To the Chair of the Board West Beach Trust

Opinion

I have audited the financial report of West Beach Trust for the financial year ended 30 June 2022.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the West Beach Trust as at 30 June 2022, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2022
- a Statement of Financial Position as at 30 June 2022
- a Statement of Changes in Equity for the year ended 30 June 2022
- a Statement of Cash Flows for the year ended 30 June 2022
- notes, comprising material accounting policies and other explanatory information
- a Certificate from the Chair of the Board of the West Beach Trust, the Chief Executive Officer and the General Manager Corporate Services

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the West Beach Trust. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive and members of the Trust for the financial report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Chief Executive is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

The Members of the Trust are responsible for overseeing the entity's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 17(2) of the *West Beach Recreation Reserve Act 1987*, I have audited the financial report of the West Beach Trust for the financial year ended 30 June 2022.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the West Beach Trust's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive

- conclude on the appropriateness of the West Beach Trust's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive and members of the Trust about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Certification of the Financial Statements

We certify that the:

- financial statements of the West Beach Trust:
 - are in accordance with the accounts and records of the Trust;
 - comply with relevant Treasurer's Instructions;
 - comply with relevant accounting standards; and
 - present a true and fair view of the financial position of the Trust at the end of the financial year and the result of its operation and cash flows for the financial year.
- internal controls employed by the Trust for the financial year over its financial reporting and its preparation of financial statements have been effective.

1. About the West Beach Trust

The West Beach Trust (Trust) is a statutory authority of the State of South Australia, established pursuant to the *West Beach Recreation Reserve Act 1987*. The Trust is a body corporate subject to the control and direction of the Minister for Planning, Trade and Investment, Housing and Urban Development.

The financial statements and accompanying notes cover the West Beach Trust as an individual reporting entity.

The Trust does not control any other entity and has no interests in unconsolidated structured entities.

1.1 Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the Public Finance and Audit Act 1987;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance* and Audit Act 1987; and
- relevant Australian Accounting Standards.

For the purposes of preparing the financial statements, the Trust is a not-for-profit entity. The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Where asset and liability line items combine amounts expected to be realised within 12 months and more than 12 months, the Trust has separately disclosed the amounts expected to be recovered or settled after more than 12 months.

1.2 Functions and objectives

The functions and objectives of the Trust are:

- a) to administer and develop the West Beach Recreation Reserve in accordance with its strategic and business plans -
 - 1) as a sporting, cultural and recreational complex of State-wide significance; and
 - 2) as a tourist attraction and resort; and
- b) to promote and encourage the use and enjoyment of the Reserve by the public; and
- c) to perform any other function assigned to the Trust by the West Beach Recreation Reserve Act 1987 or the Minister.

1.3 Impact of COVID-19 pandemic on the Trust

Despite there being a one week lock down in July 2021, and ongoing COVID-19 challenges throughout the first six months of the year, trading revenue for accommodation and golf was extremely strong, especially in the last six months of the year.

Like all businesses, COVID-19 has had an impact on staffing and shortages of materials and labour have impacted across multiple areas of the business, in particular causing a delay in the delivery time of some new cabins and cost increases.

1.4 Taxation

In accordance with *Treasurer's Instruction 22 Tax Equivalent Payments*, the Trust is required to pay to the SA Government an income tax equivalent. The income tax liability has been determined in accordance with the accounting profit method by multiplying the corporate income tax rate (presently 30%) by the profit before income tax equivalents. An income tax equivalent of \$124,430 (2020-21 \$734,105) is payable for the reporting period.

The Trust is also liable for payroll tax, fringe benefits tax, stamp duty, goods and services tax (GST), emergency services levy and land tax equivalents. It is exempt from paying local government council rates.

The Trust is reimbursed under the State's Tax Equivalent Regime for payments made for income tax, payroll tax, land tax and stamp duty to support its continued commitment to its community service obligations. The Trust is reimbursed by the Attomey-General's Department. The Trust was previously reimbursed by the Department of Planning, Transport and Infrastructure (DPTI). Reimbursements under the State Taxation Equivalent Regime are recognised as revenue in the Trust's financial statements.

