | | |
| Share of beneficial entitlement | 2,657 | 2,695 |
| Carrying amount of interest in joint venture | 2,657 | 2,695 |
| Expenses | (7,900) | (4,904) |
| Revenue | 5,192 | 4,980 |
| Profit/(loss) and total comprehensive income | (2,708) | 76 |
| Entity's share of profit/(loss) and total comprehensive income (50%) | (1,354) | 38 |

For the year ended 30 June 2018

33. Transactions with SA Government

The following table discloses expenses, income, financial assets and financial liabilities where the counterparty/transaction is with an entity within the SA Government as at the reporting date, classified according to their nature.

Cash and cash equivalents in the Statement of Cash Flows consist of cash and cash equivalents as per the Statement of Financial Position, net of bank overdrafts.

35. Budgetary reporting and explanations of major variances between budget and actual amounts

Budget information refers to the amounts presented to Parliament in the original budget financial statements in respect of the reporting period (2017-18 Budget Paper 4). Budget information has been included for the Statement of Comprehensive Income and for Investment Expenditure. Budget information has not been included for the Statement of Financial Position or Statement of Cash Flows as the information in these statements are not budgeted for on the same basis and/or determined in a different manner to financial statement information. These original budgeted amounts have been presented and classified on a basis that is consistent with line items in the financial statements. However, these amounts have not been adjusted to reflect revised budgets or administrative restructures/machinery of government changes.

The budget process is not subject to audit.

| Consolidated | | Original Budget | Actual | Variance |
|--|-----|--------------------|-----------|-----------|
| | | 2018 | 2018 | |
| Statement of Comprehensive Income | | \$'000 | \$'000 | \$'000 |

| Total Comprehensive Result | | 118,203 | 315,013 | 196,810 |

⁽a) The unfavourable variance of \$437.828 million in total expenses compared with the original budget is mainly due to the increased cost of providing hospital services. Most of these costs are incurred across a large range of areas and are not separately disclosed in this note because of the number and breadth of areas involved. Specific items that have contributed to the variance include: increased operational expenses predominantly due to the readiness, transition and site works associated with the Royal Adelaide Hospital of \$44.2 million; increased drug costs in administering a new Hepatitis C medication under the Pharmaceutical Benefits Scheme of \$27.6 million; increased costs associated with enterprise agreements finalised throughout 2017–18 of \$27.9 million; increased expenditure associated with the updating of ICT devices across SA Health under the End User Computing Project of \$9.8 million; additional funding to meet additional demand in SAAS of \$6.7 million; and the implementation of the Enterprise Patient Administration System (EPAS) across hospitals in 2017–18 of \$4.9 million.

For the year ended 30 June 2018

| | | Original Budget 2018 | Actual 2018 | Variance |
|-------------------------------|-----|----------------------------|----------------|----------|
| Investing expenditure summary | | \$'000 | \$'000 | \$'000 |
| Total new projects | | 16,910 | 9,721 | 7,189 |
| Total existing projects | | 126,218 | 176,920 | (50,702) |
| Total annual programs | | 52,589 | 45,465 | 7,124 |
| Total investing expenditure | (b) | 195,717 | 232,106 | (36,389) |

(b) The variance of \$(36.389) million between original budget and actual amounts for investing expenditure mainly relates to \$98.112 million expenditure on Royal Adelaide Hospital site works for which the budget was carried over from 2016-17, in addition to the original 2017-18 budget. Partially offset by \$14.810 million reclassified from investing to expenses for project related costs which did not comply with the SA Health Capitalisation Policy, and projects with underspend variances either due to delays in completing projects or changes in the delivery approach.

Projects with material underspend variances are:

- Flinders Medical Centre Redevelopment (\$15.705 million)
- SA Health Supply Distribution Centre (\$7.272 million)
- Women's and Children's Hospital Upgrade (\$7.215 million)
- Modbury Hospital Redevelopment (\$6.826 million)

36. Financial instruments/financial risk management

36.1 Financial risk management

Risk management is managed by the Department's Risk and Assurance Services section and risk management policies are in accordance with the Risk Management Policy Statement issued by the Premier and Treasurer and the principles established in the Australian Standard Risk Management Principles and Guidelines.

The Consolidated Entity's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

Liquidity Risk

The Consolidated Entity is funded principally from appropriation by the SA Government. The Consolidated Entity works with DTF to determine the cash flows associated with the SA Government approved program of work and to ensure funding is provided through SA Government budgetary processes to meet the expected cash flows.

Refer to notes 24 and 25 for further information.

