## To the Public Trustee

### Opinion

I have audited the financial report of Public Trustee for the financial year ended 30 June 2026.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of Public Trustee as at 30 June 2026, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2026 for the Corporate Operations
- a Statement of Financial Position as at 30 June 2026 for the Corporate Operations
- a Statement of Changes in Equity for the year ended 30 June 2026 for the Corporate Operations
- a Statement of Cash Flows for the year ended 30 June 2026 for the Corporate Operations
- notes, comprising material accounting policy information and other explanatory information for the Corporate Operations
- a Statement of Comprehensive Income for the year ended 30 June 2026 for each of the Common Funds
- a Statement of Financial Position as at 30 June 2026 for each of the Common Funds
- a Statement of Cash Flows for the year ended 30 June 2026 for each of the Common Funds
- notes, comprising material accounting policy information and other explanatory information for the Common Funds
- a Statement of Trusts being Administered for the year ended 30 June 2026
- notes, comprising material accounting policy information and other explanatory information for the Trusts being Administered
- a Certificate from the Public Trustee and the Chief Operating Officer.

## **Basis for opinion**

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of Public Trustee. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## **Responsibilities of the Public Trustee for the financial report**

The Public Trustee is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Public Trustee is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Public Trustee is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the assessment indicates that it is not appropriate.

## **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 26(2), 30(2) and 50(2) of the *Public Trustee Act 1995*, I have audited the financial report of Public Trustee for the financial year ended 30 June 2026.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Public Trustee's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Public Trustee
- conclude on the appropriateness of the Public Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Public Trustee about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Blaskett

---

We certify that the:

- Financial statements of the Public Trustee Corporate entity, common funds and Statement of Trusts being administered:
  - are in accordance with the accounts and records of the authority; and
  - comply with relevant Treasurer's instructions; and
  - comply with relevant accounting standards; and
  - present a true and fair view of the financial position of the Public Trustee at the end of the financial year and the result of its operations and cash flows for the financial year.
- Internal controls employed by the Public Trustee for the financial year over its financial reporting and its preparation of financial statements have been effective.

## The Public Trustee

### CORPORATE

## Notes to and forming part of the financial statements

for the year ended 30 June 2026

---

### 1. About the Public Trustee

The office of the Public Trustee was established in 1881 and is constituted under the provisions of the *Public Trustee Act 1995*. The Public Trustee is a statutory officer pursuant to the *Public Trustee Act 1995*. The Public Trustee is a body corporate with the powers of a natural person.

The Public Trustee does not control any other entity and has no interests in unconsolidated structured entities. The financial statements and accompanying notes include all the controlled activities of the Public Trustee.

#### 1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards.

For the purposes of preparing the financial statements, the Public Trustee is a not-for-profit entity. The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Income, expenses, and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

Cash flows are included in the Statement of Cash Flows on a gross basis. However, the GST components of cash flows arising from investing and financing activities are recoverable from, or payable to, the ATO are classified as operating cash flows.

Assets and liabilities that are to be sold, consumed, or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Where asset and liability line items combine amounts expected to be realised within 12 months and more than 12 months, the Public Trustee has separately disclosed the amounts expected to be recovered or settled after more than 12 months.

The *Public Trustee Act 1995*, through the provisions of Sections 47 and 48, provides for the payment to Government of taxation equivalents and dividends. The income tax liability is based on the Treasurer's accounting profit method, which requires that the corporate income tax rate be applied to the net profit. The Public Trustee consults with the Minister as to whether a dividend should be paid to the Treasurer for that financial year and, if so, as to the amount of the dividend.

The Public Trustee is also liable for payroll tax, fringe benefits tax and goods and services tax.

#### 1.2. Objectives

The Public Trustee provides financial and administrative services to eligible South Australians. The Public Trustee's services include will making, powers of attorney preparation and estate and trust administration. We exist to support the estate wishes and financial interests of the South Australians we serve.

**The Public Trustee****CORPORATE****Notes to and forming part of the financial statements***for the year ended 30 June 2026***1.3. Significant transactions with government related entities**

Significant transactions with the SA Government are identifiable throughout this financial report. In addition:

- Community Service Obligations \$7 340 000 (2025: \$6 967 000) as described in Note 3.2.
- Lease Payments to Department for Infrastructure and Transport \$2 353 000 (2025: \$1 931 000)
- Dividends paid to Department of Treasury and Finance \$10 746 000 (2025: \$1 225 000)
- Income tax equivalents paid to Department of Treasury and Finance \$2 808 000 (2025: \$2 185 000)
- Capital contribution from Government of \$nil (2025: \$1 500 000) for replacement of the Public Trustee's customer financials system.

**2. Board, committees, and employees****2.1. Key management personnel**

Key management personnel of the Public Trustee include the Attorney-General, the Chief Executive, Attorney-General's Department and the Public Trustee Executive who have responsibility for the strategic direction and management of the office. Total compensation for key management personnel was \$790 000 in 2025-26 and \$795 000 in 2024-25. The compensation detailed below excludes salaries and other benefits the Attorney-General and the Chief Executive receives. The Attorney-General's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via the Department of Treasury and Finance) under section 6 of the *Parliamentary Remuneration Act 1990*. The Chief Executive's salary and other benefits are reflected in the Attorney-General's Department financial statements.

**CORPORATE**  
**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2026*

**2.2 Remuneration of Board and Committee members (continued)**

**Board and committee remuneration**

The number of members whose remuneration received or receivable falls within the following bands:

|                                | 2026      | 2025      |
|--------------------------------|-----------|-----------|
| \$0                            | 9         | 7         |
| \$1 - \$19 999                 | 6         | 6         |
| \$20 000 - \$39 999            | 1         | 1         |
| <b>Total number of members</b> | <b>16</b> | <b>14</b> |

The total remuneration received or receivable by members was \$71 000 (2025: \$65 000). Remuneration of members includes sitting fees, superannuation contributions, salary sacrifice benefits, fringe benefits and related fringe benefits tax.

**3. Income**

**3.1. Fees and charges**

|                                                      | 2026<br>\$'000 | 2025<br>\$'000 |
|------------------------------------------------------|----------------|----------------|
| <b>Fees and Charges</b>                              |                |                |
| Revenue from contracts with customers                | 30 793         | 29 145         |
| <b>Total fees and charges</b>                        | <b>30 793</b>  | <b>29 145</b>  |
| <b>Timing of revenue recognition - point in time</b> |                |                |
| <b>Fees and charges</b>                              |                |                |
| Capital Commission                                   | 6 889          | 6 993          |
| Income Commission                                    | 7 658          | 7 118          |
| Management fees <sup>1</sup>                         | 13 117         | 12 263         |
| Professional Fees                                    | 3 129          | 2 771          |
| <b>Total fees and charges</b>                        | <b>30 793</b>  | <b>29 145</b>  |

<sup>1</sup> Management fees are charged on the value of each fund at the first business day of each month at an effective rate of one-twelfth 1.025% (inclusive of GST) for the Cash Common Fund and the Fixed Interest funds, and 1.230% (inclusive of GST) for Growth Common Funds which include Australian Shares, Overseas Shares and the Property Common Fund as authorised by the *Public Trustee Act 1995*.