1.5 Significant transactions with government related entities

There were no significant transactions with government related entities, other than:

- payments to SA Water of \$695,000 for utilities.
- payments to DPTI of \$637,000, primarily for the project management and delivery of capital works. The majority of this amount was paid to contractors engaged by DPTI to upgrade car parking associated with Diamond Sports.
- total loan repayments of \$428,000 to SAFA, all of which was on long term borrowings.
- transactions as directed by legislation or under the State's Taxation Equivalent Regime.

Similar transactions occurred during 2020-21.

| Total fees and charges | 17,773 | 16,614 |

....

Revenue is recognised upon the provision of services and goods to customers.

* Rental revenue

During 2020-21, the Trust provided a full rent and on-cost waiver to all community, sporting and commercial operators leasing their facilities from the Trust whose operations had been substantially impacted as a result of COVID-19 restrictions during the period from 1 July 2020 to 31 March 2021. The Trust provided rent relief to 11 lessees. During 2021-22 backdated rent relief for the above period was provided to 1 lessee.

2.2 SA Government grants, subsidies and transfers

| | 2022 \$'000 | 2021 \$'000 |

| Skilling South Australia | 24 | - |
| Reimbursement of tax equivalents paid | 893 | 1,501 |
| Total revenues from SA Government | 922 | 1,588 |

The allocation from the Community and Jobs Support Fund was provided to the Trust to support the provision of rent and on-cost relief as referenced in Note 2.1.

The Skilling South Australia funding which is administetred by Department of Innovation and Skills supported the delivery of the West Beach Parks Developing Potential Program.

Tax equivalents represent income tax, payroll tax, land tax and stamp duty. The Trust is reimbursed these amounts under the State's Tax Equivalent Regime to support its continued commitment to its community service obligations. The Trust is reimbursed by the Attomey-General's Department. The Trust was previously reimbursed by DPTI.

| The number of employees whose remuneration received falls within the following bands: | | |
| \$174 001 to \$194 000 | 1 | 2 |
| \$254 001 to \$274 000 | 1 | 1 |
| Total number of employees | 2 | 3 |

The table includes all employees who received remuneration equal to or greater than the base executive remuneration level during the year. Remuneration of employees reflects all costs of employment including salaries and wages, payments in lieu of leave, superannuation contributions, salary sacrifice benefits and fringe benefits and any fringe benefits tax paid or payable in respect of those benefits. The total remuneration received by these employees for the year was \$446,000 (\$617,000).

3.4 Employee benefits liability

| | 2022 | 2021 |
|---------------------------------------|--------|--------|
| | \$'000 | \$'000 |
| Current | | |
| Accrued salaries and wages | 159 | 137 |
| Annual leave | 286 | 304 |
| Long service leave | 92 | 92 |
| Skills and experience retention leave | 16 | 19 |
| Total current employee benefits | 553 | 552 |
| Non-current | - | |
| Long service leave | 603 | 727 |
| Total non-current employee benefits | 603 | 727 |
| Total employee benefits | 1,156 | 1,279 |

Employee benefits accrue as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

Salaries and Wages. Annual Leave, Skills and Experience Retention Leave (SERL) and Sick Leave

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at the reporting date.

The annual leave liability and the Skills and Experience Retention Leave liability in full is expected to be payable within 12 months and is measured at the undiscounted amount expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

Long Service Leave

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Details about the measurement of long service leave liability are provided in note 10.1.

The assumed proportion of long service leave taken as leave for current liability reporting is based on historical leave records of the Trust.

4. Expenses

Employee benefits expenses are disclosed in note 3.3.