Credit and market risk

The Consolidated Entity has policies and procedures in place to ensure that transactions occur with customers with appropriate credit history. The Consolidated Entity has minimal concentration of credit risk. The Consolidated Entity does not engage in high risk hedging for its financial assets. No collateral is held as security and no credit enhancements relate to financial assets held by the Consolidated Entity.

Refer to notes 15, 16 and 17 for further information.

Exposure to interest rate risk may arise through interest bearing liabilities, including borrowings. The Consolidated Entity's interest bearing liabilities are managed through SAFA and any movement in interest rates are monitored on a daily basis. There is no exposure to foreign currency or other price risks.

There have been no changes in risk exposure since the last reporting period.

For the year ended 30 June 2018

36.2 Categorisation of financial instruments

Details of the significant accounting policies and methods adopted including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised with respect to each class of financial asset, financial liability and equity instrument are disclosed in the respective financial asset / financial liability note.

The carrying amounts of each of the following categories of financial assets and liabilities: held-to-maturity investments; loan and receivables; and financial liabilities measured at cost are detailed below.

The Consolidated Entity does not recognise any financial assets or financial liabilities at fair value, but does disclose fair value in the notes. All of the resulting fair value estimates are included in Level 2 as all significant inputs required are observable.

- The carrying value less impairment provisions of receivables and payables is a reasonable approximation of their fair values due to the short-term nature of these (refer notes 16 and 24).
- Borrowings are initially recognised at fair value, plus any transaction cost directly attributable to the borrowings, then subsequently held at amortised cost. The fair value of borrowings approximates the carrying amount, as the impact of discounting is not significant (refer note 25).
- Held-to-maturity investments are initially recognised at fair value, then subsequently held at amortised cost. This is the most representative of fair value in the circumstances (refer note 17).

| | 2.5 | Consol | idated | Parent | | |

| Other financial liabilities | 28 | 80,423 | 72,223 | 2,055 | 2,428 | |
| Finance lease liability | 25, 29 | 2,774,287 | 2,798,156 | - | - | |
| Total financial liabilities | | 3,130,371 | 3,177,604 | 150,353 | 188,069 | |

- (1) Receivable and payable amounts disclosed here exclude amounts relating to statutory receivables and payables (e.g. Commonwealth taxes; Auditor-General's Department audit fees etc.). In government, certain rights to receive or pay cash may not be contractual and therefore in these situations, the requirements will not apply. Where rights or obligations have their source in legislation such as levies, tax and equivalents etc. they would be excluded from the disclosure. The standard defines contract as enforceable by law. All amounts recorded are carried at cost (not materially different from amortised cost).
- (2) Receivable amount disclosed here excludes prepayments. Prepayments are presented in note 16 as trade and other receivables in accordance with paragraph 78(b) of AASB 101 Presentation of Financial Statements. However, prepayments are not financial assets as defined in AASB 132 Financial Instruments: Presentation as the future economic benefit of these assets is the receipt of goods and services rather than the right to receive cash or another financial asset.

For the year ended 30 June 2018

37. Impact of Standards and Statements not vet implemented

The Consolidated Entity did not voluntarily change any of its accounting policies during 2017-18.

The Consolidated Entity has assessed the impact of the new and amended Australian Accounting Standards and Interpretations not yet implemented and changes to the Accounting Policy Statements issued by the Treasurer. The material impacts on the Consolidated Entity are outlined below.

37.1 AASB 9 Financial Instruments

AASB 9 applies to reporting periods commencing after 1 January 2018. The application date for the Consolidated Entity is 1 July 2018. AASB 9 changes the requirements for classification, impairment and disclosures associated with the Consolidated Entity's financial assets. AASB 9 introduces different criteria for whether financial assets can be measured at amortised cost or fair value.

The Consolidated Entity has reviewed the impact of AASB 9 on the classification and measurement of its financial assets. The following summarises the estimated impact on categorisation and valuation of the amounts reported in notes 16 and 17:

- There will be no change to either the classification or valuation of cash and cash equivalent items.
- Term deposits will be classified as 'sole payment of principal and interest' and measured at amortised cost, similar to the current classification of 'held to maturity'.
- Trade receivables will be classified as 'debt' and measured at amortised cost, similar to the current classification of 'loans and receivables'.
- There will be no change to the classification or measurement under the equity method of interests in the Flinders Reproductive Medicine Pty Ltd.
- For quoted equity instruments not held for trading, the Consolidated Entity has elected to measure these at fair value through other comprehensive income.
- · Quoted equity instruments held for trading will continue to be measured at fair value through profit and loss.
- For quoted equity instruments not held for trading, the Consolidated Entity has elected to measure these at fair value through other comprehensive income.