**Revenue recognition**

The Public Trustee's source of revenue arises through the provision of the following services:

- Personal Estate Administration - managing the financial affairs of eligible South Australians who cannot manage their own affairs.
- Deceased Estate Administration
- Trust Administration
- Various professional services such as will and enduring power of attorney writing for concession holders, taxation return preparation and examination of private administrators accounts.

Under AASB 15, the Public Trustee recognises revenue when or as the performance obligation in a contract with a customer is satisfied i.e., when "control" of the services underlying the particular performance obligation is transferred to the customer.

**The Public Trustee****CORPORATE****Notes to and forming part of the financial statements***for the year ended 30 June 2026***3.1 Fees and charges (continued)**

Information on the Public Trustee's revenue recognition policies and performance obligations is summarised below:

**Capital Commission**

The Public Trustee earns capital commission primarily from the disposal of financial and non-financial assets. The performance obligation is the effective administration of the customers affairs.

Given the indeterminate length of the contract associated with administering customer affairs and the inherent uncertainties in determining capital commission, revenue is recognised at the time of the asset event when the revenue becomes reliably measurable. This point in time is at the time of the asset disposal with the exception of Trust administration where capital commission is earned during the on boarding of the Trust on funds transferred from an external party.

**Income Commission and Management Fees**

Income commission specifically relates to the Public Trustee's effort to perform administration duties for the customer. Management fees are earned on managing customer investments.

The performance obligation is satisfied each time a service is performed on behalf of the customer. Income commission revenue is recognised on receipt of income for example, interest income, pensions and rental income. Management fee revenue is recognised monthly in arrears.

**Professional Service Fees**

The performance obligation for professional services is satisfied at a point in time upon completion of the service. Revenue is recognised at the completion of the professional service for example at the completion of the will writing or taxation return.

**Contract balances**

|                                                                      | 2026       | 2025       |
|----------------------------------------------------------------------|------------|------------|
|                                                                      | \$'000     | \$'000     |
| Receivables from contracts with customers, included in 'Receivables' | 161        | 213        |
| Contract liabilities                                                 | 79         | 47         |
| <b>Total contract liabilities</b>                                    | <b>240</b> | <b>260</b> |

Contract liabilities primarily relate to financial examination fees received in advance for letters of administration customers. The fees are paid in advance and recognised as revenue when the examination process is complete. For a breakdown of when revenue is expected to be recognised refer to Note 8.2.

Revenue totalling \$30 000 was recognised in 2025-26 (2025: \$34 000) that was included in contract liabilities at 1 July 2025. No revenue related to adjustments to prices for performance obligations satisfied or partially satisfied in prior periods.

**3.2. Community Service Obligations**

|                                                  | 2026         | 2025         |
|--------------------------------------------------|--------------|--------------|
|                                                  | \$'000       | \$'000       |
| <b>Community Service Obligation</b>              |              |              |
| Community service obligations from SA Government | 7 340        | 6 967        |
| <b>Total Community Service Obligations</b>       | <b>7 340</b> | <b>6 967</b> |

The Public Trustee is required under its charter to provide a number of non-commercial services to the South Australian community on behalf of the government. The government provides the Public Trustee with funding, in accordance with a community service obligation payment, to compensate for these non-commercial activities. These activities include managing the affairs of eligible South Australians who cannot manage their own affairs, managing small trusts, regulation of private administrators, litigation guardianship matters, will making and enduring power of attorney writing services.

**3.3. Interest**

|                                    | 2026       | 2025       |
|------------------------------------|------------|------------|
|                                    | \$'000     | \$'000     |
| <b>Interest</b>                    |            |            |
| Interest on operating account      | 133        | 129        |
| Interest on fixed term investments | 342        | 445        |
| <b>Total interest</b>              | <b>475</b> | <b>574</b> |

**3.4. Resources received free of charge**

|                                                       | 2026       | 2025       |
|-------------------------------------------------------|------------|------------|
|                                                       | \$'000     | \$'000     |
| Services received free of charge – Shared Services SA | 120        | 107        |
| <b>Total resources received free of charge</b>        | <b>120</b> | <b>107</b> |

Contribution of services are recognised only when a fair value can be determined reliably, and the services would be purchased if they had not been donated.

The Public Trustee receives payroll and accounts payable services from Shared Services SA. A corresponding expense is recognised in the financial statements (see note 4.2).

**3.5. Other income**

|                           | 2026       | 2025       |
|---------------------------|------------|------------|
|                           | \$'000     | \$'000     |
| <b>Other Income</b>       |            |            |
| Recovery of rent          | 239        | 243        |
| Sundry income             | 230        | 258        |
| <b>Total other income</b> | <b>469</b> | <b>501</b> |

Recovery of rent is for office space provided to the Office of the Public Advocate at 211 Victoria Square.

| Salaries and wages                     | 14 954        | 14 926        |
| Long service leave                     | 348           | 477           |
| Annual leave                           | 1 335         | 1 463         |
| Skills and experience retention leave  | 89            | 89            |
| Superannuation                         | 1 968         | 1 896         |
| Board and committee fees               | 71            | 65            |
| Workers compensation                   | 275           | 275           |
| Other employee related expenses        | 930           | 953           |
| <b>Total employee related expenses</b> | <b>19 970</b> | <b>20 144</b> |

**Superannuation**

The superannuation expense represents the Public Trustee's contributions to superannuation plans in respect of current services of current employees.

Employee remuneration**Remuneration of employees**

The number of employees whose remuneration received or receivable falls within the following bands:

|                       | <b>2026</b> | <b>2025</b> |
|-----------------------|-------------|-------------|
|                       | <b>No.</b>  | <b>No.</b>  |
| \$177 001 - \$197 000 | 2           | 1           |
| \$217 001 - \$237 000 | -           | 1           |
| \$237 001 - \$257 000 | 1           | -           |
| \$297 001 - \$317 000 | -           | 1           |
| \$317 001 - \$337 000 | 1           | -           |
| <b>Total</b>          | <b>4</b>    | <b>3</b>    |

The total remuneration received by those employees for the year was \$945 000 (2025: \$722 000).

The table includes all employees whose normal remuneration was equal to or greater than the base executive remuneration level during the year. Remuneration of employees reflects all costs of employment including salaries and wages, payments in lieu of leave, superannuation contributions, salary sacrifice benefits and fringe benefits and any fringe benefits tax paid or payable in respect of those benefits as well as any termination benefits for employees who have left the Public Trustee.

|                                                                               | 2026          | 2025          |
|-------------------------------------------------------------------------------|---------------|---------------|
|                                                                               | \$'000        | \$'000        |
| Public Trustee Operating Account                                              | 5 027         | 8 145         |
| Short term financial assets held to maturity                                  | 5 500         | 8 500         |
| <b>Total cash and cash equivalents in the Statement of Financial Position</b> | <b>10 527</b> | <b>16 645</b> |
| <b>Total cash and cash equivalents in the Statement of Cash Flow</b>          | <b>10 527</b> | <b>16 645</b> |

Cash and cash equivalents are measured at nominal amounts. Short term financial assets held to maturity include amounts with maturities up to twelve months.