4.1 Supplies and services

| | 2022 | 2021 |
|---------------------------------|--------|--------|
| | \$'000 | \$'000 |
| Bank fees and charges | 131 | 122 |

| Utilities | 1,376 | 1,255 |
| Waste and recycling | 166 | 146 |
| Other supplies and services | 519 | 513 |
| Total supplies and services | 6,330 | 5,747 |

Insurance

The Trust has arranged, through SAFA Insurance to insure all of its major risks. The excess payable under this arrangement varies depending on each class of insurance held.

Consultants

The number of consultancies and the dollar amount paid/payable (included in supplies and services expense) to consultants that fell within the following bands:

| | No | | | | | | | | | | 2022 | | 2021 |
|--|----|--------|----|--------|--|--|--|--|--|--|------|--|------|
| | | \$'000 | No | \$'000 | | | | | | | | | |
| Below \$10,000 | 4 | 12 | 7 | 23 | | | | | | | | | |
| Above \$10,000 | 4 | 109 | 2 | 61 | | | | | | | | | |
| Total paid /payable to the consultants engaged | 8 | 121 | 9 | 84 | | | | | | | | | |

4.2 Depreciation and amortisation

| | 2022 | 2021 | |
|-------------------------------------|--------|--------|--|
| | \$'000 | \$'000 | |
| Buildings and improvements | 2,195 | 2,121 | |
| Plant and equipment | 865 | 822 | |
| Right-of-use land | 65 | 65 | |
| Right-of-use plant and equipment | 83 | 83 | |
| Intangible assets | 69 | 85 | |
| Total depreciation and amortisation | 3,277 | 3,176 | |

All non-current assets, having a limited useful life, are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential. Amortisation is used in relation to intangible assets such as software, while depreciation is applied to tangible assets such as property, plant and equipment.

The value of leasehold improvements is depreciated over the estimated useful life of each improvement, or the unexpired period of the relevant lease, whichever is shorter.

The Trust last revalued its buildings and improvements at 30 June 2019. Further information on the revaluation is disclosed in note 10.2

Land is not depreciated.

Review of accounting estimates

Assets' residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, on an annual basis. Changes in the expected life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

Useful Life

Depreciation/amortisation is calculated on a straight-line basis over the estimated useful life of the following classes of assets:

| Class of asset | Useful life (years) | | |
|----------------------------------|---------------------|--|--|
| Buildings and improvements | 1 to 100 | | |
| Plant and equipment | 1 to 30 | | |
| Right-of-use land | 15 | | |
| Right-of-use plant and equipment | 5 | | |
| Intangibles | 3 to 10 | | |

The useful lives of intangible assets are assessed to be either finite or indefinite. The Trust only has intangible assets with finite lives. The amortisation period and the amortisation method for intangible assets is reviewed on an annual basis.

4.3 Borrowing costs

| | 2022 | 2021 \$'000 | |
|---|--------|----------------|--|
| | \$'000 | | |
| Interest expense on borrowings measured at amortised cost | 142 | 140 | |
| Guarantee fees expense on borrowings measured at amortised cost | 99 | 103 | |
| Interest expense on lease liabilities | 31 | 34 | |
| Total borrowing costs | 272 | 277 | |

The Trust does not capitalise borrowing costs.

4.4 Other expenses

| | 2022 | 2021 \$'000 | |
|--|--------|----------------|--|
| | \$'000 | | |
| Audit fees | 56 | 54 | |
| Bad debts and allowances for doubtful debts | 5 | 9 | |
| Expensing of items previously classified as work in progress | - | 38 | |
| Federal land tax equivalent | 43 | 21 | |
| Stamp duty | 27 | 23 | |
| State land tax | 399 | 411 | |
| Total other expenses | 530 | 556 | |

Audit fees

The audit fees were paid / payable to the Auditor-General's Department in relation to the work performed under the *Public Finance and Audit Act 1987*. No other services were provided by the Auditor-General's Department.

5. Non-financial assets

| Total right-of-use plant and equipment | 233 | 316 |
| Total property, plant and equipment | 94,009 | 94,299 |

5.2 Property, plant and equipment owned by the Trust

Property, plant and equipment owned by the Trust with a value equal to or in excess of \$1,000 is capitalised. Certain assets below this amount are capitalised initially to assist with asset management and planning.