However, the new impairment requirements will result in a provision being applied to all receivables (expected loss) rather than only on those receivables that are credit impaired (incurred loss). The Consolidated Entity will be adopting the simplified impairment approach under AASB 9 and will measure the impairment allowance at lifetime expected credit losses on all trade receivables and contract assets using a provision matrix as a practical expedient.

Applying this approach, the Consolidated Entity has estimated the opening impairment provision on 1 July 2018 to be \$18.168 million (Parent \$0.076 million), a decrease of \$13.141 million (Parent \$0.183 million) compared to the amount reported at 30 June 2018, resulting in net receivables of \$327.450 million (Parent \$177.182 million) on transition, and will not restate comparatives on adopting AASB 9.

There will be no additional impairment provisions for State, Territory or Commonwealth Government receivables due to the Governments' high quality credit rating.

37.2 AASB 15 Revenue from Contracts with Customers and AASB 1058 Income of Not For Profit Entities

AASB 15 and AASB 1058 apply to reporting periods commencing after 1 January 2019. The application date for the Consolidated Entity is 1 July 2019.

AASB 15 establishes a comprehensive framework for determining the nature, amount and timing of revenue arising from contracts with customers. AASB 1058 clarifies and simplifies the income recognition requirements that apply to not for profit entities, in conjunction with AASB 15. These standards replace AASB 111, AASB 118 and a large part of AASB 1004.

The Consolidated Entity has commenced consideration and analysis of the new revenue recognition requirements and has not yet finalised its assessment of their impact. The Consolidated Entity will continue its assessment of the impact over the next 12 months.

Potential impacts identified at this time are:

- grants presently recognised as revenue upfront may be progressively recognised as the associated performance obligations are satisfied, where those performance obligations are enforceable and sufficiently specific;
- grants that are not enforceable and/or sufficiently specific will continue to be recognised as revenue upfront i.e. no change to current treatment;
- peppercorn lease arrangements currently recognised at nominal amounts, will now be recognised at fair value under AASB 1058;
- depending on the respective contractual terms, AASB 15 may potentially result in a change to the timing of revenue from
 contracts and fees and charges; some revenue may need to be deferred to a future reporting period if the Consolidated Entity
 receives funds prior to completing the associated obligations; and
- contributed services will continue to be recognised when a fair value can be determined reliably and the services would be purchased if they had not been donated.

37.3 AASB 16 Leases

AASB 16 will apply to reporting periods commencing after 1 January 2019. The application date for the Consolidated Entity is 1 July 2019. This standard replaces AASB 117 and Interpretation 4, 115 and 127.

AASB 16 largely retains the current lessor accounting model but does introduce a single lessee accounting model. It requires a lessee to recognise assets (representing rights to use the underlying leased asset) and liabilities (representing the obligation to make lease payments) for all leases with a term of more than 12 months, unless the underlying asset value is low. In effect, the majority of leases presently classified as operating leases will be recognised in the Statement of Financial Position.

The right of use asset will initially be recognised at cost and will give rise to a depreciation expense. The lease liability will initially be recognised as the present value of the lease payments during the term of the lease. Current operating lease rental payments will no longer be expensed in the Statement of Comprehensive Income. These payments will now reduce the recognised liability over time and the finance charge component recognised as an expense.

The Consolidated Entity has commenced its analysis and assessment of right to use arrangements and notes the significant work involved to capture, assess and report these arrangements due to the large scale of its leasing activities.

The Consolidated Entity has not yet quantified the exact impact on the Statement of Comprehensive Income and Statement of Financial Position as a result of applying AASB 16 to its right to use asset arrangements. However, the Consolidated Entity's current operating lease commitments (refer to note 29) provides an indication of the amounts to be recognised 'on-balance sheet' at transition (an expected increase in lease liabilities with a corresponding right-of-use asset). The reclassification between supplies and services expense and depreciation/interest expense has not yet been estimated.

The Consolidated Entity will continue its assessment of the impact over the next 12 months. It is envisaged that the Consolidated Entity will apply the cumulative approach via an adjustment to accumulated surplus at date of initial application and will not restate comparatives.

38. Events after balance date

Adjustments are made to amounts recognised in the financial statements, where an event occurs after 30 June and before the date the financial statements are authorised for issue, where those events provide information about conditions that existed at 30 June.