**5.2. Receivables**

|                                               | 2026         | 2025         |
|-----------------------------------------------|--------------|--------------|
|                                               | \$'000       | \$'000       |
| <b>Current</b>                                |              |              |
| <b>Contractual receivables</b>                |              |              |
| Fees and charges                              | 506          | 395          |
| Sundry income                                 | 172          | 227          |
| Less impairment loss on receivables           | (11)         | (14)         |
| <b>Total contractual receivables</b>          | <b>667</b>   | <b>608</b>   |
| Prepayments                                   | 740          | 91           |
| Accrued revenues                              | 662          | 563          |
| <b>Total prepayments and accrued revenues</b> | <b>1 402</b> | <b>654</b>   |
| <b>Total current receivables</b>              | <b>2 069</b> | <b>1 262</b> |
| <b>Total receivables</b>                      | <b>2 069</b> | <b>1 262</b> |

Contractual receivables arise in the normal course of selling goods and services to the public. Contractual receivables are normally settled within 30 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement.

Other than as recognised in the allowance for impairment of loss on receivables, it is not anticipated that counterparties will fail to discharge their obligations. The carrying amount of receivables approximates net fair value due to being receivable on demand. There is no concentration of credit risk.

**The Public Trustee**  
**CORPORATE**  
**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2026*

---

**5.2. Receivables (continued)**

Refer to note 9.2 for further information on risk management.

Statutory receivables do not arise from contracts with customers. They are related to taxes and equivalents as well as statutory fees and charges. Statutory receivables are recognised and measured similarly to contractual receivables but are not classified as financial instruments for disclosure purposes.

The net amount of GST recoverable from the ATO is included as part of receivables.

Receivables, prepayments and accrued revenues are non-interest bearing. Receivables are held with the objective of collecting the contractual cash flows and they are measured at amortised cost.

**Allowance for impairment loss on receivables**

|                                                                | 2026      | 2025      |
|----------------------------------------------------------------|-----------|-----------|
|                                                                | \$'000    | \$'000    |
| <b>Carrying amount at the beginning of the period</b>          | 14        | 22        |
| Amounts written off                                            | (16)      | (15)      |
| Increase /(decrease) in allowance recognised in profit or loss | 13        | 7         |
| <b>Carrying amount at the end of the period</b>                | <b>11</b> | <b>14</b> |

Impairment losses relate to contracts with customers external to SA government. No impairment loss was recognised in relation to statutory receivables.

Refer to note 9.2 for details regarding credit risk and the methodology for determining impairment.

**5.3. Useful life and depreciation of non-financial assets**

The depreciation expenses for property, plant and equipment are presented in Note 5.4. The amortisation expenses for intangible assets are presented in Note 5.7.

All non-current assets not held for sale with a limited useful life are systematically depreciated/amortised over their useful lives in a manner that reflects the consumption of their service potential.

**Useful life**

Depreciation and amortisation are calculated on a straight-line basis. Property, plant and equipment and intangible assets depreciation and amortisation are calculated over the estimated useful life as follows:

| <u>Class of fixed asset</u>              | <u>Useful life (years)</u> |
|------------------------------------------|----------------------------|
| Accommodation and Leasehold improvements | 10                         |
| Plant and equipment                      | 3 – 5                      |
| Right-of-use assets                      | 3 – 10                     |
| Intangibles                              | 3 – 10                     |

**Review of accounting estimates**

Assets' residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, on an annual basis. Changes in the expected life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

**The Public Trustee**  
**CORPORATE**  
**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2026*

---

**5.5. Property, plant and equipment owned by the Public Trustee**

Property, plant and equipment (PPE) owned by the Public Trustee with a value equal to or in excess of \$10 000 is capitalised, otherwise it is expensed. Property, plant and equipment owned by the Public Trustee is recorded at fair value. Detail about the Public Trustee's approach to fair value is set out in note 9.1.

**Impairment**

Property, plant and equipment owned by the Public Trustee has not been assessed for impairment as they are non-cash generating assets that are specialised in nature and held for continual use of their service capacity.

Revaluation of property, plant and equipment is undertaken on a regular cycle. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

A review of PPE with a written down value of zero was conducted during the 2025-26 year. PPE to the value of Nil that was fully depreciated and no longer held by the Public Trustee have been removed from the asset register.

**5.6. Property, plant and equipment leased by the Public Trustee**

Right-of-use assets for property, plant and equipment leased by the Public Trustee as lessee are measured at cost.

Short-term leases of 12 months or less and low value leases where the underlying asset value is less than \$15 000 are not recognised as right-of-use assets. The associated lease payments are recognised as an expense and are disclosed in note 4.2.

The Public Trustee has a limited number of leases:

- An office accommodation lease located at 211 Victoria Square Adelaide. The initial accommodation lease commenced 24 May 2010 with an area of 3 717.20m<sup>2</sup> for a period of 10 years with a right of renewal of 5 years. A lease extension was negotiated for a further 10 years from 24 May 2020 with a right of renewal of 5 years and reduced area of 3 163.10m<sup>2</sup>.

The lease liabilities related to the right-of-use assets are disclosed in note 6.2. The Public Trustee's maturity analysis of its lease liabilities is disclosed in note 9.2. Expenses related to leases, including depreciation and interest expenses, are disclosed in notes 4.3 and 5.4. Cash outflows related to leases are disclosed in note 7.1.

**Impairment**

Property, plant and equipment leased by the Public Trustee has been assessed for impairment. There was no indication of impairment. No impairment loss or reversal of impairment loss was recognised.

Intangible assets are initially measured at cost and are tested for indications of impairment at each reporting date. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and any accumulated impairment losses.

The acquisition of or internal development of software is capitalised only when the expenditure meets the definition and recognition criteria and when the amount of expenditure is greater than or equal to \$10 000.

**5.8. Other Financial assets**

The Public Trustee is required, pursuant to section 46(2)(c) of the *Public Trustee Act 1995*, to obtain the Treasurer's approval as to the manner of investment of corporate funds.

| <b>Current</b>                    |               |               |
| Contractual payables              | 1 049         | 1 083         |
| <b>Total contractual payables</b> | <b>1 049</b>  | <b>1 083</b>  |
| <b>Statutory Payables</b>         |               |               |
| Statutory payables                | 1 419         | 8 633         |
| GST payable                       | 159           | 306           |
| <b>Total statutory payables</b>   | <b>1 578</b>  | <b>8 939</b>  |
| <b>Total current payables</b>     | <b>2 627</b>  | <b>10 022</b> |
| <b>Total payables</b>             | <b>2 627</b>  | <b>10 022</b> |

Payables and accruals are recognised for all amounts owing but unpaid. Contractual payables are normally settled within 15 days from the date the invoice is first received. All payables are non-interest bearing. The carrying amount of payables represents fair value due to their short-term nature.