Non-current assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition. Non-current assets are subsequently measured at fair value after allowing for accumulated depreciation.

Where assets are acquired at no value, or minimal value, they are recorded at fair value in the Statement of Financial Position.

Plant and equipment includes operating machinery and vehicles that are fully depreciated but still in use. These have an estimated gross carrying value of approximately \$885,000. Examples of these include turf maintenance machinery, maintenance vans and housekeeping buggies.

Impairment

The Trust holds its property, plant and equipment for their service potential (value in use).

There were no indications of impairment of property, plant and equipment assets as at 30 June 2022.

Reconciliation 2021-22

5.3 Property, plant and equipment leased by the Trust

Property, plant and equipment leased by the Trust is recorded at cost. There were no additions to leased property, plant and equipment during 2021-22.

Short-term leases of 12 months or less and low value leases where the underlying asset value is less than \$15,000 are not recognised as right-of-use assets. The associated lease payments are recognised as an expense and are disclosed in note 4.1.

The Trust has a limited number of leases:

- a parcel of land, in accordance with a lease that commenced on 9 July 2014 and expires on 30 June 2034. The right-of-use asset is being depreciated over a useful life of 15 years which is consistent with the remaining term of this lease from the initial recognition in accordance with AASB 16 Leases on 1 July 2019.
- 30 new golf carts, in accordance with an agreement that requires 36 monthly rental payments commencing 1 May 2020 and expiring 30 April 2023 At the end of the lease term the Trust will take ownership of the carts on payment of a guaranteed residual payment. The right-of-use asset has been assessed as having a 5 year useful life for depreciation expense purposes.

The lease liabilities related to the right-of-use assets are disclosed in note 7.3. The Trust's maturity analysis of its lease liabilities is disclosed in note 10.3. Expenses related to leases, including depreciation and interest expenses, are disclosed in note 4.1 and 4.2. Cash outflows related to leases are disclosed in note 8.2

Impairment

Property, plant and equipment leased by the Trust have been assessed for impairment. There was no indication of impairment. No impairment loss or reversal of impairment loss was recognised.

5.4 Intangible assets

| | 2022 \$'000 | 2021 |
|--------------------------------|----------------|--------|
| | | \$'000 |
| Purchased computer software | 834 | 834 |
| Less: Accumulated amortisation | (755) | (686) |
| Total intangible assets | 79 | 148 |

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The acquisition of computer software is capitalised only when the expenditure meets the definition and recognition criteria and when the amount of the expenditure is equal to or in excess of \$1,000.

Reconciliation of 2021-22

| | Purchased computer software \$'000 |
|--|---|
| Carrying amount at the beginning of the period | 148 |
| Acquisitions | |
| Amortisation | (69) |
| Carrying amount at the end of the period | 79 |

Reconciliation of 2020-21

| | Purchased computer software \$'000 |
|--|---|
| Carrying amount at the beginning of the period | 213 |
| Acquisitions | 20 |
| Amortisation | (85) |
| Carrying amount at the end of the period | 148 |

5.5 Inventories

| | 2022 \$'000 | 2021 |
|---|----------------|--------|
| | | \$'000 |
| Current - held for distribution at no or nominal amount | | |
| Materials at cost | 10 | 4 |
| Total current inventories held for distribution at no or nominal amount | 10 | 4 |
| Current - held for sale | | |
| Goods at cost | 69 | 65 |
| Total current other inventories - held for sale | 69 | 65 |
| Total inventories | 79 | 69 |

Inventories held for distribution, at no or nominal consideration, are measured at cost and adjusted when applicable for any loss of service potential. Inventories held for sale are measured at the lower of cost or their net realisable value.

Cost for inventory is measured on the basis of the first-in, first-out method. Net realisable value is determined using the estimated sales proceeds less costs incurred in marketing, selling and distribution to customers.