Note disclosure is made about events between 30 June and the date the financial statements are authorised for issue, where the events relate to a condition which arose after 30 June, and which may have a material impact on the results of subsequent years.

The Consolidated Entity is aware of the following non-adjusting event: the State Government is reforming SA Health's governance arrangements and accordingly a *Health Care (Governance) Amendment Act 2018* was proclaimed on 2 August 2018 and will come into operation on 1 July 2019. The amended Act, amongst other matters, will enable each LHN to be governed by a Board (Governing Board). Additionally, the *Health Care (Local Health Networks) Proclamation 2018* under section 29 of the *Health Care Act 2008* established incorporated hospitals (and their associated Governing Boards):

- Barossa Hills Fleurieu Local Health Network Incorporated
- Eyre and Far North Local Health Network Incorporated
- Flinders and Upper North Local Health Network Incorporated
- Riverland Mallee Coorong Local Health Network Incorporated
- South East Local Health Network Incorporated
- · Yorke and Northern Local Health Network Incorporated

The Consolidated Entity has commenced consideration and analysis of amendments to the *Health Care Act 2008* and have not yet finalised the assessment of their impact, assessment will continue over the next 12 months.

39. Remuneration of board and committee members

Members of boards/committees that served for all or part of the financial year and were entitled to receive income from membership in accordance with Accounting Policy Framework II General Purpose Financial Statements were:

| | Government | |
|--|------------|---|

| Youth Cancer Advisory Group | 1 | Armstrong N, Binns T, Contibas M, Fenton R, Fowler N, Hadaway S, Haseloff M, Mitra D, Ryan B |

The number of members whose remuneration received or receivable falls within the following bands is:

| | 2010 | 2017 |
|---------------------|----------------|----------------|
| | No. of Members | No. of Members |
| \$0 | 832 | 693 |
| \$1 - \$9,999 | 200 | 193 |
| \$10,000 - \$19,999 | 16 | 19 |
| \$20,000 - \$29,999 | 9 | 4 |
| \$40,000 - \$49,999 | <u> </u> | 2 |
| Total | 1,057 | 911 |

2018

2017

Remuneration of members reflects all costs of performing board/committee member duties including sitting fees, superannuation contributions, salary sacrifice benefits and fringe benefits and any fringe benefits tax paid or payable in respect of those benefits. The total remuneration received or receivable by members was \$0.739 million (\$0.734 million).

Unless otherwise disclosed, transactions between members are on conditions no more favourable than those that it is reasonable to expect the entity would have adopted if dealing with the related party at arm's length in the same circumstances.

^{*} In accordance with the Premier and Cabinet Circular No. 016, government employees did not receive any remuneration for board/committee duties during the financial year.

For the year ended 30 June 2018

40. Schedules of administered items

40.1 Basis of preparation

The basis of preparation for the schedule of administered items is the same as the basis outlined in note 1.

40.2 Categories of administered items

Special Acts administered items include the following:

- Minister for Health and Wellbeing's salary and allowances and revenues from SA Government received/receivable for these expenses.
- Health and Community Services Complaints Commissioner's remuneration and revenues from SA Government received/receivable for these expenses.

Health and Medical Research Fund (HMRF) represents royalty income received from commercialisation of intellectual property and contribution of funds for the purposes of health and medical research in South Australia.

Private Practice represents funds billed on behalf of salaried medical officers and subsequently distributed to the LHNs and salaried medical officers according to individual Rights of Private Practice Deeds of Agreement.

Other administered items include the following:

- Consumer funds represents funds held by the LHNs on behalf of consumers that reside in LHN facilities whilst the consumer is receiving residential mental health services, residential drug and alcohol rehabilitation services, or residential aged care services. The LHNs perform only a custodial role in respect of these funds;
- SA Medical Boards;
- Research:
- · Nurses education:
- · Fund raising; and
- Strata Corp.

The Consolidated Entity cannot use these administered funds for the achievement of its objectives.

40.3 Administered items - budgetary reporting

Budget information for Special Acts and HMRF is presented to Parliament; 2017-18 Budget Paper 4 includes a statement of comprehensive income for administered items for the Department. The budget process is not subject to audit.

There was a notable variance for HMRF; actual grants and subsidies expenses exceeded the original budget by \$8.457 million. This variance is attributable to timing of the executed deed and first payment of funds, from commercialisation of intellectual property, to South Australian Health and Medical Research Institute Foundation Limited.

40.4 Administered contingent assets and liabilities

The Consolidated Entity has no administered contingent assets and liabilities.