Statutory payables do not arise from contracts. Statutory payables include government taxes and equivalents, statutory fees and charges and Audit Office of South Australia audit fees. This is in addition to employee related payables, such as payroll tax, Fringe Benefits Tax, Pay As You Go Withholding and ReturnToWorkSA levies. Statutory payables are carried at cost.

The net amount of GST payable to the ATO is included as part of payables.

| <b>Total employee related liabilities</b>             | <b>5 836</b>  | <b>5 734</b>  |

Employee benefits are accrued as a result of services provided up to the reporting date that remain unpaid. Apart from long service leave liability, employee related liabilities are measured at nominal amounts.

**Salaries and wages, annual leave, skills and experience retention leave (SERL) and sick leave**

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at the reporting date.

The annual leave liability and the SERL liability in full are expected to be paid within 12 months and is measured at the undiscounted amounts expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

**Long service leave**

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The expected timing and amount of long service leave payments is determined through whole-of-government actuarial calculations, which are based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service. These assumptions have been applied to employee data at the Public Trustee to calculate the long service leave liability.

The discount rate used in measuring the liability is reflective of the yield on long-term Commonwealth Government bonds. The yield on long term Commonwealth Government bonds has increased from 4.25% (2025) to 4.75% (2026).

The net financial effect of the changes to actuarial assumptions in the current financial year is insignificant. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of demographical and financial assumptions – including the long-term discount rate.

The actuarial assessment performed by the Department of Treasury and Finance left the salary inflation rate at 3.5% for long service leave liability. As a result, there is no net financial effect resulting from changes in the salary inflation rate.

**The Public Trustee****CORPORATE****Notes to and forming part of the financial statements***for the year ended 30 June 2026***6.3. Employee related liabilities (continued)**

The unconditional portion of the long service leave provision is classified as current as the department does not have an unconditional right to defer settlement of the liability for at least 12 months after reporting date. The unconditional portion of long service leave relates to an unconditional legal entitlement to payment arising after 7 years of service.

**Employment on-costs**

Employment on-costs liabilities include payroll tax, Fringe Benefits Tax, Pay As You Go Withholding, ReturnToWorkSA levies and superannuation contributions. They are settled when the respective employee benefits that they relate to are discharged. These on-costs liabilities primarily relate to the balance of leave owing to employees. The estimated proportion of long service leave estimated to be taken as leave, rather than to be paid on termination, affects the amount of on-costs liabilities recognised as a consequence of long service leave liabilities.

The Public Trustee contributes to Super SA. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the South Australian Superannuation Board.

As a result of an actuarial assessment performed by the Department of Treasury and Finance, the proportion of long service leave taken as leave has remained constant at 44% (2025: 44%). The average factor for the calculation of employer superannuation cost on-costs for 2026 has remained unchanged at 12% (2025: 12%). These rates are used in the employment on-cost calculation. The net financial effect in the current financial year is immaterial.

**6.4. Provisions**

<sup>1</sup>A provision has been reported to reflect unsettled workers compensation claims. The workers compensation provision is based on an actuarial assessment of the outstanding liability as at 30 June 2026 provided by a consulting actuary engaged through the Office of the Commissioner for the Public Sector. The provision is for the estimated cost of ongoing payments to employees as required under current legislation. The Public Trustee is responsible for the payment of workers compensation claims.

### 8.2. Expected realisation of contract liabilities as revenue

The remaining performance obligations expected to be recognised in more than one year relate to the completion of financial examinations for letters of administration customers.

|                                   | 2026-27 | 2027-28 | Total  |
|-----------------------------------|---------|---------|--------|
|                                   | \$'000  | \$'000  | \$'000 |
| Revenue expected to be recognised | 71      | 8       | 79     |

### 8.3. Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the statement of financial position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value. The Public Trustee is not aware of any contingent assets or contingent liabilities as at balance date.

### 8.4. Impact of standards and statements not yet effective

The Public Trustee has assessed the impact of new and changed Australian Accounting Standards Board Standards and Interpretations not yet effective and has determined that there will be no financial impact arising from them.

No Australian Accounting Standards have been early adopted.

### 8.5. Events after reporting period

As at the date of this report there are no known or material events that have occurred after the reporting period.

**9. Measurement and risk**

**9.1. Fair Value**

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

**Initial recognition**

Non-current tangible assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition.

**Plant and equipment and leasehold improvements**

All items of plant and equipment owned by the Public Trustee had a fair value at the time of acquisition that was less than \$1.5 million and have not been revalued in accordance with APS 116. The carrying value of these items are deemed to approximate fair value.

Leasehold improvements are stated at cost less accumulated depreciation which is deemed to approximate fair value. Leasehold improvements associated with the extension of the Public Trustee's lease will require revaluation after six years as it exceeds the \$1.5 million threshold.

The carrying amount of plant and equipment and leasehold improvements is reviewed annually to ensure it is not in excess of the recoverable amounts from these assets.

**9.2. Financial Instruments**

**Financial Instruments – Measurement**

Financial assets held at fair value through the profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset. Transaction costs on financial assets fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income. Fair value of financial instruments are classified, according to fair value hierarchy, at level 2 - fair values that are based on inputs that are directly or indirectly observable for the asset.

- *Fair value in an active market* - The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the reporting date without any deduction for estimated future selling costs.
- *Fair value of unlisted unit trusts* - Investments in other unlisted unit trusts are recorded at the fair value as reported by the managers of such funds.

**Financial Instruments – Classification**

Investments in financial assets such as equities and units in unlisted unit trusts have been classified as 'Fair value through the profit or loss' and recognised in the Statement of Financial Position at fair value, with changes in fair value during the period recognised in the Statement of Comprehensive Income.

If any indication of impairment exists, an impairment loss is recognised in the Statement of Comprehensive Income as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate.

If in a subsequent period the amount of an impairment loss recognised on a financial asset carried at amortised cost decreases and the decrease can be linked objectively to an event occurring after the write-down, the write-down is reversed through the Statement of Comprehensive Income.

**9.2. Financial Instruments (continued)**

**Financial risk management**

The Public Trustee's activities expose it to a variety of financial risks: market risk (including interest rate risk and price risk), credit risk and liquidity risk. The overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Public Trustee. Only Australian domiciled pooled funds are used for investments in overseas assets. These funds are not directly exposed to foreign exchange risk as the pooled funds are fully hedged against currency risk.

Management of risk is focused on both strategic and business process risk. Annually, an analysis of strategic risk is undertaken which is comprehensive and covers investment, financial, operational, and administrative responsibilities of the Public Trustee. Business processes are documented, key risks are identified, and management strategies used to control these risks are in place.