Cost of inventories

The cost recognised as an expense for materials and goods for resale is \$487,000. There was a net increase in inventories for the period of \$10,000.

6. Financial assets

6.1 Cash and cash equivalents

| | 2022 \$'000 | 2021 |
|---------------------------------|----------------|--------|
| | | \$'000 |
| Cash at bank or on hand | 278 | 1,054 |
| Short-term deposits with SAFA | 4,229 | 1,024 |
| Total cash and cash equivalents | 4,507 | 2,078 |

Cash is measured at nominal amounts. There are no restrictions over any of the Trust's cash balances.

Cash at bank or on hand

Cash on hand is non-interest bearing. Cash at bank eams a floating interest rate, based on daily bank deposit rates.

Short-term deposits

Short term deposits are lodged on an at call basis through the SAFA Cash Management Facility. These funds, which are guaranteed by the Treasurer, earn an interest rate which is aligned to the RBA official cash rate plus a margin determined by SAFA.

6.2 Receivables

| | 2022 | 2021 \$'000 |
|-----------------------------------|--------|----------------|
| | \$'000 | |
| Current | | |
| Receivables | | |
| From government entities | 14 | 4 |
| From non-government entities | 25 | 60 |
| Less allowance for doubtful debts | - | - |
| Total receivables | | 64 |
| Prepayments | 126 | 91 |
| Accrued revenues | 199 | 2,670 |
| Total current receivables | 364 | 2,825 |

No amounts within receivables are expected to be recovered more than 12 months after reporting date.

Receivables are raised for all goods and services provided for which payment has not been received. Receivables are normally settled within 30 days. Receivables, prepayments and accrued revenues are non-interest bearing.

Other than as recognised in the allowance for doubtful debts, it is not anticipated that counterparties will fail to discharge their obligations. The carrying amount of receivables approximates net fair value due to being receivable on demand. There is no concentration of credit risk.

Refer to note 10.3 for further information on risk management.

Accrued revenue as at 30 June 2021 included a \$1.782 million insurance payment recognised in 2020-21 that related to a COVID 19 related business interruption claim for the period 1 July 2020 to 24 March 2021 lodged with SAFA Insurance. Payment was received in July 2021.

Impairment of receivables

| | 2022 \$'000 | 2021 |
|--|----------------|--------|
| | | \$'000 |
| Carrying amount at the beginning of the period | - | - |
| Increase in allowance recognised in the profit or loss | 5 | 9 |
| Amounts written off | (5) | (9) |
| Carrying amount at the end of the period | - | - |

Refer to note 10.3 for details regarding credit risk and the methodology for determining impairment.

7. Liabilities

Employee benefits liabilities are disclosed in note 3.4.

7.1 Payables

| | 2022 | 2021 |
|----------------------------|--------|--------|
| | \$'000 | \$'000 |
| Current | | |
| Creditors | 950 | 513 |
| Accrued expenses | 322 | 1,027 |
| GST payable | 218 | 218 |
| Employment on costs | 91 | 88 |
| Total Current payables | 1,581 | 1,846 |
| Non-current | | |
| Employment on costs | 66 | 78 |
| Total Non-current payables | 66 | 78 |
| Total payables | 1,647 | 1,924 |

Payables are measured at nominal amounts. Creditors and accruals are raised for all amounts billed but unpaid. Creditors are normally settled within 30 days. Employment on-costs are settled when respective employee benefits that they relate to are discharged. All payables are non-interest bearing. The carrying amount of payables approximates the net fair value due to the amounts being payable on demand.

The net amount of GST recoverable from the ATO is included as part of payables.

Employment on-costs

Employment on-costs include payroll tax, Return to Work SA levies and superannuation contributions. The Trust makes contributions to State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the South Australian Superannuation Board.

As a result of an actuarial assessment performed by the Department of Treasury and Finance, the average factor for the calculation of employer superannuation cost on-costs has changed from the 2021 rate of 10.1% to 10.6%. These rates are used in the employment on-cost calculation. The net financial effect of the change in employer superannuation on-cost rates is an increase in the employment on-costs of \$4,000.

There is a net decrease in the employment on-costs payable of \$9,000. This is primarily due to the decrease in long service leave liability, in comparison to the previous year.

7.2 Fees received in advance

| | 2022 | 2021 \$'000 |
|--------------------------------|--------|----------------|
| | \$'000 | |
| Current | | |
| Fees received in advance | 1,883 | 1,593 |
| Total Fees received in advance | 1,883 | 1,593 |

This amount represents accommodation tariff deposits and booking payments, annual golf membership playing rights and annual boat launch permit fees collected in advance. The advance portion of any payment of lease and licence fees for use of parcels of land and buildings across the precinct is also included.

7.3 Borrowings

| | 2022 | 2021 \$'000 |
|-------------------------------|--------|----------------|
| | \$'000 | |
| Current | | |
| Borrowings from SA Government | 389 | 389 |
| Lease liabilities | 274 | 134 |
| Total current borrowings | 663 | 523 |
| Non-current | | |
| Borrowings from SA Government | 7,700 | 8,127 |
| Lease liabilities | 794 | 1,068 |
| Total non-current borrowings | 8,494 | 9,195 |
| Total borrowings | 9,157 | 9,718 |

The Trust measures financial liabilities including borrowings/debt at historical cost. All interest bearing liabilities have been sourced from the SA Government Financing Authority.

All material cash outflows are reflected in the lease liabilities disclosed above.

Borrowings from SA Government

These are unsecured loans which do bear interest. The terms of the loan were approved by Treasurer at the time the loan were provided.

The Trust has a \$8,089,000 (2020-21 \$8,516,000) loan facility with the South Australian Government Financing Authority. At the time of preparing the Financial Statements, the Trust still has \$1.1m in loan funding to drawdown on the \$1.75m Treasurer approved loan funding to construct new Cabins at the West Beach Parks Retreat. Construction of these Cabins was completed in November 2020.

The Trust has a \$2,500,000 (2020-21 \$2,500,000) working capital facility with the South Australian Government Financing Authority. As at 30 June 2022 there were no drawings on this facility (2020-21 \$Nil).

8. Other disclosures

8.1 Equity

The asset revaluation surplus is used to record increments and decrements in the fair value of property and plant and equipment to the extent that they offset one another. Relevant amounts are not transferred to retained earnings when an asset is derecognised.

8.2 Cash flow

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

Total cash outflows for leases was \$134,000 (2021: \$128,000).

Reconciliation of net result to cash flows from operating activities

9. Outlook

9.1 Unrecognised contractual commitments

Commitments include operating, capital and outsourcing arrangements arising from contractual or statutory sources and are disclosed at their nominal value

Capital commitments

| | 2022 | 2021 |
|---------------------------|--------|--------|
| | \$'000 | \$'000 |
| Within one year | 493 | |
| Total capital commitments | 493 | - |

The Trust has one major capital commitment as at the reporting date. This relates to the replacement of Reef Cabins at the BIG 4 West Beach Parks, with construction and delivery delayed until 2022-23 given supply issues.

Expenditure commitments

| | 2022 | 2021 \$'000 |
|-------------------------------|--------|-----------------------|
| | \$'000 | |
| Within one year | - | 6 |
| Total expenditure commitments | - | 6 |

The Trust's expenditure commitments are for computer equipment which has been classified as a low value lease given the underlying asset value of the equipment being leased is low.

Operating leases receivable

| | 2022 \$'000 | 2021 \$'000 |
|--|----------------|-----------------------|
| | | |
| Commitments in relation to operating lease income contracted for at the reporting date | | |

| Later than one year but not longer than five years | 2,700 | 1,809 |
| Later than five years | 7,692 | 5,278 |
| Total operating leases receivable | 11,218 | 7,771 |

All operating leases receivable of \$11,218,000 (\$7,771,000) are from entities external to the SA government, and are for parcels of land and buildings leased to various sporting organisations and commercial operators.