**Market risk**

*Price risk*

The Public Trustee is exposed to equity securities price risk. This arises from investments held by the Public Trustee and classified on the Statement of Financial Position as financial assets at fair value through the profit or loss. The Public Trustee is not directly exposed to commodity price risk, as the classes of investments include Australian shares, international shares, and listed properties.

To manage its price risk arising from investments, the Public Trustee diversifies its portfolio. Diversification of the portfolio is done in accordance with its Investment Guidelines. The analysis detailed below is based on the assumption that the market indexes had increased/decreased by a set percentage with all other variables held constant and all instruments moving according to the historical correlation with the index.

*Cash flow and interest rate risk*

The Public Trustee's interest rate risk arises from cash investments, short term investments and Australian fixed interest investments. Instruments issued at fixed interest rates expose the Public Trustee to fair value interest rate risk and variable rate instruments expose the Public Trustee to cash flow interest rate risk. The Public Trustee invests in short term money market instruments with maturities less than one year and with credit ratings that satisfy the credit rating requirements of the Public Trustee's Cash Common Fund.

A sensitivity analysis is provided on the next page, outlining the exposure to each type of market risk at reporting date, showing how profit or loss would be affected by the changes in the relevant risk variable that were reasonably possible at that date. All instruments are designated as financial assets at fair value through the profit or loss; therefore there is no direct impact on equity.

CORPORATE**

**Notes to and forming part of the financial statements  
for the year ended 30 June 2026**

**9.2. Financial Instruments (continued)**

**Liquidity risk**

The Public Trustee has working capital policies in place in order to maintain liquidity. Short-term investment analysis assists in determining the amount, if any, to be invested or reinvested in order to maintain working capital. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, and the ability to close out market positions. The Public Trustee manages the liquidity risk by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities.

All current financial assets held to maturity have a maturity date within 12 months. Unlisted unit trust investments have no maturity date.

**The Public Trustee**  
**CORPORATE**

**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2026*

**9.2. Financial Instruments (continued)**

**Credit risk**

Credit risk is managed at the corporate level. Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as credit exposures to outstanding receivables and committed transactions. The Public Trustee has no direct exposure to derivative instruments; thus credit risk arises primarily through investments with banking corporations.

Short-term money market instruments must have a short-term Standard & Poor's (S&P) rating of A1 or in the case of the issuer being a bank under the *Banking Act 1959* a rating of A2 is accepted. Floating rate instruments must have a long-term S&P credit rating of A+ or better or where the counter party is a bank under the *Banking Act 1959* a rating of BBB or better is accepted.

If there is no independent rating, the Public Trustee assesses the credit quality of the customer, taking into account its financial position and past experience. Pooled investment funds are not rated; however, the Public Trustee has made a thorough assessment of all pooled funds managers in regard to credit and other risks prior to investing funds with each manager. The credit risk lies with the pooled fund manager responsible for the management of the underlying investments. The Public Trustee continually monitors these assessments.

The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets.

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rates.

**The Public Trustee****COMMON FUNDS****Notes to and forming part of the financial statements***for the year ended 30 June 2026*

---

**1. Public Trustee Common Funds**

The Common Funds have been established pursuant to the *Public Trustee Act 1995* or its predecessor legislation. The following common funds were active for the whole of the current and comparative reporting periods:

- Cash Common Fund;
- Short Term Fixed Interest Common Fund;
- Long Term Fixed Interest Common Fund;
- Overseas Fixed Interest Common Fund;
- Australian Shares Common Fund;
- Overseas Shares Common Fund; and
- Property Common Fund.

The Inflation Linked Investments Common Fund was dormant throughout 2025-26 and 2024-25, has nil assets and liabilities and has not been reported.

Investment in Common Funds (with the exception of direct investment in the Cash Common Fund) is by way of notional unit holdings in the common funds. Unitholders may invest in the Cash Common Fund or alternately invest in a selection of Common Funds in proportions determined by one or more of the following standard investment strategies provided by the Public Trustee:

- |                  |                            |
|------------------|----------------------------|
| • Capital Stable | • Growth                   |
| • Balanced       | • High Growth <sup>1</sup> |

Management of Common Fund investments is undertaken by the Public Trustee. An Investment Advisory Committee consisting of three independent members (one being appointed as chair), senior Public Trustee personnel, with attendance by external investment advisors, assists the Public Trustee in ensuring a sound and prudent system for investing client funds. Australian and International Equity investments, Property investments together with Overseas Fixed Interest investments are made using Australian domiciled pooled funds.

<sup>1</sup> Effective from 1 January 2026, the Equities Standard Investment Strategy was renamed to High Growth. This change did not alter the underlying investment strategy or management fee structure.

**1.1 Basis of preparation****a) Statement of Compliance**

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the Public Finance and Audit Act 1987;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards.

**b) Basis of Preparation**

The Public Trustee Common Funds financial statements have been prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated. The statements have also been prepared on the basis that all funds are distributable to unitholders resulting in zero residual equity. On this basis, the Statement of Changes in Equity has not been included for reporting purposes as the changes in equity are zero.

The financial statements are prepared based on a 12-month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

**The Public Trustee  
COMMON FUNDS  
Notes to and forming part of the financial statements  
for the year ended 30 June 2026**

---

**1. About Public Trustee Common Funds**

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within twelve months, except for financial assets at fair value through profit or loss and net assets attributable to unitholders.

**c) Comparative Information**

The presentation and classification of items in the financial statements are consistent with prior periods, except where specific accounting standards and / or accounting policy statements have required a change.

**d) Investment income**

Interest income and expenses are recognised in the Statement of Comprehensive Income for all debt instruments using the effective interest method. Other changes in fair value for such instruments are recorded in accordance with the policies described in note 7.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instrument (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees between the parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Trust distributions are recognised when the right to receive payment is established.

**e) Expenses**

All expenses, including management fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

Management fees are charged on the value of each fund as at the first business day of each month at an effective rate of one-twelfth 1.025% (inclusive of GST) for the Cash Common Fund and the Fixed Interest funds and 1.230% (inclusive of GST) for Growth Common Funds which include Australian Shares, Overseas Shares and the Property Common Fund as authorised by the *Public Trustee Act 1995*.

**f) Income tax**

Under current legislation, the common funds are not subject to income tax provided the taxable income of the Fund is fully distributed either by way of cash or reinvestment (i.e. unitholders are presently entitled to the income of the Fund).

Financial instruments held at fair value may include unrealised capital gains. Should such a gain be realised, the portion of the gain that is subject to capital gains tax will be distributed so that the Fund is not subject to capital gains tax.

Realised capital losses are not distributed to unitholders but are retained in the Funds to be offset against any realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

The benefits of imputation credits and foreign tax paid are passed on to unitholders.