9.2 Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value.

The Trust is not aware of any contingent assets or liabilities.

9.3 Impacts of standards and statements not yet effective

The Trust has assessed the impact of new and changed Australian Accounting Standards Board Standards and Interpretations not yet effective, and there is no expected impact on the Trust's general purpose financial statements.

9.4 COVID-19 pandemic outlook for the Trust

Consistent with the last six months of 2021/22, the Trust does not envisage there being any impacts from COVID-19 on trading revenue in 2022/23, with accommodation and golf revenues expected to remain strong. However, it is expected that there will be a continued COVID-19 impact on staffing and in particular the need to access higher paid agency staff to support the delivery of housekeeping and other services. Ongoing supply chain issues and staff shortages will continue to impact on the costs of materials and labour and potentially delay cabin projects.

9.5 Events after the reporting period

The Trust is not aware of any events after the end of the reporting period that will have a material financial impact.

10. Measurement and risk

10.1 Long service leave liability - measurement

AASB 119 Employee Benefits contains the calculation methodology for long service leave liability.

The actuarial assessment performed by the Department of Treasury and Finance has provided a basis for the measurement of long service leave and is based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service. These assumptions are based on employee data over SA government entities.

AASB 119 Employee Benefits requires the use of the yield on long-term Commonwealth Government bonds as the discount rate in the measurement of the long service leave liability. The yield on long-term Commonwealth Government bonds has increased from 2021 (1.25%) to 2022 (3.5%).

This increase in the bond yield, which is used as the rate to discount future long service leave cash flows, results in a decrease in the reported long service leave liability.

The actuarial assessment performed by the Department of Treasury and Finance left the salary inflation rate at 2.5% for long service liability. As a result, there is no net financial effect resulting from changes in the salary inflation rate.

The net financial effect of the changes to actuarial assumptions in the current financial year is a decrease in the long service leave liability of \$118,000. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of demographical and financial assumptions – including the long-term discount rate.

The portion of estimated long service leave that is classified as current is based on an assessment of the pattern of leave taken or paid out over the last 10 years.

10.2 Fair value

AASB 13 Fair Value Measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

Initial recognition

Non-current assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition. Non-current assets are subsequently measured at fair value after allowing for accumulated depreciation.

Where assets are acquired at no value, or minimal value, they are recorded at fair value in the Statement of Financial Position.

Revaluation

Property, plant and equipment are subsequently measured at fair value after allowing for accumulated depreciation.

The policy of the Trust is that land, buildings and improvements will be revalued by an external professionally qualified valuer every 5 years. A valuation was undertaken as at 30 June 2019 in line with this policy. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

Fair value hierarchy

The Trust classifies fair value measurement using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements, based on the data and assumptions used in the most recent revaluation.

- Level 1 traded in active markets and is based on unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at measurement date.
- Level 2 not traded in an active market and are derived from inputs (inputs other than quoted prices included within level 1) that are observable for the asset, either directly or indirectly.
- Level 3 not traded in an active market and are derived from unobservable inputs.

The Trust's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the reporting period.

All property, plant and equipment of the Trust are categorised in Level 3.

Land and buildings and improvements

An independent valuation of land and buildings and improvements was performed in February 2019 by a Certified Practising Valuer from Jones Lang Lasalle SA Pty Ltd, as at 30 June 2019.

The valuer used adjusted market value for land and depreciated replacement cost for buildings and improvements, due to there not being an active market for such land and buildings. The depreciated replacement cost considered the need for ongoing provision of government services; specialised nature of the assets, including the restricted use of the assets; the size, condition, location and current use of the assets. The valuation was based on a combination of internal records, specialised knowledge and the acquisition/transfer costs.

Plant and equipment

Plant and equipment acquisitions have been recognised at cost. The carrying value of plant and equipment is deemed to approximate fair value. These assets are classified in level 3 as there has been no subsequent adjustments to their value, except for management assumptions about the assets condition and remaining useful life.