The Funds currently incur withholding tax imposed by certain countries on investment income. Such income is recorded net of withholding tax in the Statement of Comprehensive Income.

**1. About Public Trustee Common Funds (continued)****g) Transfers from / (to) net assets to determine distributable income**

Non-distributable income is included in net assets attributable to unitholders and may consist of unrealised changes in the net fair value of financial instruments held at fair value through profit or loss, accrued income not yet assessable, expenses provided or accrued for which are not yet deductible, and net capital losses. Net capital gains on the realisation of any financial instruments and accrued income not yet assessable will be included in the determination of distributable income in the same year in which it becomes assessable for tax. Movements in net assets attributable to unitholders are recognised in the Statement of Comprehensive Income as financing costs.

**h) Foreign currency translation***i) Functional and presentation currency*

Items included in the Common Funds' financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the common funds compete for funds and is regulated.

*ii) Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year-end exchange rates, of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

The Funds do not isolate that portion of gains or losses on financial instruments which is due to changes in foreign exchange rates from that which is due to changes in the market price of securities. Such fluctuations are included with the net gains or losses on financial instruments at fair value through profit or loss.

**i) Advances to estates**

The Public Trustee may, pursuant to section 25 of the *Public Trustee Act 1995*, advance and pay money on account of an estate as authorised or requested (whether to beneficiaries or creditors), for costs or expenses incurred in administering the estate or for any other purpose. No greater amount may be advanced and paid than the value of the property so vested in or under the control of the Public Trustee.

The sums so advanced, with interest at a rate to be fixed by the Public Trustee from time to time in respect of all such sums, are a first charge on all property vested in or under the control of the Public Trustee on account of the estate.

**j) Other assets**

Other assets may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the end of each reporting period from the time of last payment using the effective interest rate method. Amounts are generally received within 30 days of being recorded as receivable.

**k) Other liabilities**

Other liabilities are accrued expenses owing by the Funds which are unpaid as at balance date.

The distribution amount payable to unitholders as at the end of each reporting period is recognised separately on the Statement of Financial Position as unitholders are presently entitled to the distributable income as at 30 June 2026 under the Trust Deed.

**l) Applications and redemptions**

Applications received for units in the common funds are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

**1. About Public Trustee Common Funds (continued)****m) Goods and services tax (GST)**

The Common Funds are registered entities under the Goods and Services Tax (GST) legislation. Investments in the Public Trustee Common Funds are classified as input taxed financial supplies and no GST is charged on such supplies.

The GST incurred on the costs of various services provided to the common funds by third parties such as management fees have been passed onto the common funds. The common funds qualify for Reduced Input Tax Credits (RITC) at a rate of 75% hence investment management fees and other expenses have been recognised in the Statement of Comprehensive Income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in other assets in the Statement of Financial Position.

**n) Use of estimates**

The Common Funds financial statements include estimates and assumptions that affect the reported amounts of assets and liabilities within the financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

**o) Rounding**

All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$000).

**1.2. Significant transactions with government related entities**

The Public Trustee is a government business enterprise and is wholly owned and controlled by the Government of South Australia. The Public Trustee Common Funds are wholly owned by unitholders who have invested in the funds. The Public Trustee Executive provides key management personnel (KMP) to the Common Funds and on this basis the Public Trustee Corporate is a related party together with all public authorities that are controlled and consolidated into the whole of government financial statements. Related parties also include all Common Fund KMP and their close family members.

*Significant transactions with government related entities*

The Retail Shop Leases invested an additional \$2.4 million (2025: \$3.0 million) during 2025-26, while a nominal amount of \$3,975 was withdrawn. The additional funds were invested across all Common Funds at a percentage allocation in accordance with the defined Standard Investment Strategies. No additional investments were received in 2025-26 from Residential Tenancies Fund (2025: \$7.0 million withdrawn), the Agents Indemnity Fund (2025: nil), or the Second Hand Motor Vehicle Fund (2025: nil).

*Collectively, but not individually significant transactions with government related entities*

Management fee expenses paid to the Public Trustee for the reporting period were \$15.7 million (2025: \$14.7 million).

**2. Board, Committees and employees**

**2.1. Key management personnel**

Key management personnel of the Public Trustee Common Funds include the Attorney-General, the Public Trustee Executive and the Manager, Investment Services. The Attorney-General's remuneration and allowances are determined by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of South Australia, respectively. These payments are made from the Consolidated Account via the Department of Treasury and Finance, in accordance with section 6 of the *Parliamentary Remuneration Act 1990*. The compensation for other key management personnel is paid from the Public Trustee Corporate Account.

For the year ended 30 June 2026, there were no material transactions or balances to disclose with key management personnel, their close family members and/or their controlled or jointly controlled entities in 2024-25 and 2025-26.

**COMMON FUNDS**

**Notes to and forming part of the financial statements**

*for the year ended 30 June 2026*

---

**3.1. Cash and cash equivalents (continued)**

**Cash at bank and on hand**

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts, where applicable, are shown within liabilities on the Statement of Financial Position.

The cash deposit is held with a financial institution and is interest bearing at 4.55% (2025: 3.85%) per annum as at 30 June 2026 available at call. During 2025-26, the Public Trustee's customer banking operations were provided by the Australia and New Zealand Banking Group Ltd (ANZ) as part of the whole of government banking contract. The Public Trustee also continued to manage a Commonwealth Bank of Australia (CBA) account during 2025-26 where a small number of deposits continue to be received on behalf of customers.

**Deposits in Cash Common Fund**

Deposits in the Cash Common Fund act as operating cash accounts for the other Common Funds, and are interest bearing at 4.0% (2025: 3.80%). These investments are available at call.

**Money market instruments**

Money market investments comprise short term at call deposit accounts. Interest rates range from 3.80% to 5.0% (2025: 3.85% to 4.55%).

COMMON FUNDS**

**Notes to and forming part of the financial statements  
for the year ended 30 June 2026**

**4. Liabilities**

**4.1. Net assets attributable to unitholders**

Each unit represents a right to an individual share in the fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units, and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemable at the unitholders' option and are therefore classified as financial liabilities. The units can be returned into the Common Funds at any time for cash equal to a proportionate share of the common funds' net asset values. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the Statement of Financial Position date if unitholders exercise their right to return the units back to the Common Funds. For financial reporting purposes and compliance with Australian Accounting Standards assets are recorded at net asset value.

Movements in number of units and net assets attributable to unitholders during the year were as follows:

**Common Fund unit prices**

|                           | 2026           |                  | 2025           |                  |

**The Public Trustee****COMMON FUNDS****Notes to and forming part of the financial statements***for the year ended 30 June 2026***4. Liabilities (continued)****4.4. Distributions to unitholders**

The Public Trustee distributes Common Fund income and capital based on the financial results at 31 December and 30 June. The Public Trustee recognises Common Fund distributions to customer accounts on the date they are paid by the Public Trustee.

For the Cash Common Fund, the provision for distributions represents both the monthly interest distributed to customer accounts and the bi-annual distributions calculated at 31 December and 30 June.

The items above are accrued as appropriate in the financial statements under Australian Accounting Standards and the distributions are recognised in the Statement of Comprehensive Income as finance costs attributable to unitholders.

The distributions, including cents per unit (CPU), were paid / payable as follows:

**The Public Trustee**

**COMMON FUNDS**

**Notes to and forming part of the financial statements**

*for the year ended 30 June 2026*

---

**6. Outlook**

**6.1 Impact of standards and statements not yet effective**

The Public Trustee has, after assessment, determined that there will be no financial impact on the financial statements of the Common Funds of new and changed Australian Accounting Standards and Interpretations not yet effective.

**6.2 Events after the reporting period**

There were no known or material events that have occurred since the end of the reporting period which would impact on the financial position of the Common Funds.

**The Public Trustee****COMMON FUNDS****Notes to and forming part of the financial statements***for the year ended 30 June 2026*

---

**7. Measurement and Risk****7.1 Fair value**

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

**Classification**

The Funds' financial assets are classified as measured at fair value through profit or loss.

These include financial assets that are not held for trading purposes, and which may be sold. These are investments in exchange traded debt and equity instruments, unlisted trusts, unlisted equity instruments and commercial paper. Other assets / liabilities comprise amounts due to or from the common funds.

Cash and cash equivalents are valued at nominal amounts. This asset consists of cash at bank, on hand and short-term money market deposits with maturities of three months or less that is readily converted to cash, and which are subject to insignificant risk of changes in value.

All other assets and liabilities are measured at amortised cost.

**Recognition**

The Funds recognise financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

**Measurement***Financial assets held at fair value through profit or loss*

Investments in pooled funds are recorded at fair value as reported by the managers of such funds. The Public Trustee has determined the fair value of financial assets to be the market value of these investments at balance date. AASB 7 *Financial Instruments: Disclosures* requires disclosure of the measurement methodology used to value financial instruments. The Public Trustee invests through fund managers and utilises pricing data provided by those managers which is indirectly derived from the pricing of the underlying securities. For internally managed portfolios, the Public Trustee invests directly through banks and other financial institutions, government and semi-government bond markets and utilises pricing data provided by those institutions and third-party pricing vendors.

***Fair value hierarchy***

The Public Trustee classifies the fair value measurements of financial assets and financial liabilities using the three-level fair value hierarchy as required by AASB 13, set out below, to reflect the source of valuation inputs used when determining the fair value:

Level 1: traded in active markets and is based on unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at measurement date.

Level 2: not traded in an active market and are derived from inputs (inputs other than quoted prices included within Level 1) that are observable for the asset, either directly or indirectly.

Level 3: not traded in an active market and are derived from unobservable inputs.

The Public Trustee's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the reporting period.

During 2026 and 2025, the Public Trustee had no valuations categorised in level 3. There were no transfers of assets between level 1 and 2 fair value hierarchy levels and there were no changes in valuation technique.

**Financial risk management**

The Public Trustee's Common Fund activities expose it to a variety of financial risks: market risk (including interest rate risk and price risk), credit risk and liquidity risk. The overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on financial performance. Only Australian domiciled pooled funds are used for overseas asset purchases. In terms of currency exposure, the Overseas Fixed Interest Common Fund is 100% hedged and the Overseas Shares Common Fund maintains a 40% hedged benchmark position which reduces currency volatility. Overseas currency exposure in the Property Common Fund is 100.0% hedged.

The Manager, Investment Services is responsible for ensuring that all investments are within the guidelines specified by the Public Trustee's *Investment Guidelines and Procedures Manual*. The Manager, Investment Services may recommend to the Public Trustee and the Public Trustee may, after consultation with the Investment Advisory Committee, approve investments outside of the Public Trustee's Investment Guidelines.

**Credit risk**

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as credit exposures to outstanding receivables and committed transactions.

Short-term money market instruments must have a short-term Standard and Poor's (S&P) rating of A1 or in the case of the issuer being a bank under the *Banking Act 1959* a rating of A2 is accepted. Floating rate instruments must have a long-term S&P credit rating of A+ or better or where the counter party is a bank under the *Banking Act 1959*, a rating of BBB or better is accepted. Long-term investments must have long-term S&P credit rating of A+ or better or be an investment in a Commonwealth Government or Semi-Government bond. If there is no independent rating, the Public Trustee assesses the credit quality of the provider, taking into account its financial position and past experience.

Credit risk arises primarily with the following classes of instruments and counterparties:

- Sovereign debt of the Australian Commonwealth and state governments
- Sovereign debt of foreign governments
- Banking corporations
- Corporate debt
- Pooled investment funds

The maximum exposure to credit risk at the end of each reporting period is the carrying amount of the financial assets.

The credit quality of financial assets that are neither past due nor impaired are assessed by reference to external credit ratings (if available) or to historical information about counterparty default rates.

Pooled fund investments are not rated, however, the Public Trustee makes a thorough assessment of all pooled fund managers in regard to credit and other risks prior to the investment of funds with each manager. The credit risk lies with the pooled fund manager responsible for the management of the underlying investments. The Public Trustee continually monitors these assessments.

The following table shows the maximum exposure to credit risk at the end of the reporting period. The exposure is the carrying amount of the financial assets.

**Market risk**

(i) Price risk

The Australian Shares Common Fund, Overseas Shares Common Fund, Property Common Fund, Long Term Fixed Interest Common Fund and the Overseas Fixed Interest Common Fund are exposed to price risk. The Public Trustee is not directly exposed to commodity price risk.

**The Public Trustee****COMMON FUNDS****Notes to and forming part of the financial statements***for the year ended 30 June 2026*

---

**7. Measurement and Risk (continued)**

To manage its price risk arising from investments in equity securities, the Public Trustee diversifies its portfolio. Diversification of the portfolio is in accordance with the Public Trustee's Investment Guidelines. Irrespective of what type of investment vehicle is used, the primary focus is to ensure the risk/reward objectives of the Public Trustee's investment approach are met. The common funds comprise a number of sub-portfolios which invest in different sectors of the equity market.

The Australian Shares Common Fund invests primarily in ASX 300 Companies through Australian domiciled-pooled funds. The Australian Shares Common Fund portfolio consists of listed shares, convertible notes, instalment receipts, preference shares and options. Derivatives are permitted for portfolio management provided the fund is not geared.

Equities in the Overseas Shares Common Fund consist of investments through Australian domiciled-pooled funds that obviate exposure to currency price risk. An "active" approach is used by the fund utilising a variety of fund managers with different investment styles. This provides diversification benefits and reduces the overall level of risk.

The Property Common Fund invests in listed securities from the Property Trust sector of any Australian or overseas stock exchange or any listed company whose major activity is in real property/infrastructure. Investments in this class also comprise un-listed unit trusts where the holding of property or infrastructure is the primary business activity of the issuer.