10.3 Financial Instruments

Financial risk management

Risk is managed by the application of the West Beach Trust Risk Management Framework.

The Trust's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

Liquidity risk

Liquidity risk arises where the Trust is unable to meet its financial obligations as they are due to be settled. The Board, Executive and Senior Management are responsible for monitoring and ensuring its operations are prudently maintained. Liquidity is managed on a daily basis and monthly reports are submitted to the Board, Executive and Senior Management and the Department of Treasury and Finance. The Trust generally settles undisputed accounts within 30 days from the date of invoice or the date the invoice is first received. In the event of a dispute, payment is generally made 30 days from resolution.

An assessment of liquidity risk has been undertaken by the Chief Executive Officer and General Manager Corporate Services and based on past experience and knowledge of seasonal trends, management is confident that the Trust will be able to meet its financial obligations as and when they fall due. Cash flow updates are included in the Trust's Board papers provided to Board members monthly.

Refer to notes 7.1 and 7.3 for further information

Credit risk

Credit risk arises when there is the possibility of the Trust's debtors defaulting on their contractual obligations resulting in financial loss to the Trust. The Trust measures credit risk on a fair value basis and monitors risk on a regular basis.

The Trust has minimal concentration of credit risk. The Trust has policies and procedures in place to ensure that transactions occur with customers with appropriate credit history. The Trust does not engage in high risk hedging for its financial assets.

Impairment of financial assets

Loss allowances for receivables are measured at an amount equal to lifetime expected credit loss using the simplified approach in AASB 9. The Trust uses an allowance matrix to measure the expected credit loss of receivables from non-government debtors which comprise a large number of small balances.

To measure the expected credit losses, receivables are grouped based on shared risks characteristics and the days past due. When estimating expected credit loss, the Trust considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Trust's historical experience and informed credit assessment, including forward-looking information.

The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Trust is exposed to credit risk.

The expected credit loss of government debtors is considered to be nil based on the external credit ratings and nature of the counterparties.

Impairment losses are presented as net impairment losses within net result, subsequent recoveries of amounts previously written off are credited against the same line item.

Receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include the failure of a debtor to enter into a payment plan with the Trust and a failure to make contractual payments within a reasonable time frame.

There were no receivables written off during the year that are still subject to enforcement activity

The Trust considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties and therefore the expected credit loss is nil.

Market risk

The Trust does not trade in foreign currency, nor enter into transactions for speculative purposes, nor for hedging. The Trust does not undertake any hedging in relation to interest or foreign currency risk and manages its risk as per the government's risk management strategy articulated in *TI 23 Management of Foreign Currency Exposures*.

Exposure to interest rate risk may arise through its interest bearing liabilities, including borrowings. The Trust's interest bearing liabilities are managed through the South Australian Government Financing Authority (SAFA) and any movement in interest rates are monitored on a regular basis. There is no exposure to foreign currency or other price risks.

There have been no changes in risk exposure since the last reporting period.

Categorisation of financial instruments

Details of the significant accounting policies and methods adopted including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised with respect to each class of financial asset, financial liability and equity instrument are disclosed in the respective financial asset / financial liability note.

Classification of financial instruments

The Trust measures all financial instruments at amortised cost.

Receivables and payables

The receivable and payable amounts disclosed here exclude amounts relating to statutory receivables and payables (e.g. Commonwealth and State taxes, fees and charges). In government, certain rights to receive or pay cash may not be contractual and therefore in these situations, the requirements will not apply. Where rights or obligations have their source in legislation such as levy receivables/payables, tax equivalents, commonwealth tax etc they would be excluded from the disclosure. The standard defines contract as enforceable by law. All amounts are carried at cost.

The receivables amount disclosed here excludes prepayments. Prepayments are not financial assets as defined in AASB 132 as the future economic benefit of these assets is the receipt of goods and services rather than the right to receive cash or another financial asset.