The Long-Term Fixed Interest Common Fund invests primarily in Bloomberg AusBond Composite Bond Index (0+). The Long-Term Fixed Interest Common Fund consists of government and agency securities, corporate securities, money market instruments, mortgage-backed and asset-backed securities, unlisted securities from externally appointed fund managers and Public Trustee Cash Common Fund. The fund's exposure to price risk from its external managed portfolio has been recognised from 2021-22.

**(ii) Cash flow and interest rate risk**

The Public Trustee is exposed to interest rate risk arising from cash investments, short term and long-term investments. Instruments issued at fixed interest rates expose the Public Trustee to fair value interest rate risk and variable rate instruments expose the Public Trustee to cash flow interest rate risk.

The Cash Common Fund can invest in short term money market instruments with up to one year maturity, floating rate investment instruments with maturity terms up to 10 years if the counterparty is a bank with a credit rating of A- or better or fixed interest instruments with maturity terms up to three years. Fixed Interest Securities with greater than one year maturity are restricted to make up less than 20% of the overall fund.

The Short-Term Fixed Interest Common Fund can invest in fixed interest securities with maturity terms of three years if the credit rating is A+ or better, or a maturity term of up to six years for Commonwealth and Semi-government bonds.

The Long-Term Fixed Interest Common Fund transitioned from an internally managed portfolio to a fully externally managed portfolio, with investments held in Australian domiciled pooled funds, during the third quarter of the 2025-26 financial year.

**(iii) Foreign exchange risk**

The Overseas Fixed Interest Common Fund, the Overseas Shares Common Fund and the Property Common Fund are indirectly exposed to foreign exchange risk as a result of their investments in other unit trusts which in turn invest in financial instruments that are denominated in foreign currencies.

A sensitivity analysis is provided in the following table, outlining the exposure to each type of market risk at the end of each reporting period, showing how profit or loss and equity would have been affected by the changes in the relevant risk variable that was reasonably possible at that date. All instruments are financial assets and classified as measured at fair value through the profit or loss; resulting in no impact on equity.

---

**7. Measurement and Risk (continued)**

**Liquidity risk**

The Public Trustee has working capital policies in place in order to maintain liquidity for customers. Short-term investment analysis assists in determining the amount, if any, to be invested or reinvested in order to maintain working capital.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, and the ability to close out market positions. The Public Trustee manages the liquidity risk by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities.

**Categorisation of financial instruments**

Details of the significant accounting policies and methods adopted including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised with respect to each class of financial asset, financial liability and equity instrument are disclosed in the respective financial asset / financial liability note.

**Classification of financial instruments**

On initial recognition, a financial asset / liability is classified as measured at amortised cost or at fair value through profit or loss as described in note 7.1.

**The Public Trustee**

**STATEMENT OF TRUSTS BEING ADMINISTERED**

**Notes to and forming part of the Statement of Trusts being Administered**

*for the year ended 30 June 2026*

---

**1. Basis of Preparation**

**a) About Statement of Trusts Being Administered**

The Statement of Trusts Being Administered (the Statement) and related notes are special purpose financial statements that provide information on the value and nature of trusts being administered. The Statement consolidates all trusts being administered by the Public Trustee, accordingly, no accounting standards and other mandatory reporting requirements are applied in the presentation of this Statement.

The Public Trustee has prepared the Statement, where appropriate, based on the general principles outlined in Australian Accounting Standards.

The Statement has been prepared using the accrual basis of accounting.

**b) Basis of valuation of Common Fund assets and liabilities**

Investments in Common Funds relating to Australian equities, international equities, Property securities and International fixed interest investments, are reported at market value to comply with current accounting standards.

Australian Fixed Interest Investments: Are valued at market value based on independently obtained market yields applying at balance date.

Advances to Estates: Are carried at their nominal amounts. The Public Trustee is authorised by the Public Trustee Act 1995 to advance monies where an estate has insufficient monies to make payments as authorised or required to administer the estate, usually on a short-term basis. Funds advanced are a first charge on the estate's property vested under the control of Public Trustee. The interest rate applicable on advances at 30 June 2026 was 4.85% (2025: 4.35%).

Cash and Cash Equivalents: Are carried at nominal amounts, translated at prevailing exchange rates where applicable. This asset consists of cash at bank and on hand, as well as other short term, highly liquid investments with original maturities of three months or less.

Other assets: Includes amounts for dividends and interest. Dividends are accrued when the right to receive payment is established. Interest is accrued at the end of each reporting period from the time of last payment using the effective interest rate method.

Trust Distribution Receivable: Are accrued when the right to receive payment is established.

Other liabilities: Are accrued expenses owing by the Funds which are unpaid as at balance date.

Income Distribution Payable: Is payable to unitholders as at the end of the reporting period and recognised separately on the Statement of Trusts as unitholders are presently entitled to the distributable income as at 30 June 2026 under the Trust Deed.

**c) Basis of valuation for estate assets**

Real Estate: For deceased estates, real estate is initially valued as at date of death. In other matters, the initial valuation is at the date the Public Trustee is being appointed manager, administrator or new trustee. The Public Trustee revalue all South Australian real estate other than accommodation bonds annually. All other real estate is revalued to current value where these values can be ascertained. Such revaluations are determined by reference to valuations established by the South Australian Valuer-General, with a revaluation last being carried out as at 30 June 2026. Accommodation bonds are valued annually at cost less retention amount until the retention terms have expired.

*for the year ended 30 June 2026*

---

**1. Basis of Preparation (continued)**

Superannuation: Customer monies were invested within an approved superannuation provider and were valued at fair value.

Personal Chattels: For deceased estates valuation is at date of death. In other matters, valuation is at the date of the Public Trustee being appointed manager, administrator or new trustee. In the case of some sundry minor assets, nominal values are used for valuation purposes.

Investment by Estates in Common Funds: Valuation of estate investment in Common Funds is based on the underlying fair value of Common Funds as at balance date.

Other Estate Investments: Investments other than equities are shown at their face value. Valuation is performed at the date of the Public Trustee being appointed manager, administrator or new trustee or at the date of death in the case of deceased estates. Equities are valued at net fair value as at balance date.

**2. Operation of the Common Funds**

Common Funds managed by the Public Trustee have been established pursuant to Section 29 of the *Public Trustee Act 1995* or its predecessor legislation. Financial Statements for each common fund operated by the Public Trustee are presented within the annual report of the Public Trustee.

Investment in common funds (with the exception of direct investment in the Cash Common Fund) are by way of notional unit holdings in the Common Funds. Contributors may invest in the Cash Common Fund or alternately invest in a selection of Common Funds in proportions determined by one or more of the following standard investment strategies provided by the Public Trustee:

- Capital Stable
- Growth
- Balanced
- High Growth <sup>1</sup>

<sup>1</sup> Effective from 1 January 2026, the Equities Standard Investment Strategy was renamed to High Growth. This change did not alter the underlying investment strategy or management fee structure.
